

Psoriasis All Over Body

Doctors Said Incurable, But Now
There is No Sign of Disease,
Thanks to Dr. Chase's
Ointment.

Mde. N. Massey.

Psoriasis is one of the most dreaded of itching skin diseases. It is a sort of chronic eczema. The itching it causes is almost beyond human endurance, and doctors are accustomed to give it up as incurable.

But here is a case that was given up and pronounced incurable. The result proves that Dr. Chase's Ointment almost works miracles in curing the worst form of itching skin disease imaginable.

Mrs. Nettie Massey, Consecon, Ont., writes:—"For five years I suffered with what three doctors called psoriasis. They could not help me, and one of them told me if anyone offered to guarantee a cure for \$50.00 to keep my money, as I could not be cured. The disease spread all over me, even on my face and head, and the itching and burning was hard to bear. I used eight boxes of Dr. Chase's Ointment, and I am glad to say I am entirely cured, not a sign of a sore to be seen. I can hardly praise this ointment enough."

The soothing, healing influence of Dr. Chase's Ointment is truly wonderful. Eczema, salt rheum, barber's itch, ringworm and scores of such torturing ailments are relieved at once and as certainly cured if the Ointment is used persistently. Mothers find Dr. Chase's Ointment invaluable in preventing and curing the skin troubles of babies, such as chafing, irritations of the skin and baby eczema.

Rheumatism

A Home Cure Given by One Who Had It

In the spring of 1893 I was attacked by Muscular and Inflammatory Rheumatism. I suffered, as only those who have it know, for over three years. I tried remedy after remedy, and doctor after doctor, but such relief as I received was only temporary. Finally, I found a remedy that cured me completely, and it has never returned. I have given it to a number who were terribly afflicted and even bedridden with Rheumatism, and it effected a cure in every case.

I want every sufferer from any form of rheumatic trouble to try this marvelous healing power. Don't send a cent; simply mail your name and address and I will send it free to try. If, after you have used it and it has proven itself to be that long-looked-for means of curing your Rheumatism, you may send the price of it, one dollar, but, understand, I do not want your money unless you are perfectly satisfied to send it. Isn't that fair? Why suffer any longer, when positive relief is thus offered you free? Don't delay. Write to-day.

the page. I also enjoy the Correspondence column. I find the letters very helpful and instructive. I agree with "One who knows" in her letter of September published in November. I think the country is by far the most beneficial and healthful to live in. I am at present in a city of about 7,000, but I prefer the country every time where one can have all the pleasure that "One who knows" mentions. I don't know what more we want. I am a railroad man being with the C. P. R. since 1903 as section foreman. I am a widower with two bright little boys. If any of your correspondents care to write to me I will always reply. Hoping I have not taken up too much of your valuable time, and wishing your magazine a bright and prosperous future, I am,
Lonely Jack.

lar for renewal subscription to W. H. M. with which I am well pleased. It contains a lot of good reading—the stories are short and bright, and the correspondence pages are quite an attraction. When any person comes to my place asking for reading, I always gather up all the back numbers and pass them around, and they all say they are good reading; even the threshers when they were at my place read the W. H. M. and they were well entertained by its goodness. This is my first letter and I hope it will appear in print. I am a farmer on a farm of 320 acres of good land in the district of Eyebrow, where there has never been a crop failure—always a good average crop. I am one of the pioneers of the district. I first homesteaded on a small scale and now I have everything up-to-date, good buildings inside and outside, and as fine a bunch of horses as there is anywhere to be found. I have taken them to the fair every fall, and always carried away my share of the prizes, and I can strongly advise any person wanting to farm to come to this district, for there is lots of good water,

and the soil is of a rich clay loam and will grow anything in the line of vegetables. Now a word to the fair sex, I am a young bachelor, and I always have lots of good things to eat as I think this is the first thing to look to to preserve life. My address is with the Editor, and I would like to get some letters.

A Farmer's Opinion

Senlac, Sask., Dec. 26, 1912.

Dear Editor: May I, once more, have the use of the Correspondence column; as I would like to tender my sympathy to our brother Farmer at Viscount, and try and cheer him up with a few of my trials and tribulations. The poor man gets his share of old clothes and long hours whether in the city or country. I paid \$2.00 per bushel for seed flax last spring, it cost me 25c per bushel to have it threshed, and they gave me 57c per bushel at elevator. Oats are 18c per bushel, and the barley
