THOMAS STONE & SON, Importers

Out of Town Visitors to the Chatham Fair

When in the city are invited to make our store their headquarters. We'll take care of all your packages without charge—come and go as often as you like. Consult our time tables and ask us for all the information you need—we're posted. Make our store your store.

Fall Clothing

These nippy mornings and evenings are whistling the overture. The full Fall and Winter chorus will soon be heard.

DON'T YOU NEED AN OVERCOAT?

DON'T YOU NEED A FALL SUIT?

Then Remember

Our "Good Clothes"

In the first place, they are made of the choicest, newest cloths. Not a material is used at any price that is not pure wool. The styles are always the most advanced. The tailoring is better than that of most custom tailors, and thorough inside and out. Our clothing looks well and holds the shape always. Then, too, there's this satisfaction—every garment is guaranteed absolutely. Our clothes are made to suit, have suited and do suit Chatham's most particular men. There's one more point—

NO CLOTHING FITS LIKE OURS!

Men's Overcoats, \$5.50, \$7.50, \$10.00, \$12.50 and \$15.00.
Men's Suits, \$7.50, \$10, \$12.50 and \$15

RARE CANADIAN STAMPS.
London, Oct. 5.—(Telegram cable).—At a sale of rare postage stamps here a Canadian 12-penny, black, issued in 1851, sold for £21; a New Brunswick 15-cent, purple, for £36, and a Newfoundland two-penny, scarlet, for £49.

ANARCHISTS ARRESTED.
Rome, Oct. 7.—Glavinovich, an Anarchist, who recently arrived here from Dalmatia, has been arrested. He had been heard to threaten the lives of the Pope and of Cardinal Rampolla, pontifical secretary of state. Boschi, another Anarchist, has been arrested in Milan.

BIG DEFICIT

Revenue Returns for France Are Far from Satisfactory—There is No Excuse.

Paris, Oct. 7.—Official returns for September show that the decrease in the revenue is 22,096,700 francs, compared with 20,082,300 in the same month of 1900. Under the estimates the total deficit for the nine months of 1901 amounts to 137,000,000 francs, compared with 88,000,000 during the same period of 1900. Under the estimates sugar is responsible for a deficit of 40,000,000 francs.

The Temps to-day takes a gloomy view of the prospects. It says it is impossible to face such a situation without serious anxiety, with no particular circumstance of unusual expenditure to justify it. The Temps adds: "Therefore, there is no reason to expect its disappearance, and we are compelled to ask ourselves with anguish, if we are thus ruined in peace time what would happen if we had war! In such a case the people would find a simple explanation, in attributing the situation to the fault of the government. This explanation is open to discussion, but it will be prudent to take it to serious account in a country with universal suffrage, where current discontent might destroy the republic. We must remember that a deficit was the immediate cause of the overthrow of the monarchy of Louis XVI."

The Temps demands rigid economy in the budget of 1902, which will come before parliament immediately after it resumes, Oct. 22.

RELEASE THE INSPECTOR

City Board of Health Dispense with the Services of Mr. Gutridge.

There Were Many Applicants for the Position—Mr. Thompson's Appointment Recommended.

The services of the present sanitary inspector are to be dispensed with. This was the decision arrived at by the Board of Health at their regular monthly meeting yesterday afternoon.

There were present at the meeting Chairman, Dr. Thornton, and Messrs. O. B. Hulin, A. D. Westman, Dr. R. V. Bray, R. J. Dunlop, and W. S. Richardson.

The stated reason for the dismissal was the apparent inability of the present inspector to rightly perform his duties. He was requested at the last meeting of the Board of Health to hand in his resignation, but he failed to do so, and the position was taken from him. A short time ago it was discovered that there was an outbreak of scarlet fever in the Queen street School. It was learned afterwards that the inspector had not rightly reported the cases.

Applications from the following citizens were considered:—

Fred. Thompson, A. T. Mounter, F. A. McKindsey, Newton Eberts, Adam Bryden, W. G. Arnold, S. A. McCormack and others.

It was moved by Mr. Hulin, and seconded by Dr. Bray, that the position be given to Fred. Thompson.

Mr. Dunlop moved in amendment that the position be given to David Holmes. Mr. Holmes did not hand in a written application, but, however, was a candidate for the position. He failed to get a second.

