THE TRANSCRIPT CALLED
BY A SACKVILLE REFEREE.

Frenzy of Brer Hawke's Paper Over Friday Night's
Hockey Game Totally Unwarranted --- Mr.
Allen Was Undoubtedly Fair and Impartial ---
General Sporting News.

HOCKEY.

Allen Was Fair.

Moncton, Feb. 20.—Herb Wood, the well known hockey referee of Sackville, who was in the city today was asked his opinion in reference to the charges made through the columns of the Moncton Transcript, to the effect that Mr. C. B. Allen, who refereed the much talked of game between Moncton and the Mohawks at St. John Friday night, had been very unfair to the Moncton team. Mr. Wood said he witnessed two hours of the game and from what he saw he would say that the attack made upon referee Allen was unwarranted and uncalled for. So far as he could observe referee Allen did not discriminate in favor of either team. He thought, however, that there was more roughness allowed than was necessary, but both teams were mixing it up and it may have been difficult to guard against it. With the exception of allowing too much rough-play Mr. Wood considered that neither team could take exception to Mr. Allen's work. Mr. Wood expressed surprise that Capt. Delahunt of the Moncton team would use the strong language attributed to him about referee Allen, and said if he made use of such words that "he was the dirtiest referee he ever saw," he must have done so in the heat of excitement, as there was no good ground for the charge that Mr. Allen had used the Moncton team unfairly, at least, during the two hours he was present.

Mr. Wood was asked about the Mohawk's claim that they had scored a goal which the Moncton goal judge would not allow, but said he was not present when the dispute took place. The decision of the goal judge and the referee in the matter, however, he said, settled the question and the Mohawks had no grounds for a protest. Whether the Mohawks made a goal or not could only be determined by the decision of the goal judge, and in his opinion, the St. John team should have gone on with the game when called upon by referee Allen.

Ramblers 12, Abegweits 4.
The first game in defence of the Starr trophy, won by the Ramblers last season, was played at Amherst, last night, between the Abegweits

of Charlottetown, P. E. I., and the Ramblers. The result was, a win for the Ramblers, by a score of 12 to 4.

Self-Explanatory.

The following letter, regarding the recent disputed goal in the Moncton-Mohawk hockey match, has been received by the captain of the Mohawk Club. The writer is Manager of Hutchinson & Co., publishers and exporters, London (Eng.), and he is on this side on business. He wrote: St. John, N. B., Feb. 17, 1905. The Captain Mohawk Hockey Team. Dear Sir,—Allow me, as a disinterested party having just arrived in this country from England, to congratulate you upon your brilliant victory last evening. I cannot understand how any person could dispute the last goal. It was a clear cut through the centre of the net, and I only hope when you bring it before the hockey league that the judge, whoever he may be, will be expelled from sporting circles. I am a sportsman and like to see fair play, and admire your team for the sportsmanlike manner and the courtesy in which the game was concluded. Wishing your club every success, I am, dear sir, Yours faithfully, STANLEY PAUL. P. S.—I would like to add that two friends of mine, neither having an interest in either club, also are of the same opinion as myself. S. P.

The Trojans Coming.

Thursday and Friday of this week will witness the last games of the provincial league, this season. The Fredericton Trojans will play both nights, meeting the Neptunes Thursday and the Mohawks Friday. These will be the first games played by Fredericton in the city this season, and should be very interesting.

Ladies Play Fast Game.

There was an interesting game of hockey at the Queen's rink yesterday afternoon between 5 and 6 o'clock. The ladies' team which is to play at Fredericton tomorrow evening had opposed to them a septette of senior hockeyists, captained by Ken Townsend. The boys played with the right hand only, but they had no clench as the girls kept at the game in good style, and at half time the score

RECEIVED THIS MEDAL.

This medal was awarded to Minard's Liniment in London in 1884. The only liniment to receive a medal. It was awarded because of strength, parity, healing powers and superiority of the liniment over all others from throughout the world.

stood 1 to 0 in their favor. In the second half the boys scored two goals and the girls one, so the game resulted in a tie. The girls are taking a strong team and hope to win from the Fredericton septette just to show the boys how it can be done. The line up is as follows:—Goal, Miss Kitty Sears; point, Miss S. Brown; cover, Miss M. Sutherland; centre, Miss Daisy Sears; right wing, Miss Dora Brown; left wing, Miss Jean McDonald; rover, Miss Marion Macaulay. The ladies will return on the Boston train Thursday morning.

