BALLADE OF PAST GLORIES

BY BERTON BRALEY.

Jeff may come back from his slump
Nelson may manage it, too,
Corbett recover his jump,
Stranger things often come true.
(Leastwise in fiction they do),
Yet—it's a sad circumstance,
Never THIS play shall you view—
"Tinker to Evers to Chance!"

Say, but that team was a trump
(That Cub machine that we knew)
It was the boss of the dump,
Now, how we used to hurroo!
Watching that outfit advance,
Seeing that double put through—
"Tinker to Evers to Chance!"

Murphy was always a chump,
So he has wrenched things askew;
Someone should hand him a bump,
Hand him, we used to hurroo!
Dull is the future in hue,
Gone is the glow, the romance!
This was the bleacherites' cue—
"Tinker to Evers to Chance!"

ENVOY.
Fans, we may rightly be blue
Over the land's vast expanse;
Busted this trio—ho hoo!
"Tinker to Evers to Chance!"

CONCESSION TO THE HEBREWS IN CANADA

Special to The Standard.

Ottawa, March 20.—An order-in-council has been passed on the recommendation of the Hon. J. D. Reid, minister of customs, providing for the free admission of Passover Bread and Matzo between March 24th and April 22nd, inclusive, for use during the Passover season. The Hebrew residents of Canada will thus be able to obtain the bread they use during the Passover season without the payment of duty.

GABRIEL DOGS WIN.

Nome, Alaska, March 19.—The 100 mile dog team race over the snow trail from Solomon to Council was won by the Gabriel dogs in 12 hours 40 minutes and 30 seconds. The 412 mile all-Alaska sweepstakes dog team race, the classic event of the Northland probably will be run April 3. The purse will be \$4,000.

Big "Moose" Arrives Today.

Senator Leeds, a high official of the Order of the Moose will arrive in the city by the C. P. R. today. He will be met at the station by Commissioner Wigmore and other officials of the local lodge and after luncheon, will be taken for an automobile trip about the city.

SIR THOMAS CABLES NEW YORK CLUB A LENGTHY STATEMENT---ASKED TO RECONSIDER REFUSAL

Belfast, Ireland, March 20.—A request was sent today by cable by the Royal Ulster Yacht Club asking the New York Yacht Club for a reconsideration of its refusal of Sir Thomas Lipton's challenge for the American cup. This was accompanied by a long statement from Sir Thomas Lipton with which the committee of the Irish club signified its agreement.

The committee hopes that the harmonious relations of the two clubs will be further cemented by another successful series of races and therefore requests the New York Yacht Club to reconsider its challenge.

Sir Thomas Lipton's statement is as follows: "I deeply regret that the New York Yacht Club is unable to accept my challenge. After reading the explanation given of its refusal, I can only conclude that the challenge and the intentions of the challengers have been misinterpreted. The deed of gift states:

"The competing yachts or vessels of one mast, shall be not less than 65 feet nor more than 90 feet at the waterline. The deed of gift also states that there shall be no time allowance.

"It must be presumed that the framers of the deed of gift intended that some reasonable meaning should be attached to their words, and they could never have contemplated such an absurdity as a challenge of 65 feet being met by a 90 foot defender."

"The deed of gift also requires that

ten months prior to the race the challenger shall communicate the dimensions of his yacht, which dimensions shall not be exceeded. If the real meaning of the words quoted is that the challenger is the person to fix within the limitation of the deed of gift the dimensions of the competing yachts, and that both yachts are to be of that dimension, then the deed of gift becomes intelligible and reasonable.

"I submit that this is the true interpretation of the deed of gift. It was on this understanding that I changed, and I repeated the idea that any attempt has been made to impose limitations or restrictions not within the deed of gift.

"I venture to disagree from the statement made by the New York Yacht Club that the present challenge does not differ in principle from the challenge I sent to America in 1907. The 1907 challenge asked for a variation from the deed of gift in order to permit of a race under the universal rule. No such variation is asked for in this case and I fall to see that there is any analogy between the two challenges.

"I fully understood the decision of the New York Yacht Club in 1907 to permit no variation from the deed of gift, despite mutual agreement on the clause, but I maintain that this has no bearing whatever upon my present challenge.

"The New York Yacht Club states that it would have accepted with

pleasure an unconditional challenge. The only conditions I ask are those of the deed of gift for I cannot conceive that the framers of that document after taking pains to prohibit all time allowance, contemplated races between such ridiculous extremes as yachts of 65 and 90 feet.

"If upon reconsideration, which I am sure the New York Yacht Club will be good enough to give this matter, the deed of gift I shall be happy to remove from my challenge the words to which they object.

"My reason for selecting a seventy-five footer is that a yacht of this dimension represents the largest type of cutter now racing in any part of the world.

