## THE HIGH COST OF DENTISTRY

Is a Thing of the Past at the Maritime Dental Parlors

You can get good, safe, reliable work, best of materials and the services of expert dentists for one-half, and even less, than the ordinary charges.

A burglar in the '80s, captured in a dying condition, made a confession alleging his association in the kidnapping of Charlie Ross back in 1874, as related that Charlie Ross was dead. Some nameless and enterprising editor in search of an interesting feature proposed an interesting question. How large a ransom would be demanded of Mr. and Mrs. Waldorf Astor if their son Waldorf was kidnapped? Inspired by the possibility, the New York Journal opened its columns for debate, until articles, letters and interviews began appearing in the press throughout the country. Things became very unpleasant indeed for Mr. and Mrs. Astor.

Every day the postal department to which Mrs. Astor had once appealed presented him with stacks of letters, advising, threatening, demanding money and offering assistance. It seemed as though every crank in the country had taken a passionate interest in a possible kidnapping. From a possibility it began to verge on a reality, until several attempts were actually made to kidnap young Astor, and Mrs. Astor's health broke down under the strain. Finally William Waldorf Astor came to the conclusion that there was no safety for his children in America, and, alarmed on their account and by his wife's health, he transferred his home from the United States to England.

Not All Delight.

That was over forty years ago, and still wealth did not take all the thorns from the roses that fell on his path.
