

CREW OF WIDLAR HAD A HARD TIME

Rescue Effected With Difficulty From Wreck on the Pancake Shoals.

So, Mich., Nov. 15.—After sixty-three hours aboard their storm-tossed vessel, the 7,000-ton steel freighter, Francis J. Widlar, Captain Arthur Forbes and the 27 members of the crew reached here late today on the rescue tug Iowa and C. E. Ainsworth, none the worse for their experience except for minor bruises and exposure.

Rescue of the crew was effected at noon today when a yawl from the Iowa braved heavy seas to make three trips to the Widlar, which lies in imminent danger of breaking up on Pancake Shoals, near Whitefish Point. The vessel, according to Captain Forbes, lies high aground, practically her entire length in about fifteen feet of water.

From the time the ship was driven upon the rocks Friday night until the crew were taken off, great waves pounded over her, at times washing completely over her deck house. A portion of the deck was hauled and the hatch covers were not ripped off by the seas were torn off by the crew for use in kindling signal fires. This allowed the boat to fill and subjected her to inside as well as outside pounding.

The crew, gathered in the forward cabin when the vessel grounded, suffered hardship from Friday night until late Saturday, when lack of food, the high seas preventing them going astern for supplies.

Alexander Stevens, of Ashabulin, Ohio, steward, ventured across the hauled deck Saturday, and after narrowly escaping being washed overboard, brought forward food which he cooked on an improvised stove in the forward cabin using bits of furniture for fuel. Stevens was the first of the crew to sight the rescue tug Iowa this morning.

Steamer Bradley Missing.

Houghton, Mich., Nov. 15.—The steamer Charles N. Bradley, on Lake Superior, is overdue, according to advice reaching local marine men. Anxiety is felt as to her fate. Of all steamers reported overdue since the storm on Friday, the Bradley is now the only one not accounted for.

100,000 FRANCS STOLEN BEFORE VESSEL SANK

Marseilles, France, Nov. 15.—When the steamer Afrique of the Chargeurs Reunis Line, sailed from the Bay of Biscay last January with freight loads of wool, it was incidentally mentioned that she carried 15,000,000 francs in new bills destined to the Banque Francaise. At least 100,000 francs in new bills, which the police have identified as belonging to the Afrique shipment, and which were supposed to be resting on the bottom of the sea, were, however, seized yesterday when Jules Carassy, an automobile dealer, was arrested in this city.

Carassy was about to board a train for Paris when police officers invited him to accompany them to the station. In a suitcase he carried were 700,000 francs in new bills, the numbers on which were consecutive and tallied with records of a shipment to the Dakar Bank on board the Afrique. It is asserted by the police that a case of 1,000,000 francs was stolen before the ship left her dock.

TRUTH TO COUNTRY BEFORE ELECTION

(Continued From Page 1).

It is particularly necessary to avoid overdoing it.

Mr. Meighan said the west did not enjoy the advantages of protection to the same direct degree as eastern Canada, and therefore, he said, it was necessary that the tariff should be kept at the lowest level which would maintain the industrial integrity of the Dominion.

The prime minister declared that even if the United States threw down all tariff bars he would not favor doing the same because, for one reason, there could be no assurance that their policy would not be altered after another election. "We can't," he said, "let them have a free trade policy, and then, when we have another election, they will be back to their old policy."

NEW DOUGHTY REPORT IS MERELY A CANARD

That there was no word of truth in a morning paper's story that a telegram had been received from Portland, Oregon, to the effect that John Doughty, the missing private secretary of Ambrose J. Small, had been seen in that city, was the statement made by Inspector of Detectives Guthrie last night.

"It is like scores of messages we get about this man," he declared. "Inspector Guthrie stated that the text of the telegram was: 'John Doughty been apprehended? If not, send description.'"

Mobs in Tokio Break Up

Salvation Army Meeting

Tokio, Nov. 15.—Anti-Christian mobs twice broke up Salvation Army jubilee celebrations here yesterday. Gangs of students dispersed an open air meeting, while a mob invaded an indoor meeting, tore down the decorations and silenced the speakers. Officials of the Salvation Army declare they believe the disturbances were fomented by Buddhists.

SILVER QUEEN LOST.

St. Johns, N.B., Nov. 15.—According to the minister of shipping, the loss of the steamer Silver Queen while en route from Bay Roberts, Nfld., to the Portuguese market with four thousand quintals of fish is reported.

ARRESTS IN TORONTO IN BURGLARY CASE

Three Men Taken in Custody—Will Face Robbery Charges in Toronto.

Hamilton, Nov. 15.—Three men are held by the Toronto police, and warrants have been issued for the arrest of two others in connection with the burglary on Sunday morning, Nov. 7, of Patrick's store on Dundas street. The burglar forced the front door and made off with \$500 worth of goods, mostly sweaters, coats and trousers. The names of the men held are known to the local police, who sent the information for their capture, but Detective Crocker, who has been engaged in the case, held them pending further developments. Detective Crocker stated tonight that 70 pairs of trousers brought to be from the Patrick store were found when the Toronto police arrested the men here. They will be brought here for trial.