(Signed) "THOMAS J. LIPTON."

YACHTING WORLD'S OPINION.

London, March 20.—Yachting World says that the New York Yacht Club's refusal to accept Sir Thomas Lipton's challenge has caused great disappointment all over the world.

"Indeed," adds the journal, "disappointment can hardly be said adequately to express the feelings of British yachting in the matter. Indignation, in fact, would be nearer the mark."

"The action of the holders in refusing another contest after the lapse of ten years displays lack of sportsmanship, and we feel must be regretted by American yachtsmen as a body, as much as it is on this side of the Atlantic."

LEAGUE BOWLING ON BLACK'S

In the City League game rolled on Black's alleys last night the Nationals took three points from the Marketmen. The score follows:

There was no game in the Commercial League last night in the City League the Ramblers and Tigers will play, while in the Commercial League the teams will be C. P. R. Prieght and Macaulay Bros.

A big juicy ham will be given to the bowler rolling the highest string on the alleys today.

A \$20,000 OFFER.

Boston, Mass., March 20.—George V. Tuohy, the local sports promoter, on learning that the Missouri A. C. of Kansas City had secured the Gotch-Lurich match for April 1, said that he was not surprised at the conditions favored the western city.

My offer for Gotch was such that I would have to have a big seating capacity, and the only available place would have been a large park outdoors.

This meant that the contest would have to be scheduled later in the season. Convention Hall in Kansas City, is the largest building of the kind in the world, and can seat 22,000 persons although its regular capacity is 17,500. Gotch gets a large percentage with a guarantee of \$15,000. I was willing to give \$20,000 flat, but the date and the opponent would have to be left to me.

My offer still holds good in case Gotch cares to wrestle more than one match this spring.

NELSON AND BRIDE MAKE UP.

Denver, March 20.—Battling Nelson and his bride have become reconciled and she has instructed John Bottom, her counsel, to take no further action in the proposed suit for divorce. As soon as Nelson concludes his theatrical engagement, Mrs. Nelson states she and her husband will leave for Portland, Or., where they will spend 30 days honeymooning. This trip is really to be trial matrimony, as the pretty young woman states.

Mrs. Nelson was formerly Miss Fay King, a newspaper cartoonist. Nelson married her in Hesperwich, Ill., two months ago, after coming to Denver for her. They were together two days, when the girl came back to Denver, saying she found matrimony up to that time only night-mare. She insisted she was practically kidnapped and began suit against Nelson for divorce.

FOR THE DAVIS CUP.

Sydney, Australia, Mar. 20.—The Australian lawn tennis team will sail for the United States on the steamer Ventura, April 8, to meet the American team in the preliminary tie for the Dwight F. Davis International lawn tennis challenge cup. This is in accordance with the desire expressed by the Americans that the preliminary contest should be played in the United States. Horace Bliss will replace Anthony F. Wilding, who is unable to play. The other Australians are S. M. Doust and Mr. Jones.

The Nationals will meet in the preliminary ties to decide a challenger for the cup are United States vs. Australia; Germany vs. France; Canada vs. South Africa, and Belgium, a bye.

PERMANENT OLYMPIC COMMITTEE

At the meeting of the executive committee of the American Olympic Committee, held at the New York Athletic Club, on March 7, 1913, the following resolution, creating a permanent Olympic Committee, was adopted:

Whereas, invitations have been received by the executive committee of the American Olympic Committee for it to organize a committee to encourage and have charge of participation in the Sixth Olympiad to be held in Berlin, Germany, in 1916; such invitations having been extended by accredited representatives of the committee representing Germany in the matter of such Sixth Olympiad and by the American members of the International Olympic Committee; now, therefore, be it

Resolved, That this executive committee act upon such invitation by organizing itself into an American Olympic Committee for the Sixth Olympiad, and by this resolution does so organize itself, further

That, as such American Olympic committee, it be and hereby is empowered to add to its number; and, further,

That until the election and qualification of their successors, the officers of the American Olympic Committee for the Sixth Olympiad continue in their respective offices as officers of the said American Olympic Committee for the Sixth Olympiad; and, further,

That the President of said American Olympic Committee be, and by resolution hereby is authorized, empowered and directed to appoint a committee for the purpose of drawing up and presenting to the American Olympic Committee for the Sixth Olympiad a plan for the organization and establishment of an American Olympic Committee, such committee to continue in existence from Olympiad to Olympiad and to be known as a permanent committee rather than one for any particular Olympiad; it is further

Resolved, That such sub-committee in organizing a permanent American Olympic Committee should plan to have representation thereon from all organizations of the United States which exercise control over any of the sports in which the United States desired and expected to be represented at the Sixth Olympiad.

MARGUARD, \$5,000 A YEAR.

