THE Skaguay Chamber of Commerce is asking the support of Canadian boards of trade in obtaining from the Dominion Government customs regulations at Skaguay, that will permit the warehousing in bond and subsequent re-entry of Canadian goods into Canada in broken bulk, as the trade may require. Dealers could hold their stocks in bond at Skaguay, breaking the bulk as demanded by their trade, and, relieved of the necessity of ordering their every invoice from a distance of a thousand miles further away than the port of Skaguay, would be under no necessity of carrying large sums of money in the high freight between Skaguay and interior points. It would further obviate the necessity of buying beyond current needs, as under these circumstances Canadian wholesalers would carry adequate stocks in bond at Skaguay, and the benefit to the Dominion at large would be considerable.
