GREAT THINGS SAID FOR CANADA AT BRILLIANT DINNER IN LONDON

Uneasy Days in Money Matters Passed; Brightness in The Outlook

Duke of Connaught in Inspiring Speech --Settlement of Difficulty With Montenegro is Expected--Wily Chinese Sets England Praying For His Country

(Times' Special Cable) London, April 26—The tone of last night's Canadian Club dinner was one of unbounded enthusiasm. From the Duke of Connaught downwards every speaker reflected the confidence for the new Canada. This feeling rightly corresponds to a growing confidence in the city. Early this year financial London was markedly uneasy over Canadian prospects. Wild-cat land schemes promoted here had shaken public confidence. Artificial inflation of some Canadian securities had reacted unfavorably, and there was every possibility of a sustained financial stringency. This stage has been completely passed. Canada seems more largely in London today than ever before. The difficulty with Montenegro is expected to be settled. The wily Chinese sets England praying for his country.

The Duke of Connaught, who presided at the dinner, said that the Canadian people were now in a position to meet the world on an equal footing. He said that the Canadian people were now in a position to meet the world on an equal footing. He said that the Canadian people were now in a position to meet the world on an equal footing.

Another Valuable Foal W. H. Musgrave is the owner of another valuable and richly bred youngster, his great brood mare Karava by Kromlin, having on Wednesday given birth to a filly by name, 218 1/4, by Biggars, son of Biggan. This filly is thus a full sister to Barings Comet, 228 1/4, the champion two-year-old of the Maritime Provinces of 1912, and a half sister to his Achille of Great, 223 3/4, at three years, 220 1/2 at four years.

A Milltown Thirst Calais, April 26—Deputy Sheriff Silas Kelsey seized ten barrels of American beer at the Milltown depot of the Maine Central on Thursday afternoon. The beer was shipped to a man in Milltown, N. B., and was being carried to a stable in Milltown, Calais, for storage when it was captured by the alert deputy. The question of the right to hold the beer in transit to a foreign country will doubtless give the attorneys something to work on when the matter of disposing of the stuff comes up for decision.

Was Discoverer of Fish Glue Gloucester, Mass., April 26—Benjamin Robinson, discoverer of fish glue, died yesterday, aged eighty-four.

BRICK HOMES \$12 A MONTH: WHY NOT HERE?

It has been said that cottages could not be built at St. John so fast as ten or twelve dollars a month. The two cottages in the middle of this picture were built to rent at that figure, and it will be observed that they are constructed of brick. Each of them contains six rooms. The picture is of a street in Brantford, Ontario, where practically all the working people live in separate cottages. They never see the habit of living in flats. On Monday the Times will show some Brantford cottages of a better class which rent at \$12.50 a month.

Foreign newspapers have published editorials upon it, and Secretary Bryan himself issued a statement. St. Boniface, Man., April 26—His Grace Archbishop Langevin has issued in French and English the following announcement on the entrance of Hon. Joseph Bernier into the Manitoba cabinet: "The nomination of a Catholic as a member of the Roblin cabinet is an act of justice to the Catholics of the province of Manitoba, who have a right to be represented in the cabinet as well as other groups less numerous who have many representatives, and this is the reason why I considered it his duty to oppose the nomination of Hon. Mr. Bernier, who alone assumes responsibility for it."

LONDON PAPER MAKES CRITICAL COMMENT ON SCOTT FUND DELAY

London, April 26—Although the Scott fund for the dependents of Captain Scott and his heroic companions had passed \$250,000 early in March, Mrs. Evans, the widow of Seaman Evans and her three children have been living for the last three months on \$324 a week, according to the Daily Express. Beyond this position, awarded by the admiralty and a few pounds from the Daily Telegraph fund, she has received nothing. The Daily Express, which criticizes the delay in distribution of the funds, has interviewed Sir William Soulsby, secretary to the local mayor, who started the national fund. He said: "We are waiting for the government to move in regard to provision for the relatives of the South Pole victims. Until then we cannot decide how to distribute our Scott fund." He added that if Mrs. Evans had only applied for help, he would willingly have given aid.

EGGS AT LOW WATER MARK

The supply of country produce on hand in the market this morning was none too plentiful. Lamb was in very good supply and the demand was proved, but beef and other meats were quite scarce. Prices ranged about the same. Eggs were bought today at what is probably the cheapest price for quite a while as some dealers purchased as low as fifteen cents a dozen. They ranged from 15 to 17 cents. Potatoes were again as low as \$1.25 and \$1.35 a barrel today.

SEES DIFFICULTY IN MATTER OF ADMIRALTY GUNS ON STEAMERS

London Times Raises the Question of Position of the White Star Company

London, April 26—In view of the movement to equip British liners with guns supplied by the admiralty for the purpose of defence in war time, the Times discusses the position of the White Star Company which, registered in this country, is controlled by the International Mercantile Marine Co. of America. The Times says: "In this question of armament, there is no room for a twin nationality. If the White Star line is thoroughly British, then it should be one of the first lines to be approached by the admiralty with an offer of guns. If the line is not thoroughly British and, frankly, on the facts known, it is impossible to see how it can be so regarded, then how can the admiralty lend the guns?"
