

	PAGE
(f) Osteomalacia	72
(g) The Bamberger-Marie Disease	74
(h) Acromegaly, Gigantism, Dwarfism, Infantilism	77
(i) Leontiasis ossium	77
(j) Oxycephaly; Pyrgocephaly	78
3. The Osteopathies of Circulatory Origin	78
(a) Gangrene of the Foot and Toes	78
(b) Barlow's Disease	79
4. The Inflammatory Osteopathies	80
(a) Acute Osteomyelitis	80
(b) Chronic Ostitis and Osteomyelitis	81
(c) Acute Periostitis	82
(d) Chronic Periostitis	83
(e) Syphilis of the Bones	83
i. The Bones in Secondary Lues	83
ii. The Bones in Tertiary Lues	83
(f) Tuberculosis, Actinomycosis and Sporotrichosis of the Bones	85
(g) Paget's Disease	86
5. The Neuropathic Osteopathies	90
6. The Parasitic Osteopathies	90
7. The Neoplastic Osteopathies	90
 C. Special Diagnosis of Diseases of the Joints	 93
1. The Congenital Arthropathies	93
2. The Static and the Toxic-degenerative Arthropathies	94
3. Arthropathies of Circulatory Origin	95
(a) Bleeder's Joint	95
4. The Inflammatory Arthropathies (Arthritides)	96
(a) Classifications of Arthritis	96
(b) Acute Arthritis	97
(c) Chronic Arthritis	98
i. Pathological-anatomical Grouping	98
ii. Etiological Grouping	99
iii. Clinical Grouping	100
1. The True Chronic Gouty Arthropathy	100
2. Primary Hypertrophic Osteo-arthritis	101
3. Chronic Arthritis Secondary to Infec- tious Processes	102
4. The So-called Primary Chronic Progres- sive Polyarthritis	105
5. Certain Special Joint Conditions	107
5. The Neuropathic Arthropathies	116
