**To the Independent Electors of the County of Charlotte.**

GENTLEMEN,—I intend to meet you on Monday the 19th inst. as a Candidate for your vote at the ensuing Election.

Your fathers found me at the plough, and sent me to represent them in the Legislature thirty-one years ago. I have since that time served in the Legislature, and have been a member of the House of Assembly for the last seven years, and have been a member of the House of Assembly for the last seven years, and have been a member of the House of Assembly for the last seven years.

I am anxious that a steady communication should be extended from St. John by the shore roads, and I have endeavored to assist in forwarding that great and necessary work, and should be successful in the hands of the late Administration, but that there have been some obstacles in the way, and I have endeavored to assist in forwarding that great and necessary work, and should be successful in the hands of the late Administration, but that there have been some obstacles in the way.

It will not be in my power to make personal calls, so I have had to do in my younger days, you all know, do you find the street, and I will furnish the plank, and I flatter myself that we can unite to strike a spark that will make our political and social standing, FRANK HIGHER and higher.

I have the honor to be, Your obedient servant, JAMES LOYD.

**To the Electors of the County of Charlotte.**

GENTLEMEN,—On the 20th June next, you will again be called upon to exercise your franchise in electing four Members to represent you in the General Assembly of this Province, and having been strongly solicited by a great number of Electors from the different sections of the County to offer myself as a Candidate, I feel bound to respond to the call, by placing my services at your disposal, as far as time will permit, I shall visit the different Parishes in person, and I cannot as some of the Candidates, quote what I have done, never having had the honor of being placed as one of your Representatives, but perhaps a little new material being infused among some of the electors, may have a salutary effect.

Should you do me the honor of electing me, I will endeavor to serve the country, faithfully, and unflinchingly, to the best of my ability; and I can only further add, that with particular attention to the BYE ROADS, I shall advocate prudent Railways, EXTENSION OF THE AGRICULTURAL, LUMBERING, AND FISHING INTERESTS, and such other measures, as I believe conducive to the best interests of the country, always keeping in view economy and retrenchment.

I have the honor to be, Gentlemen, Your obt. Servt. S. H. WHITLOCK.

**To the Electors of the County of Charlotte.**

GENTLEMEN,—At the coming Election I shall again be a Candidate for the representation of the County. My past conduct in the Legislature is before you. The Debates and Journals of the House of Assembly record the substance of what I said and did, my course being, if I may so say, to use my utmost endeavors to promote the prosperity of our common Country.

Your obt. Servant, JAMES W. CHANDLER.

## To the Electors of the County of Charlotte.

GENTLEMEN,—It is my intention to be a Candidate at the ensuing Election for this County.

The views and opinions expressed by me at the Meetings on former occasions remain unchanged.

The extension of the European and North American Railway from St. John to Saint Stephen, is a measure of such vast importance to the future prosperity and advancement of our County and the New Brunswick and Canada Railway and Land Company, and is in my mind so calculated materially to benefit the general revenue of the Province, that it calls for the best and most strenuous exertions on the part of the electors, to select representatives who will support and advocate this and every other measure calculated to benefit the Province and this County, regarding not MEN but measures.

Should I be honored by being elected, I will use my best exertions to secure the early completion of this great work, and to discharge my duties as one of your representatives, fearlessly and faithfully.

I have the honor to be, Gentlemen, Your obt. Servt. G. J. THOMSON.

St. Andrews, May 13th, 1861.

**To the Electors of the County of Charlotte.**

GENTLEMEN,—I am requested by many respectable and influential persons in the several Parishes of the County to offer myself as a Candidate at the approaching Election. Encouraged and influenced by these requisitions, I now offer myself for your suffrages, and in doing so, I owe it to you Gentlemen, and to myself, briefly to state the principles by which I shall be governed, in the event of your selecting me as one of your Representatives.

I shall endeavor to bring the management of the Crown Land Department under such control, as will in future prevent reckless speculation in the public domain. Our present School Law imperatively requires reformation; I shall therefore consider it my duty to have it so reformed that the amount now contributed by the inhabitants for the support of schools, together with the Provincial grants, shall be most beneficially appropriated.

To the Great and Bye Roads, the Agricultural, Lumbering, and Fishing interests of our Province, I shall pay the strictest attention.

If then, gentlemen, you select me as one of your Representatives, I shall endeavor to be faithful in my power to the furtherance of the prosperity of the Province in general and of this County in particular.

I am, Gentlemen, Your humble servant, B. R. FITZGERALD.

St. Andrews, May 1, 1861.