Los Angeles, Cal., March 20.—"Rube" Marguard, a star pitcher of the New York Nationals last year, left today for Houston, Texas, to join his team. It was reported on what was said to be reliable authority that the contract which Marguard signed in San Francisco, provided for an annual salary of \$5,000 for three years. In addition to that, Scott Kline of the Giants, is said to have given him a bonus of \$15,000 for signing.

HARRY DAVIS IS NOW WITH THE ATHLETICS

Harry Davis, former captain of the Philadelphia American League Club, and who last season managed the Cleveland team of the same league, will be with the Athletics again the coming season. He is now at San Antonio with the squad on its spring training trip.

Prior to accepting the management of the Cleveland Club, at the close of the season of 1911, Davis had been captain of the Athletics for six years, during which time they won two world's championships.

Connie Mack said that while Davis' contract was that of an ordinary player, he would probably be used more as an assistant to himself and captain Murphy than on the playing field.

Whether Davis' absence last year had much to do with the lower standing of the team can be best determined by their showing this season.

College Baseball Season Opens — Paris Horse Show to Open — Power Boat Regatta.

If the weather permits, the college baseball season in the east will have its inaugural today with a game at Norfolk, Va., between Yale and Washington and Lee. The schedule of the Elias provides for another contest at Norfolk tomorrow with Holy Cross, to be followed next week with games at Washington against Pennsylvania, Georgetown and the Catholic University. The Annapolis Naval Academy and Pennsylvania have a contest scheduled for tomorrow. Columbia will open its season next week. Harvard will not start the ball rolling until April 8th, when the champion Red Sox will be played at Boston, to be followed by a southern tour, on which the "Crimson nine" will meet the Orioles and Johns Hopkins at Baltimore, the Navy at Annapolis and Georgetown at Washington.

The first power boat regatta of the year under the sanction of the American Power Boat Association is scheduled to begin today at St. Augustine, Fla. This year promises to be the most important in the history of the sport. The Commodore Perry celebrations to be held this summer at various cities along the Great Lakes will each have a motor boat regatta as a feature. The national

championship event will be held at Put-in-Bay, and is expected to bring together the finest fleet of power craft ever seen in American waters. The British International Trophy race, the only real international championship event, will of course be the stellar attraction of the year. English enthusiasts have already begun to prepare for this race. The American trials to select three challengers will be held in June. San Francisco has already inaugurated a movement for a regatta during the 1915 exposition that will eclipse anything of the kind ever held.

Paris will inaugurate its big spring horse show tomorrow, to continue three weeks. Events of special interest to Americans include the Alfred Vanderbilt cup for four-hands, to be contested on April 7th, and the James Hazen Hyde cup for four-hands, which is scheduled for April 10th.

WELSH TURNS DOWN OFFER.

London, March 20.—Freddie Welsh, the English lightweight champion, today refused an offer of \$15,000 to appear in Australia declaring he preferred to go to America. He will sail for the United States next Saturday.

MADAM! IF YOU ARE BILIOUS, CONSTIPATED OR HEADACHY, PLEASE TRY "SYRUP OF FIGS"

Give your stomach, liver and 30 feet of bowels a gentle, thorough cleansing without gripe or nausea—Delicious fruit laxative for women and children.

All women get bilious, headachy and constipated—simply because they don't exercise enough. They don't eat coarse food, or enough fruit and green vegetables. Those are nature's ways of keeping the liver and thirty feet of bowels active; but very few women employ them. The next best way is delightful, fruity Syrup of Figs. Nearly all this of women can be overcome with Syrup of Figs alone. There is no need to have sick headache, backache, dizziness, stomach sour and full of gases, bilious spells, salivaceous, coated tongue, bad breath, bad complexion, nervousness and depression. The surest and safest remedy is one or two teaspoonfuls of delicious Syrup of Figs. Try this tonight—you'll feel splendid in the morning when the sour bile, clogged and constipated—simply because they don't exercise enough. They don't eat coarse food, or enough fruit and green vegetables. Those are nature's ways of keeping the liver and thirty feet of bowels active; but very few women employ them. The next best way is delightful, fruity Syrup of Figs. Nearly all this of women can be overcome with Syrup of Figs alone. There is no need to have sick headache, backache, dizziness, stomach sour and full of gases, bilious spells, salivaceous, coated tongue, bad breath, bad complexion, nervousness and depression. The surest and safest remedy is one or two teaspoonfuls of delicious Syrup of Figs. Try this tonight—you'll feel splendid in the morning when the sour bile, clogged and constipated—simply because they don't exercise enough. They don't eat coarse food, or enough fruit and green vegetables. Those are nature's ways of keeping the liver and thirty feet of bowels active; but very few women employ them.
