## ACTRESS TELLS SECRET

A Well-known Actress Tells How She Darkened Her Gray Hair and Pro-moted Its Growth with a Sim-ple Home-Made Mixture.

Miss Blanche Rose, a well-known actress, who darkened her gray hair with a simple preparation which she mixed at home, in a recent interview at Chicago, Ill., made the following statement: "Any lady or gentleman can darken their gray hair and make it soft and glossy with this simple recipe, which they can mix at home. To a half pint of water add 1 oz. of bay rum, a small box of Orlex Com-pound, and 4 oz. of glycerine. These ngredients can be bought at any drug store at very little cost. Apply to the hair twice a week until it becomes the required shade. This will make a grayaired person look 20 years younger It is also fine to promote the growth of hair, relieves itching and scalp humors and is excellent for dandruff end falling hair."

# TERMINATION OF WAR

Great Armies Are Needed to Crush the Enemy, Declares Canadian Officer.

LETTER FROM TRENCHES

Col. McAvity Says Men at Front Dubious of Compatriots' Actions at Home.

The following letter, sent by a Canadian officer now in the Belgian trenches, points out most forcibly the need for men and ought to serve as ar incentive to those who are still uncertain as to the necessity for more

recruits: Headquarters, 26th Canadians. In the trenches, Belgium, Feb. 2 1916.

To Rev. Father John E. Burke, St. John, N. B., Canada: Dear Rev. Sir,—As the officer com-manding New Brunswick's only regiment at the front, permit me to con-gratulate you on your stand, while delivering your numerous patriotic speeches, in the interests of recruiting in New Brunswick. All of us at the front firing line were for a while duious of the actions of our compatriots at home, who for a long period did nothing, i. e., marked time, apparently fully satisfied, in their ignorance of the acutal necessities of this dreaful pe-

However, believe me, they will be more than welcome when they do get here. My battery has nobly done its duty, whenever called upon. New Brunswick's honor has been in safe keeping, but our numbers are constantly been reduced by death and wounds. Two bodies of efficient soldiers, killed yesterday, are being at this moment prepared for burial; this after only one night out, of our regular tour of duty, which lasts six days. I sincerely hope that this war may soon be brought to a successful termination, which can only occur when we outnumber the enemy, as they are at present entrenched, over an area of many thousands of miles, and are still nany thousands of miles, and are still carrying on, as they believe, as win-ners. Time will of course change this, but, believe me, the prisoners that I have seen to date are well fed, clothed and have plenty of spirit, so that the road is still a long way off.

# CREDIT'S BIG EXPANSION

Investigators Decided That This Factor Was the Predominant One.

By a Staff Reporter.
OTTAWA, Feb. 29.—"Undoubtedly
the predoinant factor in the increased cost of living has been the enormous expansion of credit," says a special re-port upon the causes of the increase of prices during the 15 years previous to the war, which was laid upon the table of the commons today by the prime minister. This is a digest of the cost of living commission's report.

The increase in the cost of living in that period, continues the report, has been about 50 per cent. The retail prices of articles which enter chiefly into domestic consumption have advanced 40 per cent., and rents have gone up from 60 to 70 per cent.

## ESTIMATES ARE PASSED BY BOARD OF EDUCATION

Expenditure for Schools This Year Over Three Million

NOBLE'S MOTION DEFEATED

Declares Outdoor Class Room Would Mean Saving of Million a Month in Health.

Toronto's total expenditure on schools for 1916 will be \$3,270.291, according to the estimates which were passed by the board of education at a special meeting held last night. This figure represents held last night. This figure represents a saving from last year of \$904,738. For buildings the amount is \$198,225, to which is added \$284,395 for technical school equipment. Last year the building expenditure was \$1,770,000, so that a decrease is shown of \$1,287,000. The maintenance charges total \$2,787,671, and is an increase of \$251,000. Without debate one way or the other, \$250,000 for the erection of a new central collegiate was struck out, and \$2500 for an outdoor class room at Winchester. \$250,000 for the erection of a new central collegiate was struck out, and \$2500 for an outdoor class room at Winchester street school met the same fate. The increases in teachers' salaries were allowed to go thru without strenuous opposition and a saving of \$2000 in the purchase of fuel is to be effected. For cadet purposes, \$6000 was provided and this figure is the same as last year.

Trustee Dr. Noble appealed strongly that the amount inserted for the Winchester street school outdoor class room and playshed be carried, but in vain. In his opinion, it was the most important motion he had ever tried to get thru.

Poor Attention to Trining.

It was a sorry fact that in Toronto 20,000 men had been rejected from enlisting thru physical unfitness and this, he believed, was because not enough attention to this part of training had been given in the past. "Those who say, 'No! No!' are but bunions on the toes of progress," he said.

Mean Great Saving.

"It would cut out a lot of this silly stuff. It would mean a saving of a million dollars a month in health. This isn't a fad, it's the proper training for a child," he said.

Trustee Dr. Hunter endorsed the statement, but on a tie vote the clause was struck out. It is Dr. Noble's intention to bring the matter up again at the regular meeting Thursday night.

Trustee C. A. B. Brown, in answer to a question, stated that a balance of \$20,000 had been carried forward from last year and thought this spoke well for the management.
