few minutes but none received a great deal of attention. Industrial alcohol was the least inactive, gaining $\frac{3}{4}$ to 17 $\frac{1}{2}$. Next to Alcohol came Bromption, off $\frac{1}{4}$ to 23 $\frac{1}{2}$. The strong spots were Kaministiquia Power and Winnipeg Ralls, up $\frac{1}{2}$ and $\frac{1}{4}$ to 140 and 40 $\frac{1}{2}$ respectively. Other changes were: Brazilian down $\frac{1}{4}$ at 77 $\frac{1}{2}$; Canada Steamships pld. up $\frac{1}{4}$ to 83 $\frac{1}{2}$; Spanish River, up $\frac{1}{4}$ to 100 $\frac{1}{2}$; Belgo Paper pld. down $\frac{1}{4}$ at 97 $\frac{1}{2}$; Dominion Bridge and Canada Cement sold unchanged at 97 and 100.

IN WALL STREET
NEW YORK, Nov. 16.—Initial price changes in the stock market today, were narrow and conflicting. Trading generally presented the same characteristics which prevailed at the close of last week, with buying support appearing for the rail shares, while profit taking proceeded in the high priced motors, and special dividend stocks. Steel, American Can, Dupont, General Motors and Hudson, opened slightly lower.

Morning Stock Letter
NEW YORK, Nov. 16.—Sharp bear attacks in the hopes of starting a selling move such as last Tuesday's should be fairly common at this stage of the market. Steel happened to be the target Saturday and while it went down very quickly, it recovered a large part of its loss just as quickly. Steel common stock looks higher. Ralls were not affected by the selling. We are still bullish on AGR, Pld., Amn. Ice, Macy, Siles and Ind. Mac.

LIVINGSTON & CO.

Brokers' Opinions
NEW YORK, Nov. 16.—Clark Childs: "On stocks should continue a feature in many of railroads there is confident buying."

Black Maloney: "The short interest is pretty well eliminated and the upswing will not go much higher. Would not say further strength to cash in profits, but will doubtless see more 'back'."

Hornblower: "Decisive entrance of oil and rail averages into new ground on this movement removes skepticism to the genuineness of their recent upward tendency. Coppers are still popular. Steel and equipments should be bought here for a turn."

SICK OF CITY SAYS PRISONER IN COURT

Complains Police Always Picking Him up on Drunkenness Charge

A man charged with drunkenness failed to appear this morning in the police court and forfeited a deposit of \$8. Another arrested on a similar charge pleaded not guilty. He said that it was only weakness not intoxication. The magistrate remarked, after the policeman had told of arresting the man, that he had only permitted him to leave jail for drunkenness on his promise to see Rev. J. V. Young who had secured work for him. The magistrate pointed out that he had failed to go to the clergyman. The accused declared that he was always being picked up for drunkenness and he was sick of the city. He was remanded to jail.

QUEBEC LUMBER CUT TO BE RECORD

Estimates Place it at One Third More Than Ten-year Average

Canadian Press.
QUEBEC, Nov. 16.—Advance estimates of the 1925-26 cut of timber in the Province of Quebec have been placed at the record figures of 1,600,000,000 feet by officials of the Department of Lands and Forests here.

Reports received here show that already there are 8,500 lumber camps operated throughout the province, with the Lake St. John and Chicoutimi districts the centre of greatest activity.

The figures given are interpreted as meaning that there is an increase of one-third over the average cut in the last 10 years, and some 250,000,000 feet more than what was estimated to be the average for the 1900-03 period.

OUTLOOK FOR DRY DOCK GOOD

Increased Business for Coming Winter Season, Says Manager Wilson

Speaks of Work at East Saint John, on Return From Montreal

A considerably increased amount of business for the coming winter is expected by the Saint John Drydock and Shipbuilding Co., Ltd., the company having assurance already of more than has been done in one season yet, Frank G. Wilson, the manager, said last night when interviewed after his return from Montreal.

In addition, the company hopes to complete the steel ferry being built for the Minas Basin route by the early part of December. The work is well along and the installation of the engines will be started this week.

The contract for towing work at Quebec during the summer season terminated at the end of November, and with the Ocean King sold after having been raised where she was sunk this summer, the company will not continue the work.

TO BE HOME PORT.

Saint John will be the home port for the Canada-Cuba line, and it is expected that the dry dock will be called on to serve these ships when the need for repairs comes. The first ship of this line will sail from here for Havana on November 26, according to the latest word. Mr. Wilson was in Montreal in connection with this business.

The Saint John Dry Dock and Shipbuilding Company's large tug Ocean Eagle, in command of Captain Greenlaw, arrived in port last night from Quebec and will remain here during the winter months.

HELP WASH OUT KIDNEY POISON

If Your Back Hurts or Bladder Bothers You, Begin Taking Salts

When your kidneys hurt and your back feels sore don't get scared and proceed to lead your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salt which helps to remove the body's urinous waste and stimulates them to their normal activity.

The function of the kidneys is to filter the blood. In 24 hours they strain from it 900 gallons of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of good water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help clean and stimulate clogged kidneys; also to neutralize the acids in the system so they are no longer a source of irritation, thus often relieving bladder weakness.

Jad Salts is inexpensive; can not injure; makes a delightful effervescent lithia-water drink, which everyone should take now and then to help keep their kidneys clean and active. Try this; also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache. Ask your druggist for Jad Salts today.

CHINESE MUTINY; FIRE ON RUSSIANS

Leader of White Brigade Believed Killed in Shantung Army Outbreak

Canadian Press.
TSINGTAO, China, Nov. 16.—Marshal Chang Tso Lin's fifth Shantung division, becoming mutinous, yesterday fired from the rear on the Russian white brigade, attached to Chang's forces. It is reported that the majority of the Russians were killed.

The Russians were endeavoring to stem the advance of Marshal Wu Pei Fu's alliance forces when fired on. The wounded lay without medical aid until foreign doctors from Tsinanfu daringly entered the fighting area and brought them out.

MAY DESERT TO WU.

Most of the Fengtien Manchurian troops in Shantung, are natives of Shantung, and disinterested observers say it would not be surprising if the majority went over to Wu, as the whole population is said strongly to favor the alliance.

The Russian brigade fired on by the mutineers numbered 8,000 and included an armored car party, all the members of which are said to have been killed.

Baldwin, Briand and Honoreaux Send Felicitations to Dandurand

Canadian Press.
MONTREAL, Nov. 16.—Cabled messages of felicitation from the Right Hon. Stanley Baldwin, Prime Minister of Great Britain, Aristide Briand, the French Foreign Minister, and from Gabriel Hanoteaux, President-General of the Organisation France-America, were read on Saturday night when the local committee of that body tendered a banquet in honor of Senator Hon. Raoul Dandurand, government leader, may then act fine.