Toronto detective headquarters announced last night that the men arrested were Thomas Goddard, Hyson avenue; William Gardner, McCaul street; and Benjamin Hobson, Dalhousie street. Detective Sergeants Leavitt, Mitchell and Charles Taylor were also present. Goddard is also charged with beating up his guard and making his escape from Burwash reformatory over a year ago.

OVER MILLION DOLLARS, FIRST DAY FOR MCGILL

Montreal, Nov. 15.—(Special)—"Get that gold, old McGill. Get it, get it, get it," the campaign yell, coupled with the McGill yell, which issued with energy from four hundred throats at the opening luncheon of the McGill campaign workers, held at the St. Lawrence Hall today, reflected the dominant spirit of the gathering. Sir Vincent Meredith was chairman and with him were Sir Arthur Currie, Professor Stephen Leacock and a great array of prominent citizens with a large crowd of workers who greeted the announcement of \$1,232,913 as the day's total, with tremendous and enthusiastic applause.

NEW SLIGHT DECLINE IN THE FOOD BUDGET

Ottawa, Ont., Nov. 15.—(Can Press)—A slight decline in the cost of the weekly family budget of staple foods is reported in the current issue of the Labor Gazette. The average cost for a family of five was \$15.82 at the middle of October as against \$15.95 in September, \$14.21 in October, 1919, and \$19.14 in October, 1918. The price movement continued downwards, substantial decreases occurring in grain, cattle, hogs, sheep and poultry. The prices of vegetables, cereals, sugar, cotton, some types of metals and lumber, linseed oil, turpentine, chemicals, raw rubber and laundry starch.

SOVIET DEMANDS A PROMPT ANSWER

London Labor Organ Prints Text of Note to British Government.

London, Nov. 15.—The latest note sent by M. Tschitcherine, the Russian Bolshevik foreign minister, to Earl Curzon of Kedleston, the British secretary for foreign affairs, concerning the negotiations for a resumption of trade relations between Great Britain and Russia is a lengthy document. The Daily Herald prints it this morning.

"Matters cannot longer be allowed to drag as they have dragged in the last ten months," says the letter in part, "and unless the British government is prepared to enter into negotiations for a complete trade agreement with the Soviet government, we regretfully have to admit that its protracted efforts, despite all its good will, have failed this time as completely as they did on previous occasions. We therefore ask the British government to give a straight and prompt answer as to whether it is prepared to accede to the suggestion for immediate negotiations."

Expressing the hope that a satisfactory reply will be given, the letter adds:

"The Soviet government expects the trade agreement will immediately be followed by negotiations for peace and a restoration of normal relations."

DALMATIA OPPOSED TO RAPPALLO TREATY

Rome, Nov. 15.—A despatch to The Idea Nazionale from Ancona says demonstrations throughout Dalmatia against the Rappallo agreement are continuing and growing more violent. All the troops are confined to barracks, and the despatch, but crowds stand under their windows imploring them not to leave the territory. To these pleas the soldiers are reported to be replying:

"We are with you and we will shed our blood for you."

The demonstrators have assumed a particularly violent character at Scardona, six miles northeast of Sebenico, and at Curzola.

Election Fights in Greece; People Fire on Troops

Athens, Nov. 15.—There have been a number of serious election fights in Athens and elsewhere. Soldiers were stationed at the homes of the opposition leaders all last night in order to protect them. Many persons fear that there will be further trouble.

ELECTRICIAN AFIRE.

Belleville, Ont., Nov. 15.—(Special)—Edward Hogle, an electrician of this city, was burned when his clothing caught fire from a flame off a wire he was handling. His hands, face and neck were terribly burned before the flames were extinguished. His eyesight may not be injured.

CROTHERS RECOVERING

St. Thomas, Ont., Nov. 15.—Hon. Thos. W. Crothers, M.P., who has been seriously ill at the residence of his brother-in-law, Dr. W. B. Burns, is recovering, and tonight is reported much improved.

MINISTER SCORES MODERN DANCES

Dr. Straton, New York, Before Huge Montreal Audience, Flays "Bunny-Hug."

Montreal, Nov. 15.—(By Canadian Press.)—Rev. Dr. John Straton, pastor of the Calvary Baptist Church, New York, addressed a huge audience at the St. James' Methodist Church here tonight in continuation of his campaign against the modern dance, which he began some time ago in New York. His visit here is the result of the threat of the Montreal dancing masters to sue him for \$10,000 unless he retracted the denunciation he then made, especially a regard to the two dances named after John and Charles Wesley.

Dr. Straton's view is that dancing, even prior dancing, is wrong and should not be compromised with by the church.

As the threat of a suit of action for \$10,000, he thought it humorous that anyone should suppose that any clergyman should be possessed of that amount.

Dr. Straton suggested there were better ways of earning a livelihood "in the tremendous times in which we live" than for grown men to "invest their strength in vain, to teach people to 'bunny-hug' and 'tear-pot' and 'cater like a cat.'"

WHY D'ANNUNZIO OPPOSES TREATY

Reasons for Objections Are Set Forth in a Lengthy Communique.