Woodstock Beats Maryville.
The Woodstock hockey team defeated the Maryville Victorias last night by a score of 4 to 3. The Woodstock team expect to play this week in the Maryville rink and will also play the U. N. B. team on the same trip.

Rothsley Won Twice.

There was a good crowd at the Queen's rink, last night, to witness the two games of hockey, which were played there. The first game was between the Rothsley College team, and the junior Sussex septette. The second game was the High school juniors vs Rothsley College juniors. The college boys were victorious in both games, and have much reason to be proud of their success. The Sussex team, is a strong aggregation of players, but the Rothsleys proved their superiority, by winning 6 goals to 4.

For the Sussex team, Coggon and McFarland shone and had the balance of the team played as they did the result might have been different. Carson, Learnmont, and McAvity, did good work for the Rothsley team, and it was mainly, through their efforts that the game ended as it did. In the first half, Rothsley scored 4 goals, and Sussex, in the second half, Rothsley poked in 2 more.

and Sussex secured 4. The game ending 6-4, in favor of Rothsley. The line-up of the teams was as follows:—
Rothsley Goal, Sussex, Jr.
Bernasconi..... Gambin
Shives..... Slipp
Learnmont..... Coggon
Centre.....
McAvity..... Erb
Fairweather..... Odell
McLean..... Wallace
Rover.....
Carson..... McFarland
Jr. High School Jr. Rothsley
Dick..... Binney
Brown..... McAvity
McAvity..... McKay
Centre.....
Peters..... Phillips
Left Wing
Simms..... Adams
Fisher..... Flood
Rover.....
McLean..... McAvity

In the second game, the college boys were the victors over the High School septette, by a score of 5 to 3.

SKATING.

The M. P. A. A. Races.

Entries will close tomorrow for the championship sports to be held in Queen's Rink on Monday evening next. K. J. Macrae, Walker's Building, is receiving the entries and they must be forwarded to the M. P. A. A. secretary not later than midnight tomorrow night. Those wishing to skate will have the opportunity of training daily at Queen's Rink.

CURLING.

Tee Shots.

The final game for the Jones Cup will be played at St. Andrew's rink next Thursday night, between Skips W. S. Barker and James U. Thomas. Napoleon says he is going to make it hot for the old war-horse Jamie. A great game is expected between the two rinks.

There will be a special meeting of the St. Andrew's club at 7.30 o'clock tonight in the rink. Four rinks of Thistle curlers, will leave tomorrow morning for Fredericton to play a match with the club at the capital. The skips chosen are A. W. Sharpe, J. Fred Shaw, J. S. Malcolin, and D. R. Willett.

THE RING.

Among the Boxers.

A good fight will absorb the attention of the fans this week. Young Corbett and Battling Nelson clash. In Lancaster, Pa., Friday last, the Dixie Kid of San Francisco pounded Joe Grim for six rounds. He drew blood in the first, sent Grim to the mat in the third and had his head swaying in the fourth. When the

gong sounded in the sixth the men had to be pulled apart. Sandy Ferguson and Jack Monroe are likely to be seen before many days in a bout in Chelsea, and the match should draw a big crowd, as everybody knows who the iceman is, and his friends and enemies will journey across the river to see what was coming to him. Portland Argus: Mike Kirk of Bangor is anxious to fight Eddie Harrington for the bantamweight championship of Maine. He has fought two draws with Patsy McKenna and also a 15-round draw with Kid Donahue of Portland. If Kirk faces Harrington in the ring he will realize there is something doing before the bout ends, for Harrington is a clever and willing fighter and can not only inflict punishment, but can also take a gruelling without making any fuss over it. If present plans materialize the boys will meet for 12 rounds at the Pastime club Wednesday night.

