

CONVENTION OF BAPTISTS CONCLUDED

It Was One of the Most Successful Ever Held by the Association.

GOOD ADDRESSES AT FINAL SESSION

Dr. Cutten of Acadia Reports Great Progress at Baptist College — Prof. Kierstead's Discourse.

The eighth annual convention of the Association of United Baptists of New Brunswick was brought to a close last evening in Brussels street church when interesting addresses were given by Rev. Dr. Cutten of Acadia and Prof. Kierstead of the U. N. B. The attendance at the final session was large, and the keen interest which has been a characteristic of the whole convention was evident at last night's meeting.

Rev. Dr. Cutten, after the devotional exercises, which were conducted by Rev. Miles McCutcheon, gave a very interesting address on the work which is being done at Wolfville, the aims of the college and the needs of the institution.

The past decade, Dr. Cutten told his hearers, had been marked by rapid progress in all departments, and the present year finds the institutions with over seven hundred students enrolled, the largest student body in any of the other colleges in the province. There are now forty-seven teachers on the staff, whereas in 1903 there were but four buildings, there are now seven and there is the new library which is to be added to the group. The finances have doubled in the past ten years, generous gifts have been received, but there is still much to be done and funds are needed to keep pace with the growing demands. It is hoped that soon someone will make a gift residence a possibility.

The spiritual development of the students, Dr. Cutten pointed out, is an important point in an educational institution and Acadia is making this one of the important phases of her curriculum.

Dr. Cutten was followed by Prof. Kierstead of the U. N. B., on the attitude of United Baptists in New Brunswick to the public schools.

In the organization of school life, he said, there is developed a sense of honor, a spirit of brotherly co-operation and a genuine sympathy that has religious worth. In our public schools children of every race and sect and class meet on a common level to be trained for citizenship. In this little democracy is developed a sense of justice and equality, a spirit of tolerance and of respect for the feelings and rights of others, a feeling of moral and spiritual unity that is essential for national unity and for religion itself. Along with increase in the power, scope and mission of government has gone the enlargement of the sphere of the public school. Educational movements of profound significance are finding their way into our schools; movements relating to health, vocational training, and fitting for citizenship, and social culture. Is it not our religious duty to recognize the spiritual significance of our public schools? It is a mistake to affirm that the public school is irreligious because it does not give instruction in the dogmas of religion. If the school aims at the perfection of personality and the attainment of an ideal society, and if religion is not merely a selfish scheme of ferrying a soul into a haven of future safety, but is essentially the devotion of life to service, then the aim of education is one with the aim of religion.

The body of the child has been too long neglected. We have learned recently that the mind is not an entity apart from the body, and normal physical growth is essential for education and morality. The significance of this fact is modifying in a profound manner the methods of education. There was a time when education was so intellectual that it was inefficient. Education must be a socializing process; it must recognize that the child is a social being.

Morning Session.
At the morning session Rev. Mr. Newcomb preached a short and interesting sermon on the beauty of Christian life.

Rev. Dr. Cousins, moderator, opened the business of the session. The report of the Home Mission Board was discussed by Rev. Mr. Bynon, who made reference to the invasion of the mission field by unauthorized persons. The speaker appealed for greater connection with the field secretary, because different congregations had been imposed upon by heterodox preachers and by persons objectionable to the Baptist denomination.

The Rev. Dr. McIntyre further developed the points made by the preceding speaker, particularly the invasion of the home mission field by Mormons, Adventists, Geopreachers, who in certain districts had caused painful disturbances in the work of the church.

Dr. Crowell, temporary editor of the Maritime Baptist, speaking of missionary conditions in the Maritime Provinces, made an appeal for the unification of the home missionary executive work, and for closer union in the home mission work of New Brunswick and Nova Scotia.

Rev. A. C. Berrie, of Woodstock, advocated the placing in the field of a strong evangelist to stimulate mission work in New Brunswick.

The report on Home Missions was discussed at length by the Rev. F. S. Porter, who made an appeal for unity in the field.

Rev. Wellington Camp spoke feelingly on the necessity of greater endeavor in the home mission field. He

MADAME POLAIRE AND HER PEARL NOSE RING.

MME. POLAIRE

Mme. Polaire, the French actress, self-styled "the ugliest woman in the world," is now in America. She has a wasplike waist and a mouth of generous proportions. It would be ungalant perhaps, to go into a detailed description. She wears the cutest pearl ring in her nose—oh, it is delightfully barbaric. When Madame is angry, which is not uncommon, she grabs the pearl ring from her nose and stamps on it. She is very cruel to the harmless ring.

appealed for more enthusiasm on the part of the pastors.

The Rev. J. H. Jenner, of Campbellton, appealed for greater generosity in donations to all the great objects of the church. He said that these donations far from being a loss to the individual church were a distinct gain.

Rev. A. C. Berrie moved the adoption of the report, seconded by Rev. A. J. Archibald, and the report was adopted.

Rev. F. S. Porter moved and Rev. W. S. Parker seconded a resolution to recommend to the Board of Home Missions the consideration of the consolidation of efforts in the home mission field of the Maritime Provinces.

Rev. Dr. McIntyre said that this movement for consolidation would dissipate the interest of the people in home mission work and render their work less effective.

Rev. Dr. McIntyre moved to refer the resolution to the association of next year.

