

act with confidence, whatever he might feel. He did so. His orderly he sent to act as guard and director of operations at the entrance to the dug-out in the trench. Then in plain and emphatic English, he ordered the Huns to advance in threes and pile their arms, warning them that he would bomb the crowd if one of them made a mistake. By threes they were all marched up into daylight and by three the orderly above stairs dispatched them to the rear to our own lines, with the simple warning that he was a dead shot.

The Candle Went Out.

THE Kaiser particularly wanted his Bavarians to meet our troops just once. Well, a hundred of them met four — one badly wounded — in that dug-out and have survived to tell their friends in Germany what they think of the contemptible little army — some day.
