

*Eucozone Laboratories (Canada) Ltd.*

*Windsor, Ontario,  
Canada*

Rt. Hon. Arthur W. Meighen,  
Toronto, Canada.

No. 2.

The American Company started in 1933. The Canadian in 1934.

As I explained to you; I am interested in the American Company. We are just now finishing putting our house in order and are preparing for an active merchandising campaign. My confidence in the Canadian corporation is firm, so firm in fact I have recently agreed to serve on its Board of Directors and to give, actively give, some time to its affairs.

The attached Summary Sheet tells the detailed history of the predecessor Corporation and the present one to date and in its conclusions points out profit and earning possibilities. Accompanying this Summary is a number of exhibits.

Our President, Mr. Saunders and our Mr. Henderson are leaving for Montreal and Ottawa this week. Following our understanding they are taking steps to put Dr. Fraser of the Royal Victoria Hospital, Montreal, and perhaps one or two other outstanding Doctors at Ottawa in touch with Dr. Bruce with the end in view of enlisting his sympathetic and active interest.

Enroute upon their return it probably will be I shall meet them at Toronto at which time I shall give myself the pleasure of calling on you for further discussion.

The exhibits enclosed with the Summary are, in the main, self-explanatory and can be further supplemented as occasion demands.

Again permit me to express my grateful appreciation for your interest and co-operation, and with kind personal regards and best wishes, I remain,

Yours very truly,

  
Howard F. Evans

HFE-E Encls.
