W.M.S. CIRCLES
A special meeting of the W.M.S. Executive was held last night when the question of uniforms for the Band were considered. A new set of uniforms would cost a considerable sum just at present and it was decided to have the present uniforms re-modeled. The strength of the band this summer will be between 42 and 45 men and as extra suits will have to be purchased it will entail an outlay of nearly \$500 to have present suits remodeled and the purchase of extra suits. Since Prof. Thiele has taken charge of the band a marked improvement has taken place and the program this year promise to be the finest ever given in town. The Boys Band are also making excellent headway and at rehearsal last night 30 boys were in their places. There will be plenty of good music this summer from both bands.

SPRING ACTIVITIES
Spring house cleaning is in full swing every one taking advantage of the ideal weather. Many gardens have been dug and seeds planted and there will be much competition as to who will produce the first vegetables. On all sides school children can be seen busily engaged in cultivating their little plot which is all their own the Easter holidays and the fine weather just suiting them. Of course they do not work all day and many have taken a hike to the nearby streams in search of the finny tribe. The usual fish stories have been the ultimate result.

Girls! Use Lemons! Make a Bleaching, Beautifying Cream

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quart pint of the most remarkable lemon skin beautifier at about the cost one must pay for a small jar of the ordinary cold cream. Care should be taken to strain the lemon juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, smoothen and beautifier. Just try it! Get three ounces of orchard white at any pharmacy and two lemons from the grocer and make up a quart pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck arms and hands. It naturally should help to freshen, bleach and bring out the roses and beauty of any skin. It is simply marvelous to smoothen rough, red hands.

ROSEBANK CITIZEN PASSED AWAY.

Petersburg, April 22.—A respected resident passed away on Thursday April 17th at 6.30 o'clock in the evening, one of the oldest and most respected residents of Rosebank near New Dundee, in the person of Mr. Jacob Schweitzer. He succumbed to an attack of pneumonia of only four days duration. For over two years he suffered with valvular disease of the heart. He was born in Switzerland and came to this country when a young man, and reached the advanced age of 75 years and 10 months. He leaves to mourn his loss, his widow and three daughters. The funeral services which were held from his late residence to the Rosebank church were ably conducted by Bishop Manasseh Hallman and assisted by Rev. Menno Coker. Bishop Hellman referred to the good life of the deceased. A large concourse of friends were present to pay their last respects to the deceased. The community extends its condolences to the bereaved family.

Writes From Far Off Vladivostok

PTE. M. HAHN EXPRESSES THANKS FOR BOX.

The following letter has been received by Miss Jessie Bruce and will be read with interest by the many friends of the writer in town: Gourmalst Barracks, Vladivostok, Siberia, March 28, 1919. Miss Jessie Bruce, Secretary, Waterloo Patriotic and Red Cross Society, Waterloo, Ont. Dear Miss Bruce— I received the box which the society was so kind to send me and I wish to thank you most sincerely for the same. In the same mail I also received a box each for Mr. Riepert and Holm. The former is in the same barracks as Stanley Devitt and myself and Mr. Holm is stationed in the city, a distance of nine miles from here and I immediately re-addressed his box and no doubt he will have it by now. Mr. Riepert also wishes me to thank you for the box sent to him. We certainly appreciate your kindness in remembering us. Providing the latest rumours are true we will sail for Canada within the next twenty days and the boys are all quite anxious to get back as there is very little for us to do here. The American Soldiers entertained the Canadians this afternoon at the Y.M.C.A. Casino by putting on a very good class of Vaudeville Show. It was a real treat for us and we thoroughly enjoyed it. I am Yours truly M. Hahn.

ing a meeting at Guelph for Thursday, April 24th, to take up the general railway situation and to consider the building of hydro radials which the municipalities voted on some time ago. The meeting will be addressed by Sir Adam Beck. The Railway Committee was appointed to attend.

W. H. Breithaupt in a letter announced that the Waterloo Historical Society has under contemplation the publication of a complete report covering the entire record of the participation of the County in the great war. The letter asked the opinion of the Council and the amount the Council could contribute to the expense of publication. Referred to Finance.

Notice of hearing in connection with the revision of east, centre and north wards to be held by the Ontario Railway and Municipal Board on May 7th at the City Hall. Filed. Re Market Committee's Recommendation.

Ald. Amussen: "I'd like to have a statement or explanation of the recommendation regarding the Town Hall steps and repairs. We know that the paying of the cost by the Police Commission is the same thing as the City paying it."
Ald. Reid, who submitted the report for Ald. Rat, the chairman of the Committee, is of the opinion of the City: "During the past few days, we know, John Barleycorn has been roaming about the City Hall and considering the damage done through the moving by him that the damage to the steps was done."
Ald. Amussen: "I think the Ontario License Board should pay for it."

Ald. Sess: "We have been given to understand that we should send in our bill to the Inspector and he would send it to the Board to pay it. Having it placed before the Police Commission is one way of going about it so that it will be presented to the Inspector and the Board."

