ST. LOUIS AT THE TOP AGAIN

Browns Win While Yankees Lose to White Sox

Williams Gets His 25th Home Run—Prominent Players and Some New Ones Figure in Deals Between New York and Boston Owners.

New York, July 31.—The pennant chasing St. Louis Browns, without the services of George Sisler and Hank Greenwald, but with able hurling by Wright and Kenneth Williams' twenty-fifth homer, have moved into first place again. Their fellow citizens, the Cardinals, noted a game from Robinson's Dodgers and gained a length on the Giants, who dropped their second straight contest to the Pirates.

The upward movement of the Browns was due to the defeat of the Yankees by the White Sox, 8 to 6, as well as their own four to one victory over the Red Sox. Hoyt was ineffective in six innings against the Chicago Club, who found his delivery for twelve hits.

Cleveland, with Eddie Hulett in form and his team mates in a batting mood, won from Washington 11 to 3. Pittsburgh's home runs again proved the undoing of the Giants. Max Carey, who drove for the decisive two on Saturday, duplicated his feat, and Russell, another Saturday home runner, added another to his string. Besides, Morrison was in better pitching form than Douglas.

In Brooklyn, the Cardinals took advantage of a couple of infield bobbles by the Yankees to win from the Pirates 10 to 2. The victory cost Brooklyn its hold on fifth place, as the Pirates moved there.

Deaths in Players.—New York, July 31.—The baseball markets of Gotham and the Hub have closed a busy week.

First Harry Frasee of the Red Sox engaged in a game of barter with the owners of the Yankees, and besides the usual number of players exchanged, it was reported that Frasee got something "to boot." The Yankees got third baseman Joe Judge, considered as one of the best in the game. With him came Elmer Smith, heralded as a hitter of no mean ability, and a fielder of some accomplishment.

To the Red Sox went Wilson, a fast man, to be used as a third sacker; Mitchell, a young substitute shortstop, and Outfielder Elmer Smith, who was reported to be in the line of promotion. Then the National League tradesmen of Boston and New York got busy and Hugh McQuillan a young pitcher, with great promise sent to the Memphis Club by the Braves a "substantial sum" said to be in six figures; Fred Toney, a veteran with a great record; Larry Benton, a young pitcher sent to the Memphis Club by the Giants, and Walter Houlahan, a left handed pitcher from Middlebury College, in Vermont.

In order to engineer the deal the Giants sent Cecil Cassey, a relief pitcher, to the Indianapolis Club of the American Association, and ordered Pat Shea, who was sent to Annapolis on a military assignment to report to the Memphis Club. McQuillan and Toney were to report to their new clubs today.

PLUCKY GIRL SAVES BROTHER

Windsor, Ont., July 31.—Ethel Gardner, a ten-year-old Windsor girl, saved the life of her four-year-old brother when he fell into the Detroit river last evening. The dock was deserted at the time, and the little girl, who is a fair swimmer, plunged into the water and held her brother for the third time when his sister grasped him. Treading water and holding his senseless form in her arms, the girl shouted for help and her cries were heard by two men, who plunged in in time to save both children.

Y. M. C. I. SCOUTS AWAY TO CAMP

Boy Scouts of the Y. M. C. I. troops left this morning for their camp on the Bishop's grounds at Torriburn on a bit of rising ground overlooking the Kennebec river, a beautiful site. They were in charge of Scoutmasters W. E. Stirling and F. X. Jennings and Assistant Scoutmasters Thomas Killen and Frank Kiley. Camp equipment such as bedding, tents, and supplies were taken out in motor trucks. On arrival work was begun immediately to get the camp into shape and by noon things were pretty well under way for a stay of two weeks. They have a fine baseball field, good swimming accommodations and excellent drinking water at the camp and the fact that James McAndrews is in charge of the camp greatly assures satisfaction in that direction.

Guy L. Short, district commissioner; V. C. Timberley, district secretary, and Edward Jenner of St. Jude's church tower, returned this morning after attending the district conference at Steviacks, N. S. W. E. Stirling returned on Saturday from this camp to which reference has been made previously in the Times.

