

THE VICTORIA COMPOUND SYRUP OF HYPOPHOSPHITES

Is the most important Agent known to Medical Science, from its power to relieve every form of Nervous Disease. Its anodyne effect is remarkable—tending to produce the most refreshing and renovating sleep. It should be used promptly in every case of loss of nervous Force from whatever cause, as the Easiest, Most Direct, and Most Appropriate Remedy.

The effect upon the cough and expectoration is often very rapid, causing their disappearance or alleviation sometimes in a few days; but in regard to these symptoms there is a considerable difference in the effects, depending upon the extent and gravity of the lesions, and the stage of the disease. The night sweats, however copious they may have been, almost always disappear at the end of a week or ten days—except in cases of persistent diarrhoea, near the close of the disease, when they remain obstinate; the pains over the chest, which many patients feel so acutely, either cease, or very considerably diminish within a few days; the patient feels, on the second or third day, and sometimes even from the first, a decided increase of strength; the urinary sediments diminish and disappear; and there is a renewed feeling of vigour, cheerfulness and comfort. The effect, in all determinate cases, is to cause a modification and gradual disappearance of all the general symptoms that characterize the disease, except those which pertain to the local lesions; and even these yield, though more slowly, when they have not proceeded beyond a certain pathological condition.

The Hypophosphites have also other effects, the importance of which can hardly be over-estimated. Besides stimulating and increasing the NERVOUS ENERGY to its maximum force, they increase the quantity and improve the quality of the BLOOD, and they also strengthen the nutritive functions; thus maintaining these conditions of robust health at their highest degree of intensity compatible with physical enjoyment.

The Purity of the Hypophosphites absolutely essential.

THE ABSOLUTE CHEMICAL PURITY of the HYPOPHOSPHITES IS THE FIRST CONDITION of THEIR CURATIVE ACTION; when impure, they create a feeling of uneasiness and constriction in the epigastrium, which NEVER OCCURS, IN ANY INSTANCE, WITH CHEMICALLY PURE SALTS. The manufacture of the HYPOPHOSPHITES requires great delicacy of manipulation, and a large experience, which few chemists

possess. We, therefore, CAUTION our Patients and the Public against imitations of the VICTORIA Preparation of HYPOPHOSPHITES, which are spurious and worthless, and often POSITIVELY INJURIOUS, containing as they do ingredients inserted for creating a false and immediate appetite, to the ultimate injury of the patient. The VICTORIA SYRUP OF HYPOPHOSPHITES is prepared strictly in accordance with the FORMULA and DIRECTIONS of the original discoverer, and is certified to be chemically pure, having been analyzed at the Laboratory of the Toronto University, by Professor Croft, one of the highest authorities in Canada. The genuine has the Queen's Head engraved on the wrapper, and can be obtained from almost any Druggist. Ask for the VICTORIA HYPOPHOSPHITES.

A LETTER FROM WHITBY.

WHITBY, Feb. 25, 1878.

Messrs. Milburn, Bentley & Pearson.

GENTLEMEN.—With me your Victoria Hypophosphites has worked wonders. For the last twelve years I have had frequent and severe attacks of asthma. During the time I have been afflicted I have tried all the remedies recommended by skillful physicians, besides a great many patent medicines, hoping to find relief; but all proved failures. Last November, at the urgent request of a friend, I was induced to try your preparation of Hypophosphites. I was then in a very low state of health, and several times I thought I would not be able to perform my duties until the end of the year. To my surprise and delight, at the end of a week my general health was greatly improved, and up to the present time I have not had a severe attack. I have only used a bottle, but do not intend to be without it. I wish you to feel at liberty to use this testimonial in any way subservient to your interests in the cause of humanity. It costs *tuto, cito et jucunde*—safely, quickly and pleasantly.

Yours, with great respect,

J. C. SMITH,
School Teacher.

VICTORIA Carbolic Toilet Soap

This TOILET SOAP possesses all the well-known antiseptic and disinfecting properties of Carbolic Acid, is agreeably scented, has a healthy action on the skin, prevents irritation, removes the effects of perspiration, and should be regularly used by families. Cholera, Small-pox and Fever patients should be washed with this Soap; and its use by persons liable to infection will materially prevent the spread of disease. Price 15 cents per tablet.
