PATENT STEEL WIRE MATS FOR CHURCHES, HOTELS, OFFICES, STORES, RESIDENCES, ELEVATORS, & STREET CARS, &c.

We beg to call attention to the fact that, having enlarged our premises, added new plant, and secured superior Pattern Makers and Workmen, we are prepared to furnish Architectural Iron Work of every description promptly, and in the best style of workmanship.

We make a specialty of Iron Stairs, and in the New Imperial Insurance Building in this city, can show work of this class which is unsurpassed anywhere.

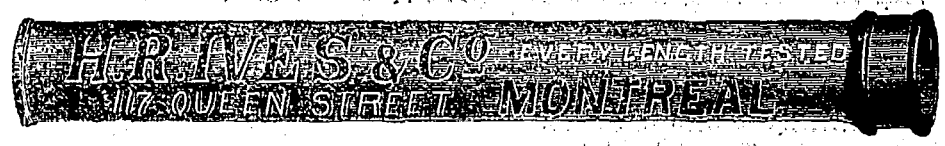

In Iron Railing and Gates we offer special inducements, being the only makers of Composite "Chilled Iron Work."

We are also making Grille Work of every description in Wrought Iron and Steel, finished by a Rustless Process, or in Electro Bronze.

Elevator Cars made to order of Steel and Wrought Iron with Galvano-Plastic Panels finished in Bronze or Oxidized Iron.

As makers of Soil Pipes and Fittings we are at present the only firm testing our pipes by hydraulic pressure up to 40 lbs. to square inch.

Every Size of Pipe from 2 in. to 6 in. in stock here or at our Warehouse in Toronto.