Jury Discharged; John Paris to be Tried Fifth Time

Still Stood Ten to Two and Jurors Were Polled in Court—Some Suggestion of New Trial at Present Sitting but Final Decision for Next Month—Chief Justice McKeown Then to Preside.

The fourth trial of John Paris, mulatto, charged with the murder of twelve-year-old Sadie McAuley on August 4, 1921, came to a close this morning when the jury returned after more than forty-seven hours of deliberation to report that they had been unable to reach a verdict. This is the third time that a split jury vote has been reached in this case, but differs from the others in the numbers. Twice before Judge Barry Jones reported disagreements, both times with a count of seven for conviction and five for acquittal. This time the majority for conviction was five to two in favor of acquitting the prisoner. The count this morning was the same as when the jury were sent out at six o'clock on Saturday night.

This was the second trial before Judge Chandler. The former one resulted in a conviction and a sentence of hanging to be imposed on March 20, but an appeal led to a third trial and a split jury in that to a fourth, only to have the jury again disagree. When the decision of the jury that they could not reach a verdict was communicated to the court Hon. J. P. Byrne, the attorney-general, refused to move for the discharge of the prisoner and the third trial was proceeded with immediately. G. H. Vernon, K. C., of Truro, counsel for the defence, argued that the prisoner was not ready for another trial and that he was not in a fit physical condition, himself to appear immediately. The case was set over until September when Chief Justice H. A. McKeown will hold circuit court.

This is probably the longest murder case in the history of the country, extending from September of last year when the first jury disagreed to September of this year when the fifth trial will be commenced.

A new departure in the case this morning was the polling of the jury in the court room at the request of the attorney-general. Two men, James P. Quinn and Allan Agar, voted not guilty and the rest of the jury "guilty." The fact that the jury were out from 10:40 o'clock on Saturday morning, when the first jury came out on Saturday they were instructed by His Honor not to take into account evidence given at previous trials. They stood 10 to 2 from their first report to the court.

The crowd on Saturday was nearly 1,500 strong and Germain street was packed for a full block. The jury was forced to sleep on the floor of the jury room and bedding was provided for Saturday and Sunday nights.

This Morning's Proceedings.—The court convened at nine o'clock and the prisoner, in company with the attorney-general and His Honor Judge Chandler were all in their places at that hour.

At ten o'clock the constable in charge of the jury entered and asked the judge if he would send for the jury. His Honor replied that they might come in at any time they were ready. Upon the constable left the room and re-appeared almost immediately followed by the jurymen, who filed to their seats slowly. Several of them showed signs of the long hours spent away from their usual abode.

The judge asked if the jury had anything to say to the court and the foreman, A. W. Fraser, replied that they had been unable to reach a verdict and still stood ten to two for conviction and two for acquittal.

How Jurors Voted.—The attorney-general was asked by His Honor if he had anything to suggest and said that he would like to have the jury polled. This was granted and the names were called out by the clerk and responded to as follows: Clarence W. Colwell, "guilty." Walter S. Knowles, "guilty." G. S. Springer, "guilty." James P. Quinn, "not guilty." A. W. Fraser, "guilty." John S. Malcolm, "guilty." E. Allen Agar, "not guilty." J. E. Emery, "guilty." J. L. Heane, "guilty." Richard I. Carlous, "guilty." Harry Short, "guilty." Asked by His Honor if he had any suggestion, the attorney-general said that he could see no object in keeping the jury under the circumstances and thought that they might be discharged. His Honor said he had no objection to the discharge of the jury. The judge thanked the jurors for the time and attention they had given to the case. They were then discharged from further attendance upon the court, he said, and might leave immediately.

The attorney-general was asked by the court if he had anything to say relative to the matter. He said that His Honor, under the statutes, could place the evidence before another jury. At this point Judge Chandler broke in to ask him if he would move to discharge the prisoner, but Mr. Byrne replied that he did not believe the ends of justice would be met under the circumstances when the jury had been ten to two in favor of a conviction. His Honor then remained the prisoner to jail. There was no further business before the court, he said, but he did not propose to adjourn the sitting at this point.

LIPTON CHALLENGE WITH SHAMROCKS

May Ask for Change from Sloop to Schooner—Had Held Back to Give Any Other Who Wished a Chance—Late Sport News.