Fiume, Nov. 15.—The hostility of Gabriele D'Annunzio, insurgent Italian commander at Fiume, to the settlement of the Adriatic question reached its height today when he issued a lengthy communique, in which he set forth his reasons for his opposition to the proposed treaty. The communique was set forth at length in a communique, which read:

"The government of the Italian republic of Fiume is unable to recognize the right of the delegates who met at Rapallo to determine the conditions of the treaty without the admission of the regency at Fiume. The regency therefore decides that the findings of the Rapallo conference are unacceptable and illegal. The government of Fiume is inaugurated as so to make the annexation of Fiume to Italy a certainty."

"Second—The people of Fiume, in their capacity as the representatives of their vote of October, 1918, which declared their complete dedication to the Italian republic."

"Third—Fiume again confirms that it will not recognize any treaty which does not provide for the fulfillment of its legitimate wishes."

"Fourth—The confining of Italy can only be fixed as extending from the Julian Alps to Nevado and Bioria and to the sea at the promontory of Capo Ferro, which is the limit of the Venetian confines of the regency."

"Fifth—The confines should be determined by the geographical line."

"Sixth—The confines of Fiume can only be drawn by extending the line from the sea and the mountain range of the Julian Alps, which is the natural boundary of the Italian confines."

"Seventh—Contiguity between the sea, the Julian Alps and the Venetian confines of the ancient Austria, which is the natural boundary of the Italian confines."

"Eighth—The confines of Fiume can only be drawn by extending the line from the sea and the mountain range of the Julian Alps, which is the natural boundary of the Italian confines."

"Ninth—The confines of Fiume can only be drawn by extending the line from the sea and the mountain range of the Julian Alps, which is the natural boundary of the Italian confines."

"Tenth—The confines of Fiume can only be drawn by extending the line from the sea and the mountain range of the Julian Alps, which is the natural boundary of the Italian confines."

OUTLINES TERMS OF GERMAN CONSENT

Conditions Under Which She Will Enter Reparations Conferences.

London, Nov. 15.—Dr. Simons, the German foreign minister, who with Chancellor Fehrenbach is visiting the Rhine provinces, has outlined in a public speech at Dusseldorf the conditions under which Germany would be willing to enter the reparations conferences at Brussels and Geneva, says a despatch to the London Times from Dusseldorf. The conditions summarized are as follows:

First, the economic body of Germany not to be further weakened, especially by the taking away of upper Silesia; second, Germany to be no longer hindered in her economic activities in the world; third, the colossal cost of the occupation to be decreased; fourth, the German people to be allowed to work in their own land; fifth, the German people to be allowed to work in their own land; sixth, the German people to be allowed to work in their own land; seventh, the German people to be allowed to work in their own land; eighth, the German people to be allowed to work in their own land; ninth, the German people to be allowed to work in their own land; tenth, the German people to be allowed to work in their own land."

Hold Wheat Twenty Days, Advises U. S. Organizer

Fargo, N. D., Nov. 15.—If every farmer in the wheat belt would hold his wheat for 20 days the price would go to nearly three dollars a bushel and would remain high, says Slaught, national organizer for the Wheat Growers' Association of America, told grain growers here today.

Mr. Slaught is here at the head of a delegation of seven Oklahoma farmers to organize wheat growers of North Dakota.

D'Annunzio Expects to Retire To Monastery, Says His Friend

Paris, Nov. 15.—The Ecclesio yesterday published a photograph of San Eufemia Monastery, to which D'Annunzio's friend Achille Richiardi who arrived in Paris recently, says he believes D'Annunzio will retire.

DROPS DEAD ON FARM.

Belleville, Ont., Nov. 15.—(Special)—James E. Potter, aged 66 years, a farm laborer in the employ of W. Anderson of Ameliasburg township, dropped dead this morning while engaged in the act of milking. Heart trouble was the cause of death. Deceased was born in Hastings county and is survived by a widow and family.

HAMILTON

Hamilton, Nov. 15.—When the board of control meets tomorrow morning the members of the board of hospital governors will wait on the controllers asking that a bylaw be submitted to the people for the erection of a nurses' home on Euclid avenue, to cost \$300,000. The money will provide an extra 10 rooms.

The factories of Hamilton are dismissing their men, not on account of the shortage of work, but rather to reduce wages, is the opinion of A. D. David, Newlands, chairman of the works committee.

Traffic regulations will be considered by the safety committee of the chamber of commerce, it was learned today, and the committee will likely have some suggestions to make to Alderman F. F. Treisevan of the civic traffic committee.

Rev. Father Kirby of St. Patrick's parish was removed to St. Joseph's Hospital tonight. He will undergo an operation for appendicitis. His condition is not serious.

Death has claimed two ex-aldermen of Hamilton in the last three days, in the person of Wm. Bowers, an old operative who died today rather suddenly, and Robert Cruickshank, who died Saturday, as the result of injuries he sustained when he was struck by a T. H. & B. train on Saturday. Both men were very well known.

That his department would reach its objective of one million dollars in taxes, was the announcement tonight of Chester S. Walter, Dominion inspector of taxation.