After an interesting discussion, Dr. McIntyre's amendment was lost, 17 to 21, and Rev. Mr. Porter's resolution was carried.

At the afternoon session the report of the temperance committee was submitted. Rev. F. S. Spence, secretary of the Dominion Alliance, gave a spirited address.

The business left over from the previous sessions was then disposed of. The convention has been one of the most successful ever held by the association. The attendance was large and the interest keen all through. A forty-four and forty delegates were present at the convention.

The Burden of Wealth.

Thomas W. Lamont, one of the Morgan partners, showed early in life his appreciation of the evanescence of money. He was about 10 years old, and lived in Saugerties when, by a half-day's arduous labor, he earned a nickel. He held it in his fat little palm and sighed as he said: "I want to spend a penny of that, but, oh, dear."

"Why don't you do it?" asked his brother.

"Why haven't you noticed that when you break a big piece of money the rest of it goes like the dickens?"

IN FAVOR OF AN EXHIBITION HERE IN 1914

Directors Association will Recommend It—Would Make It Greatest in History of the Provinces.

There was a meeting of the Exhibition Executive held yesterday afternoon when it was decided to recommend to the shareholders that an exhibition be held next year to commence on Saturday, September 5th, and continue to the following Saturday.

Mention was made at the meeting of the success of the fairs all over the Maritime Provinces, and reports from the different fairs showed exceedingly large attendances while the exhibits were numerous and the very best variety. Reference was made to the fair held in Fredericton recently and to the pleasant visit to it by the delegation from the St. John Association.

The secretary also reported on his visit to the Nova Scotia exhibition, and mentioned among other things the almost unanimous regret of the five stock exhibitors that the splendid equipment at St. John should be idle every other year. These exhibitors would have all been entered in a St. John fair had one been held this fall, and from the grand success of the 1912 show a fair this fall would have undoubtedly been even more successful. If the shareholders should accept the recommendation to hold a fair next fall the executive believe that it will be the greatest ever held in the Maritime Provinces.

WEDDINGS.

Earle-Allaby.

The home of Mr. and Mrs. James T. Allaby, Norton, was the scene of an interesting event Wednesday evening, September 24, at 8 o'clock, when their eldest daughter, Grace Helena, was given in marriage to Corey Vincent Earle, of Tennant's Cove, Kings county. The wedding ceremony was marked with solemnity, being performed by Rev. Robert Mutch, grandfather of the bride, in the presence of immediate relatives and friends of both parties. The house was beautifully decorated for the occasion with autumn leaves and cut flowers.

The bride looked charming dressed in Altice blue voile over silk. After refreshments were served the happy couple left for their future home in Central Norton.

THEY CAME, THEY SAW AND WERE DELIGHTED

The Standard "At Home" Yesterday Brought Many Visitors—The Building and Plant a Revelation.

The invitation extended by The Standard to the public generally to inspect its building and plant, was very widely accepted yesterday afternoon. During the day upwards of four hundred people came to this office, fully half of them being ladies. They were shown through the different departments by members of the staff, all of whom were on hand. The visitors were, for the most part, deeply interested in the composing room where the operation of the Linotype machines was regarded as something out of the ordinary. As a matter of fact such machines have been in use in St. John for the past twenty-five years, or longer, but it was apparent yesterday that to the great majority the work was altogether new. The various processes through which the metal goes until the press is reached were all carefully explained and proved very entertaining to the callers, most of whom had but very vague ideas as to the manufacture of a newspaper.

During the afternoon the colored supplement, which accompanies today's paper was run off on the press. This of necessity takes some hours in adjustment, and the press did not start until about four o'clock. After that the run was continuous, and the vestibule of the building was thronged almost all the time, while many other persons watched the machine through the street windows.

All were immensely pleased with the appearance of the office, which is in its

Fredericton Police Swoop Down on Pool Room and Seize Large Quantity of "Wet Goods."

Fredericton, N. B., Sept. 25.—Liquor to the value of upwards of \$200 was seized by the police today in a Scott Act raid on William Walls' pool room on King street. The raid took place about 3 o'clock this afternoon. Detective Roberts and Officers Marshall and Smith being the officers to make the seizure. All kinds of liquor were included in the seized goods.

Bennie LeBlanc, escaped lunatic, who was arrested for the Fredericton Junction post office robbery, was taken to Fredericton Junction from Burton jail today by Sunbury county authorities and turned over there to Guard Brownell, of the Provincial Asylum at Fairville.

Scores Getting High.

The bowlers are gradually getting into their stride at the Victoria alleys as the season advances, and yesterday Blake Ferguson won the daily robot with a score of 123, and for a prize captured a silk umbrella.

Samuel Standing, head waiter in the Dufferin Hotel, accompanied by his wife, left this morning for Boston to spend his vacation.

Among the visitors were many from out of town who, though limited as to time, spared an hour in The Standard office, and felt amply repaid for their trouble.

Good Cheer for Autumn Functions

At social gatherings in the late fall, especially dinners, smokers and strictly "stag" affairs, RED BALL PORTER naturally claims a place as being particularly appropriate to both season and event.

You will find RED BALL PORTER pleasantly invigorating and a lively spur to a lagging appetite. A drink or two on cool, bleak days makes a genial, comfortable glow and keeps out autumn winds.

Judges of brewery products will tell you that RED BALL PORTER is BEST. For almost half a century it has held the preference with people who know really good porter.