(Canadian Press.) New York, July 31.—It is reported that Sir Thomas Lipton is coming to the U. S. in September to challenge for the America's cup again. After his Shamrock IV was defeated in 1920 by the Resolute, Sir Thomas said he would wait until the fall of 1922, to give other yachtsmen an opportunity to challenge. Nobody has challenged, so Sir Thomas is coming over. It is reported that he may ask for a change in the craft from sloop to schooner, but regardless of what his challenge will be, the challenger will be called Shamrock V.

LOOKS BETTER IN STRIKE SITUATION

Chicago, July 31.—Strike leaders were arriving from all parts of the U. S. today for President Harding's plan for a settlement of the railway shopmen's strike and hopes were expressed that the men could be back at work before the end of the week.

LOOKS BETTER IN STRIKE SITUATION

The position of the striking shopmen was expressed by A. G. Tharnton, labor member of the U. S. railroad labor board, who declared: "If either the railroad executives' meeting in New York, Tuesday, or the shopmen's policy committee meeting in Chicago should reject Mr. Harding's peace proposal, the group that rejects it would face full responsibility for continuation of the rail strike and all that might result therefrom."

LOOKS BETTER IN STRIKE SITUATION

A member of the labor board asserted that the general outlines of a settlement had been agreed to last week at conferences between President Harding and Mr. Cuyler and B. M. Jewell, head of the striking shopmen.

LOOKS BETTER IN STRIKE SITUATION

In railway circles it was asserted that any settlement would insist on a return to work by the men under the reduced wages put into effect by the labor board on July 1, pending a re-hearing. The question of national or regional adjustment boards, it was said, might be put before congress, while the roads would yield on the main grievance at issue by agreeing to the abolishment of outside contracting for shop work. Disorders in the strike showed a marked falling off yesterday.

LOOKS BETTER IN STRIKE SITUATION

Three men exchanged fifty shots with states guardsmen at Denison, Texas, in the most serious outbreak reported. No one was injured.

LOOKS BETTER IN STRIKE SITUATION

Gempers Hopeful.—New York, July 31.—Samuel Gempers, president of the A. F. of L., declared yesterday that he viewed "with a great deal of pleasure" news that the mine and rail workers strikes are nearing "what would seem to be a mutually satisfactory settlement."

"From my knowledge," he added, "I am convinced that never in the history of organized labor and capital has there been such an effort on both sides to view things from a really human standpoint."

Winnipeg, July 31.—There is no foundation to a statement made by T. Y. Geeke, local secretary, here last week, that Canadian maintenance of way men were contemplating secession from the International Union in favor of Canadian autonomy, so W. Aspinall, general chairman of the U. M. W., stated here yesterday. Mr. Geeke's statement was also denied by E. F. Grable, international president, in Chicago last week.

BRITISH TROOPS OVER BOSPHORUS

Leave to Reinforce French West of Constantinople

Allied Military Staff Will not Permit a Greek Advance Upon the Turkish Capital, Nor Must Turks Violate Neutrality.

(Canadian Press Cable) Constantinople, July 31.—British troops today were being transferred across the Bosphorus from the Asiatic to the European side, crossing Constantinople on their way to the Tehtaltja line, thirty miles west of the city, to reinforce the French troops. This evidence of the strengthening of the old defence line caused the city to awaken from its usual Sunday torpor.

The Allied military staff has categorically announced that under no circumstances will it permit a Greek advance upon Constantinople, being prepared to oppose by force any attempt at violation of the neutrality of the city, whether by Turks or Greeks.

The French have been especially active in setting the defence line ready to meet all eventualities. Advice reaching their headquarters is to the effect that four full Greek divisions are now concentrated in Thrace, with the Greek general staff at Cheltek Keui, thirty miles west of the town of Tehtaltja.

Smyrna, July 31.—A special proclamation announcing the establishment of a regime of self government for the regions in Asia Minor occupied by the Greeks, the military demonstration in Thrace being looked upon as merely diversionary.

The proclamation states that the new regime is in accordance with the principles recognized by the Entente allies during world war and declares Greek protectorate over the special territory.