PHYSICIANS EVERYWHERE

Know the Value of Pyramid Pile Cure. Gratitude alone prompts me to testify to the efficacy of Pyramid Pile Cure. Last March I bought a dollar package at the drug store, which cured me of bleeding piles, and I was a sufferer from them for eight years; but I have not been troubled with them since, until last September, when I gave birth to a baby girl and after that I had a very severe case of protruding piles, which a trained nurse said was the worst case she ever saw and my doctor told me to get Pyramid Pile Cure again, which I did, and was completely cured in three days. I have not had piles of any kind since, and it is all owing to this wonderful remedy. My nurse took a box, which I was glad to be able to give her, for I know she will be able to help this suffering people whom I could never see or know. I know of many suffering people whom I could never see or know. I know of many suffering people whom I could never see or know.

This remedy, which is sold by druggists generally, is fifty cent and dollar packages, is in a suppository form, is applied directly to the parts affected, and performs its work quietly and painlessly. Its value is evidenced by the testimony given above and we urge all sufferers to buy a package now and give it a trial tonight. Accept no substitutes and remember that there is no remedy "just as good." A little book on the Cause and Cure of Piles is published by the Pyramid Drug Co., Marshall, Mich., and will be sent free to any address.

BOWLING.

Games Arranged.

The interest in bowling in the city seems to be increasing. Sam Richey has offered prizes, for the teams making the highest average, in a series of games. The games must be played on Richey's alleys, and already four teams have entered. The challenge issued by McBeath's team, has been accepted by King's team, and they have arranged to bowl Wednesday night, starting at 8 o'clock. The inquiry into the death of Ernest Janssen, who died from injuries received on the N. B. Southern Railway was begun at the city hall, west end, by Coroner Berryman last night. The following jury was empanelled: Foreman, Wm. H. Ledingham; Charles Merritt, Richard Lee, Harry Smith, Wm. Johnston, Thos. Brown and James Pockham. Fred R. Taylor appeared for the company and J. B. M. Baxter for Mrs. Janssen. The first witness was James McDonald, master mechanic. He described the incidents which occurred on the day of the accident, he being engineer on the train which was the cause of Janssen's death. The conductor had given him the signal to run through the cutting and two whistles were blown as a warning. The train went slowly for about 400 yards, whistles were blown again and the run was made at the cutting at the rate of about fifteen miles an hour. He heard nothing, nor did he see anything until he got through, though the accident had already occurred. Saw no man on the bank waving to go easy or to slacken up. The flying snow prevented him seeing anything. When he first struck the snow the men were about 150 yards ahead. Edward McPeake was in the cab with him. Mr. McPeake was only firing, he was not running the engine, nor did he call attention to any danger to the working men from the rate at which they were going. Witness thought all the men were out of the cutting. Corey Green, the conductor, did not actually say the cutting was clear, but it was understood that he was not to give the signal until the cutting was clear of men. The train was going about 8 or 10 miles an hour when signalled to stop. The train consisted of engine and passenger car, with a Miller fanger on the pilot, of the engine. It ran about 76 yards from the cutting before he could stop. To Mr. Baxter—Stopped the engine in the quickest possible manner. There were no air brakes on the engine, and had to shut off steam and reverse. The men would get clear by getting upon the banks. Sometimes the men would linger on the tracks until the last moment. The cutting was on a curve. The engine was in good repair. T. Corey Green, conductor on the railway, said he boarded the train about 8.30 at the Bay Shore. The first set of whistles was a warning to the men that the train was to start for a run through the snow drift, and it was understood the men were to get off the track when they heard those whistles. Witness stood on platform to see if any signals were given by the men on the banks. After the second warning the train was going about 12 or 16 miles per hour, but slowed up through the cut and came out at the rate of 9 or 10 miles an hour. Witness could not see when in the cut, as he was completely blinded by the snow. About one and three-quarter minutes elapsed between the second whistle and the time Janssen was struck. Considered deceased had plenty of time to get out of the way. George Garratt was also examined. The hearing was adjourned until next Monday night at 7 o'clock in the same place. Nellie—What did you say when he proposed last evening? Bertha—How do you know he proposed? Nellie—You were so glad to see me, you know. You felt so good you wanted me to feel bad. His bill read: "To Johnny Smith, Dr. For me here—guaranteed 25 cents. Note: She'll play with me all day. And will come in the case if they pr."
