

? very difficult times in
our Province and through
circumstances beyond
our control we are low
in cash as an entire
people. Ready money is as
scarce as the proverbial
hen's teeth. There are still
rich securities and the
country is by no means
bankrupt, but money is
at a standstill.

Added to this is the pol-
itical family fracas with-
in our own party. They
all seem to have hatchets
to bury - in one another.
I've no time for politicians
of this kind, they are hopeless.