Ald. Reid: "Another bill may be presented for damage to the town scales, which I believe has also been caused in the same way."
It was suggested that the matter be referred back to the Market Committee. The suggestion was adopted.

We should have kept some of the stuff here until the damage is paid," Ald. Sess joyously said. And the majority of the city fathers apparently thought he was right.

And to convey to his wife and family its sincere condolences in their darkest hours of bereavement."

Naming Streets
The following motion was also passed: Moved by Ald. Amussen. Seconded by Ald. Schreier. "That in future the naming of streets on new plans be left to the City Council for the naming of said streets on said subdivisions submitted."

Railway Committee Appointed
On the motion of Aldermen Breithaupt and Goffton the Railway Committee were appointed to attend the Hydro Electric Railway meeting in Guelph on Thursday, April 24th. Motion to Purchase the Land.

Aldermen Iler and Utley submitted the following motion: "That the land owned by Andrew Hamel and more particularly described in an option given by him on the 31st day of October, 1918, and later renewed on the 11th day of April 1919, be purchased for a cemetery at \$300 per acre."

Ald. Greb: "Was it not understood that there should first be a joint meeting of the Cemetery Committee and the Park Board to discuss the question and consider the matter of the care of the new cemetery? I'd think that is what was understood by all the members of the Council. I'd like to have some information."

Ald. Iler, the chairman of the Cemetery Committee: "It was agreed to hold this joint meeting. It was supposed to have been held a week ago Monday night. The Park Board were notified to be present. The Committee was there but the Park Board was not. Why, I don't know. Now we cannot wait any longer with this cemetery question. We need a cemetery immediately and I as chairman of the Committee will stand for any more dilly dallying. We have to buy right now."

Ald. Iler in referring to the Hamel property stated that the owner according to agreement reserved a lot for himself in the proposed grounds. Also he wanted the stump fence. A verbal agreement provided for the requirement that the city pay the last half of the taxes of this year and that he would secure this year's crop.

Ald. Sess: "I think we should get the services of a person familiar with laying out cemeteries. Regarding the proposed property, and by the way it is not understood that a portion of the Park Board property is to be used with the Hamel property, regarding this land while I have seen a number of other properties which we inspected I haven't seen any other property which is better for cemetery purposes. But I think we should get the services of some one who is familiar with the laying out of cemeteries so that we can learn whether the proposed property is suitable for the purpose."

Ald. Iler: "Mr. W. H. Breithaupt had written to several men who claim to be experts in laying out cemeteries and we have received replies. These men want \$100 to come here. Now, I think that our City Engineer and Park Superintendent are just as competent as any of these men and that they can lay out a cemetery as it should be done. I do not see any sense in expending \$100 and more to bring an outside man here."

Ald. Amussen: "While I quite agree with the motion in so far as the selection is concerned I'd rather vote for only the first and second readings to-night. Hold the third reading over until a later meeting. Have you interviewed the Provincial Board of Health to ascertain whether they would sanction this location for a cemetery?"

The Clerk: "There is no bylaw to-night. This is merely a motion to buy the land."

"Oh, that's different," Ald. Amussen said.

Ald. Iler: "We must first select our site for a cemetery. The Board of Health then considers it and reports to the Provincial Board of Health."

Ald. Zettel: "Have you considered the proximity of the new water-works at Bridgeport to the proposed cemetery property? Water coming through it would not be very appealing."

Mayor Gross: "I do not think it likely that there would be any danger from that source. It is far enough away and also the water works system will not likely pass through there."

Ald. Zettel: "I might remark that years ago, when the present cemetery was purchased, many people thought it was too far out. What has been the result? It has been a stumbling block between the two towns. May this location be another stumbling block between them. I think a site towards Centerville would be better."

Ald. Bitzer: "I see no occasion for passing this to-night. The option does not expire until June 1st."

Ald. Iler agreed to withdraw his motion and replace it with one asking the opinion of the Boards of Health on the proposed site, as given at the beginning of this article. Ald. Schreier seconded this.

Readings of Bylaw

The first and second reading was given to a local improvement bylaw authorizing the construction of the storm drain on Spring Street at a cost of \$2545.75.

Ald. Schreier alluded to the necessity of having a more handsome overhead bridge on the G.T.R. tracks crossing Spring Street, which he said is beginning to have the appearances of a fine road.

"You could not do anything, but would have to go to the Railway Commission," Ald. Amussen said.

Mayor Gross said the matter was worth watching, alluding to the unsightly Turk street crossing in the past.

Ald. Greb alluded to the fact that the question of water in the cellar of a certain resident and the city's liability or non liability should be looked into.

Ald. Reid, chairman of the Fuel Committee, stated the Committee would meet on Thursday evening to consider the disposal of the city wood to a prospective purchaser of the whole supply.

The Council adjourned at 9.30 o'clock.