**To the Electors of the County of Charlotte.**

My political opinions are well known to you, and I flatter myself that we can unite to strike a spark that will make our political and social standing, FRANK HIGHER and higher.

## To the Independent Electors of Charlotte County.

GENTLEMEN,—You are again called upon to elect four men to represent you in the General Assembly of this Province. Many gentlemen of intelligence and integrity, have advised me to offer again as a Candidate for your votes, and upon consideration I have concluded to do so.

I am not ungrateful of the favor you have shown me on former occasions; the result of the Election which has not been the best, the inducements which have led me to come forward again, I have endeavored to regulate consistently with the principles which I profess.

In the distribution of patronage which my position in the Legislature has offered, I have endeavored to favor my supporters whenever I could do so, without injustice to my opponents.

Being disposed from observation, and reflection to avoid extremes, I may have in certain cases disappointed the expectations of some of my friends, but I hope you will do me the justice to believe that as your representative I did not forego the privilege, the purest and best conferred by our constitution to act upon my own convictions of truth and right.

I have rendered all the aid in my power to promote the completion of the Railway from Saint Andrews to Woodstock and shall be pleased to see it extended to Canada.

The extension of the Railway from Charlottetown to Saint John in this County, is a subject of the most vital interest to the people of Charlotte, and if returned, I shall use my best efforts as indeed I have always done to secure so desirable an object. The success of the Saint John and Shediac Railway has rendered its continuance through Charlotte, not merely advisable, but essential to the future welfare of the Province.

In this regard I need not refer separately to the leading interests of the County; although different communities may be more particularly interested in different branches of industry, yet it must be remembered, that in order to benefit the whole, each must be cared for, which if elected, I shall endeavor to do without partiality.

I am in favour of progress and reform, so far as they will improve the intellectual, moral and social condition of the people, and should I again be elected, I will on all matters which may be presented for my consideration, support what I think is right, and oppose what I think is wrong.

If my services in the past have been such as to meet with your approval generally, I shall feel well paid for the labour it has cost me, and if in the exercise of your judgment, I should not be one of your choice, I assure you I shall not be forgetful of the distinction you have repeatedly conferred upon me, when I was to the most of you comparatively a stranger. Under the present session of voting by Ballot, much of that excitement which has formerly existed, may be avoided; and I have no doubt that you will all deliberately decide for yourselves, who among the Candidates possess the qualifications which entitle them to your confidence, and act in accordance with such decision.

Yours very respectfully, A. H. GILLMOR, JR.

St. Andrews, May 16th, 1861.

**To the Freeholders and Electors of the County of Charlotte.**

GENTLEMEN,—Having been solicited to come forward as a Candidate at the approaching Election by a large number of my fellow freeholders, and others, and having consented to be put in nomination, I now beg leave to solicit your vote and interest, trusting that the Fishery interest will meet with the same support from the Agricultural and Lumbering sections of the County, as we have on similar occasions, always rendered to them. In tendering my services, I beg leave to state that a residence of upwards of 40 years in these branches, qualifies me to know the requirements and wants of those engaged in it, and it shall be my object to impress upon you, (more competent to argue) the vast importance to this County and Province generally, of these Fisheries which have been so sadly neglected, and endeavor to obtain the same encouragement to it is branch of industry as is so justly, and liberally bestowed upon others.

I make no rash promises of what I will do in the event of being elected, but trust to being well enough known in this community for you to believe that my course will be at any rate, honest and upright.

I have the honor to be, Gentlemen, Your obt. servt. JAMES BROWN.

## To the Electors of the County of Charlotte.

GENTLEMEN,—The time has arrived in which you are called upon to elect your Representatives for the Province Legislature.

I have been honored by the solicitation of a large number of the Electors to offer myself as a Candidate for your suffrages.

It may be asked, why I will be my policy, I can answer the question best by saying that I shall at all times give the closest attention to the interests of my constituents.

I profess that I am a Liberal without being a partisan, and while I believe the will of the majority should rule, I believe that will should be reasonable, and that equal rights belong to the minority.

I do not hesitate to promise that all matters which have a tendency to impede the settlement of the Province, shall receive my hearty opposition and be dealt with in the strictest manner, and to aid in the removal of such impediments I shall regard it an imperative duty.

The subject of Education, the encouragement of Agriculture, the protection of our Fisheries, and the Lumbering interests with the extension of Railways were needed, and all other matters in which the interests of the people are coupled shall receive my cordial support.

In conclusion permit me to say that the responsibility of the correctness of the choice you make of men to be your Representatives, rests with yourselves; you should therefore lay aside all personal feelings, and choose as if you were selecting an agent to transact your private business.

FRANCIS HIBBARD.
