LOSSES WERE IN GREATER NUMBER

Price List in Wall Street Marked by Considerable Irregularity.

New York, March 25.—Considerable irregularity developed in stock prices at the opening of today's market, with losses predominating in a list of small fractional changes. Motor shares generally continued under selling pressure, although Studebaker advanced fractionally. A number of the oils also lost ground.

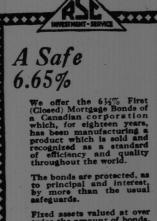

Studebaker ... Studebaker ... Steel Foundrie Stan Oil Ind Stan Oil N J Stan Oil Cal Texas Compar Tobacco B ... Union Pacific US Steel ... Utah Copper Variadium Steel Variadium Steel Westinghouse Wool

New York, March 25.—Omission of the extra dividend on American Can brought a flood of selling orders into that stock and other speculative industrials, giving the entire market a decidedly reactionary tone. Nearly 100,000 shares of American Can changed hands before noon, the stock advancing about a point in short covering in the early trading and then breaking nearly time points below yesterday's close to 11034. Baldwin was hammered down 2½ points to 118½, a new 1924 level, and new bottom prices also were estimated by Texas Gulf Sulphur, American Sumatra Tobacco, common and preferred, and Stewart Warner, the net losses ranging from one to three points. Rails also turned heavy Lackawanna dropping 2%, and Union Pacific, Wabash Pfd. A. and Atlantic Coast Line about a point each. Call money opened at 3½ per cent.

WHITE STAR DOMINION LINE

For unsightly skin eruptions, rash or blotches on face, neck, arms or body, you do not have to wait for relief from torture or embarrassment, declares a noted skin specialist. Apply a little Mentho - Sulphur and improvement shows next day.

Because of its germ destroying properties, nothing has ever been found to take the place of this sulphur preparation. The moment you apply it healing begins. Only those who have had unsightly skin troubles can know the delight this Mentho-Sulphur brings. Even fiery, itching eczema is dried right up.

up.

Get a small jar of Rowles Mentho-Sulphur from any good druggist and use it like cold cream.

IS FINE GIFT FOR THE UNIVERSITY

Montreal, March 25.

VISITED HOSPITAL.

The patients in the St. John County Hospital had the pleasure of a visit from "Miss St. John" on Saturday afternoon. She was accompanied by Miss Elleen McCormack. They visited all the wards and the other departments of the finely equipped institution. The nursery ward, with its 40 little patients, was a special appeal to the visitors. Patients and staff all were pleased to welcome "Miss St. John" and to extend an invitation to call again.

Commissioner Frink said this morning that he made a survey of the city yesterday afternoon and inspected streets to see what work would be required. He said that a new sidewalk would be placed on the north side of Hazen street, and there would have to be considerable work done on the Dorchester street extension.

THINKS OURS IS "SOME DOCK."

Open High Low dock in Boston but it isn't in the same street with this one," was the comment made yesterday afternoon by Joe Toyc, foreign correspondent of the Boston Herald and Traveler, who arrived in St. John on Saturday night from Liverpool after a trip to Europe and Aferpool after a trip to Europe and Africa in the interests of his papers. Mr. Toye was filled with admiration for the

immensity of the new dry dock at East the St. John Dry Dock & Shipbuilding of a journey of two months' duration St. John and he readily confessed this Co., Ltd Mr. Toye reft last evening for that had carried him many thousands admiration to F. M. Ross, manager of his home in Boston on the final stage of miles.

75% of disease avoided through internal cleanliness

WHY run the risk of sickness? Keep clean internally. When you are constipated, poisons form in the accumulated food waste. These poisons, absorbed by the blood, attack all parts of the body. The first results, headache, biliousness, a feeling of "heaviness," etc., serve as warnings of a graver danger. If this internal poisoning continues unchecked, you become the

victim of some serious organic disease. This is why intestinal specialists state that constipation is the primary cause of three-quarters of all illness, including the gravest dis-

eases of life. Laxatives Aggravate Constipation Laxatives and cathartics do not overcome constipation, says a noted authority, but by their continued use tend only to aggravate the condition and often lead to permanent injury.

Why Physicians Favor Lubrication

Medical science, through knowledge of the intestinal tract gained by X-ray observation, has found at last in lubrication a means of overcoming constipation. The gentle lubricant, Nujol, penetrates and softens the hard food waste and thus hastens its passage through and out of the body. Thus Nujol brings internal cleanliness.

Not a Medicine

Nujol is used in leading hospitals and is prescribed by physicians throughout the world. Nujol is not a medicine or laxative and cannot gripe. Like pure water it is harmless.

Get rid of constipation and avoid disease by adopting the habit of internal cleanliness. Take Nujol as regularly as you brush your teeth or wash your face. For sale by all druggists.
