

254018-1.

Dear Mr. Abraham -

I beg to refer to your letter of February 21st, last, which was left by you in the Department on the occasion of your recent visit. The agricultural work outlined therein on the different reserves is approved. I note that you make no reference to the Sarnia, Mississaugas of the Credit, or Six Nations Reserve, with the exception of the school fair at the last mentioned. I shall be glad to know what plans, if any, you have for these reserves.

I hope also that you will be able to interest the Cape Croker Indians when you pay them the visit next month.

Yours very truly,

James G. ...
Deputy Superintendent General.
