

Rheumatism For 25 Years

Was Attended by Several Doctors in Nova Scotia and in New York by Celebrated Specialist— Astonished to Find Himself Totally Cured by Home Treatment.

Killarilly, N. S., March 2.—This letter from Mr. Cameron should make every reader of this paper think. If you happen to be a sufferer from rheumatism Mr. Cameron's experience may prove of incalculable value to you. He spent money liberally in a vain effort to obtain cure, and finally found the effective treatment at a cost of \$2.00 for eight boxes of Dr. Chase's Kidney-Liver Pills. This treatment set the liver and kidneys right and swept from the system the poison which caused pains and aches and all the suffering from rheumatism. Write to Mr. Cameron and verify the statements contained in his letter.

Mr. Neil A. Cameron, Killarilly, N. S., writes: "I am glad to recommend Dr. Chase's Kidney-Liver Pills to anyone who is suffering from rheumatism. For about twenty-five years I was bothered more or less with this affliction. I was treated by doctors all over Nova Scotia, and when on business in New York had an opportunity to consult one of the greatest specialists there; but I never gained more than temporary relief. In an effort to get rid of the accumulating development of the disease I was, to my astonishment, totally cured. I therefore heartily recommended these Pills to all who suffer from rheumatism, and anyone who doubts this testimonial may write me as proof to the contrary."

Rev. James A. Collins, P. P., says: "This is to certify that I am personally acquainted with Mr. Neil A. Cameron, and believe his statement is true, and to my personal knowledge correct."

DON'T DIET YOURSELF

TO CURE DYSPEPSIA IT ISN'T NECESSARY

The sufferer from dyspepsia and indigestion who has to pick and choose his food, is the most miserable of all mankind.

Even the little he does eat causes such torture, and is digested so imperfectly that it does him little good.

What dyspepsia needs is not dieting, or artificial digestants, but something that will put their stomach right so it will manufacture its own digestive ferments.

For forty years now Burdock Blood Bitters has been making weak stomachs strong, and curing severe cases of dyspepsia and indigestion that other remedies were powerless to reach.

It restores the stomach to a normal healthy condition so that the food no longer causes distress, but is thoroughly digested and assimilated, and goes on its way making rich, red blood.

Mrs. Henry Shaw, Campbellton (N. B.), writes: "I was for five years troubled with a weak stomach, and could not eat any food that would agree with me. I tried different medicines, but could not get cured. A friend advised me to take Burdock Blood Bitters. I took four bottles, and now I am in perfect health."

SUNDAY BASEBALL BILL REPORTED OUT

Little Hope is Seen, However, For Its Passage Through the Legislature

Albany, Mar. 19.—For the first time in history of legislative fights to legalize Sunday baseball women from New York City appeared in force here today to urge passage of the Lawson-Kiernan bill, which would permit amateur or professional baseball after 2 p. m. on Sunday. At the conclusion of a lengthy hearing, attended by people from all over the state, Senator Charles D. Newton, chairman of the codes committee, announced the bill would be reported out. It is believed, however, that the measure has little chance of survival on the floor of either house.

THE MONSTER GUN.

The gun which has been bombarding Paris has been located in the forest of St. Gobain, west of Laon, seventy-six miles from the Paris city hall and a distance of about twelve miles in the rear of the German lines. The bombardment continued on Sunday from seven o'clock in the morning until three o'clock in the afternoon, the shells falling at intervals of twenty minutes. The shells are nine or ten inches in diameter, but it has been impossible to learn their nature and there are various conjectures regarding the possibility of their being aerial torpedoes or shells within shells. One report says that the gun is of Austrian make. The excuse for the bombardment is said to be the hope of its effect upon the mind of the people in producing the impression that the enemy was near enough to the city for an ordinary bombardment.

KULTUR SYNONYM FOR BRUTALITY

Amundsen Urges Scandinavians to Rally to Colors in United States

New York, Mar. 23.—Ronald Amundsen, discoverer of the South Pole, says he will be ready to start on his journey to the North Pole in July and is anxious to return to his home in Kristiania, Norway, where he has gathered supplies for a seven years' trip, and where the vessel which is carrying him and his party to the far north is being built.

The vessel is an auxiliary steamship 120 feet in length, has a forty-foot beam and a draft of twelve feet. She is shaped like an egg. Captain Amundsen said so that she may be lifted by the ice pressure and carried along the northerly drifting currents towards the Pole.

A call to Scandinavians, particularly to the men of Norway, to rally around the flag of the United States was made today by Captain Amundsen, who spoke at a patriotic mass meeting in his honor.

Amundsen told the Scandinavians that the murder by Germany of Norwegian sailors was a contemptible and tragic disregard of Norway's neutrality, and that they could best avenge it by employing their skill and knowledge of shipbuilding in the construction of ships for this country. The first thing to be done, he said, was to overcome the submarine enterprise of the Germans, which could only be accomplished by building.

"We do not want this German Kultur in our countries," said Captain Amundsen. "If you have the word in your language, I would advise you to kill it out for German Kultur has come to be known the world over as a synonym for brutality. I call upon you to do your bit. You can build ships and you can sail ships. Let no dissension come among you Scandinavians. Show the proud blood that is in you, and do your part in winning the victory for mankind."

Senator Knute Nelson, of Minnesota, who was born in Norway, said that his heart had been in the war long before the United States entered it.

"Germany has been making bombs here," said Senator Nelson, "to blow up our ships. She has been burning our property right here at home, and lately has been trying to create a longshoreman's strike among you Scandinavians, people, who came here to enjoy the hospitality and freedom of this country. Vindicate the insults and avenge the murder of your fellow-countrymen, whom the Germans killed in lifeboats."

New York Suspects Will Be Deported—Love Affair One Activity

Washington, D. C., Mar. 23.—Investigation has convinced the Department of Justice that two women and two men claiming French citizenship, recently arrested on suspicion of connection with the German spy ring, can only be classed as undesirable citizens, rather than as spies. The conclusion they will be deported.

Suspicion that the quartette were a band of spies was exploded when government agents found that a love affair between one of the women and a French diplomat in Washington was the real basis of the activity of the four which had brought them under the observation of the Department of Justice. The full disclosure is withheld by the government, out of consideration for the
