

It's a Shame the Way Some People Are Taken In

SPEAKING with a gentleman one day last week about clothes and the present day prices, he told us the following: **Always** used to paying a fair price for his suits (and by the way he has worn a lot of our make), in an off moment he was persuaded to try a store that was selling \$30.00 suits for \$20.00, **all wool worsted**. He discovered he was **stung** about a week later when he had the pants of the suit pressed. They simply **wouldn't** and can't be made to remain in shape because of the big percentage of cotton in them. We repeat that 'tis a shame the way people are taken in by misleading ads. In **this store, wool is wool and cotton is cotton**, and when it's **mixed** it's sold as such, and if we don't know what it is we tell you so, but we never leave you in doubt, it doesn't pay.

We have fine **Pure All Wool Worsted Suits** at \$30.00, \$35.00, \$38.00 and \$40.00, but not at \$20.00. We have good mixtures at \$20.00, \$18.00, \$16.50 and \$15.00.

Telling the **truth** about fabrics and standing behind our salesmen and our goods has kept us in business for forty years, and today it's the **strong firm** you look to in this great struggle we are going through to protect your interest as we do our own.

BOARD OF CONTROL HOLDS TO POLICY

Will Keep Down Capital Expenditures in Public Works Department.

PARKING PRIVILEGES

Matter of Handling Automobile Congestion Downtown Left With Police.

The board of control at a meeting yesterday morning followed the policy adopted several months ago of economizing in public works capital expenditures during war-time, by referring back the report of the works committee recommending proceeding with the filling of Sully crescent and the extension of Crawford street at a cost of \$47,672.

The controllers likewise struck out the street lights for Kennedy, Wilford and Western avenues.

Controller Foster objected to the proposed expenditure of \$16,000 on winter risks and slides. "That is a luxury," he declared. "Can we afford to spend this amount when people are starving?" The board, however, voted the money, Controller Foster dissenting.

Consideration was given the report of the department of public health on the school medical inspection service. The mayor intimated that there would be a deficit of \$35,000 at the end of the year. The report was sent on to the council, but the finance committee must report on the question of finding the funds. The city solicitor is also to report on the legality of the board of health's action in providing for increased expenditure without reference to the city council.

The board considered complaints regarding the parking of automobiles on downtown streets. Col. H. J. Gossett, chief of police, declared that sooner or later regulations would have to be introduced restricting the length of time that automobiles might be left on the downtown streets. The mayor suggested using the driveways in front of the city hall as parking reserves, but objection was taken to this by Parks Commissioner Chambers. The matter was finally left in the hands of the police.

The increases that firemen would have received under the old grading bylaw were stopped when the council earlier in the year granted an increase of \$150 to members of the fire department under the rank of captain. Controller Shaw made a motion at yesterday's meeting that the increase that the men would have received under the bylaw be allowed as well. The board will take up the matter with the chief on Tuesday.

No More Sidewalks. Recommendations by the works commissioner for concrete walks on Gerrard street and Eridale avenue were struck out, and the controllers ordered that no local improvement recommendations or petitions on the initiative principle should be sent on by the officials.

The board passed the request of the works committee to instruct the finance commissioner to provide \$7,000 to complete the Bloor street railway extension to Runnymede road.

The proposed sale of an acre of land at \$15,000 an acre in Ashbridge's Bay area to the Imperial Oil Company, has been left in abeyance, and meanwhile the board, in conjunction with the harbor commissioner, will consider a policy of setting aside for sale a portion of land measuring 189 acres at the north end of the area east of the Don River.

REFUGEES ARE GRATEFUL.

That the shower held by the Friends of France Club last June has been responsible for the shipment to French hospitals of more than a ton of needed supplies during the past three months is the gratifying news given out by Mrs. A. E. Wells, secretary of the club. These supplies have given comfort to thousands of refugees as well as to hundreds of wounded, and the refugees have been especially grateful since these gifts have proved their chief relief from the distress of destitution after leaving hospital.

THIRD AND FINAL INSTALMENT 1917 TAXES.

(1) Ratepayers are reminded that Friday, October 19th, will be the last day to make payment of the third and final instalment of 1917 taxes without penalty; after that date 5 per cent. will be added to all amounts unpaid, and later, in addition to the 5 per cent., interest will be charged at the rate of 6 per cent. per annum.

(2) By making payment now taxpayers avoid the rush on the last day, 19th of October, and the possibility of entirely overlooking payment.

(3) If payment is made by cheque, the cheque must be "marked" by the bank, have war stamp affixed, and be payable at par in Toronto, to order of the "City Treasurer."

(4) If payment is made in cash, the exact amount of change should be tendered; this will prevent delay.

(5) Receipts for taxes sent by mail will be forwarded as speedily as possible, if stamped and addressed "return envelope" accompanies remittance.

ARBITRATORS MEET MONDAY.

The arbitration board dealing with the grievances of the men of the street cleaning department will not meet again until next Monday at 10 o'clock.

HALIBURTON MAN IS VICTIM OF THIEVES

Plays Strangers at Matching Coppers in Queen's Park and Has Pockets Picked.

Claiming that he had been swindled out of about \$25 by two unknown men in a gambling game, and later held by one of the men while the other went thru his pockets and stole \$175, a farmer who runs a general store at Haliburton went to detective headquarters yesterday morning and told the police of how he had been induced to Queen's Park and robbed in broad daylight.

The visitor told the police that he came in to Toronto from the country to purchase some goods. After alighting from the train in the Union Station, he walked out onto Front street, and while admiring the new union station he was approached by a man who also claimed to be a stranger in the city. The farmer is a man about 60 years of age, and was so impressed with the conversation of the stranger that they decided to go for a walk and take in the sights. In the meantime the friendly "sightseer" signaled to a second man that everything was working according to their plans.

The farmer and his new friend proceeded to Queen's Park to look over the parliament buildings. They had hardly landed in the park when they were approached by a third man, and after being introduced, it was suggested that the three indulge in a game of matching coppers, odd man winning. After winning about five cents, the two men started to cooperate against the farmer, one getting a head and the other tossing the coin a tail, with the result that between the two of them they collected every time from their victim. This game evidently was not fast enough, and after learning that the Haliburton man had quite a sum of money on him, one of the men turned on him and held him while the other searched him.

The farmer gave chase down University avenue after the two thieves, but they darted onto the side streets, and their pursuer lost trace of them. A military policeman on duty in front of the armories, after hearing the old man's story, directed him to the detective department.

CAPT. MORROW WRITES.

Letter From France Tells of His Activities Among Soldiers.

Capt. J. D. Morrow, who left here as chaplain of the Sportsman's Battalion, writes from France that he has been doing a great deal of work in the hospitals, cheering the sick boys, writing letters for them, playing his mouth organ and singing to them. Everyone, he says, has a good word for our Canadian boys, for they have played the game well and have earned the good name of Canada unspotted. He said that in his opinion Canada could not do too much for these men.

There is another great army of workers who live in the hearts of the men," he writes. "The soldiers whose services have been like ministering angels in their dark Gethsemanes. These boys will never forget them for their lives of faithfulness and sacrifice, and no reward is too great for them here or hereafter."

TWO BROTHERS KILLED.

Mrs. F. Tester of 4 Seymour avenue received word that her nephew, Pte. Sidney Mills, has been killed in an attack over the lines in France. His brother, Pte. Charles Mills, was killed in action last August.