Mr. Hulin's motion was carried unanimously with the exception of Mr. Dunlop's vote.

The following sanitary officer's reports were read:—

Sept. 2.
To the Chairman and Members of the Board of Health, Gentlemen,—Since my last report there have been two cases of scarlet fever, one on Adelaide street, and one on Park avenue, which two have recovered.

There have been three cases of diphtheria reported, one on Adelaide street, one on Queen street, and one on King street. All have recovered with the exception of one who is now in the hospital.

Sewers Flushed.
Sewers on Wellington street, from the C. P. R. to Lacroix street; Raleigh street, Grey street, Lacroix street, Inches avenue, William street, Adelaide street, St. Clair street, Joseph street, Witherington street, Grant street, Head street, from Grant street to Victoria avenue, Murray street, Prince street from High School to the creek, Colborne street, King street, Victoria avenue, Barthe street, Kent street, West street, Prince street, Princess street, Duke street and Elizabeth street.

I have disinfected the following houses where there have been contagious diseases: House on Third street, which has been occupied by C. J. O'Neill; General Hospital contagious ward, one on Thames street. The child was brought in from the country suffering with diphtheria; was going to take child to the hospital, but died in the house on Thames street.

Two different complaints have been made of people keeping hogs inside the corporation on Park avenue, which grievance has been removed.

JOS. R. GUTTRIDGE, S. Inspector.

To the Chairman and gentlemen of the Board of Health.

Since my last report there have been the following cases of contagious diseases:

Scarlet fever, F. Judson, Adelaide street.

Scarlet fever, Mrs. Hunter, Lorne avenue.

Scarlet fever, Mr. Dawson, Baxter street.

Scarlet fever, Mrs. Rouse, Baxter street.

Scarlet fever, Mr. Scott, Park avenue.

Scarlet fever, Mr. Thomson, Park avenue.

Scarlet fever, Mrs. Breen, Park street.

The case of scarlet fever at Frank Judson's has recovered and house disinfected; the house of Mrs. Thomson and child is still in the hospital also disinfected; the house of Mrs. Rouse and Mrs. Breen's. The children are still at the hospital. There is still six cases of scarlet fever at the hospital and three treated at home.

Two cases of diphtheria, one at Mr. Mounter's, Park avenue west, which has recovered, was treated at General Hospital; one case of diphtheria at Mr. Gregory's on Lorne avenue, which has recovered was treated at home; the houses disinfected.

I have disinfected five rooms at the Queen street school, also disinfected.

THE REWARD OF BRAVERY

Mayor Sulman Decorates Young Morrison with Medal for Saving Life.

Rescued a Comrade From the Waters of the Thames at the Risk of his Own Life.

The presentation of the bronze medal, donated by the Humane Society for the saving of a human life at the risk of the savor's own, was a pleasing feature of the Council meeting last night.

The Council had scarcely assembled in its accustomed place when Mayor Sulman arose and called John Clifford Morrison, the young son of John S. Morrison, to the dais that surrounds the seat of the chief executive officer of the city.

The lad—a manly little fellow scarcely yet entered his teens—came forward, neither bashfully nor boldly, but with perfect self-possession.

The Mayor in presenting the beautiful reward, bravely gained, said: "I may say that among the many duties that devolve on the occupants of the mayoralty chair, and these duties are diverse in kind and variety, some being pleasant and others the reverse, there is none more pleasant than the honor of pinning the badge of the Royal Humane Society on a little lad the size of Master Morrison. It is just as much honor, and perhaps more, than to receive the Victoria cross. To attain this coveted mark of bravery the soldiers on the battle field take great risks, but none greater than this little fellow took. He jumped into the river at the risk of his life and saved a companion. I take great pleasure in fastening this medal to the boy's coat and may he live long to wear it."

The Mayor suited his action to his words and the whole Council applauded the lad as he retired.

KING'S BIRTHDAY

Holiday will be Observed All Over the Dominion on Nov. 9.

Ottawa, Oct. 7.—Under a federal statute the birthday of the reigning sovereign is to be observed as a public holiday all over Canada. The law authorizes the Government to name by proclamation some other date for the celebration if they deem it advisable, but no such step has been taken. Consequently the day to be observed this year will be Nov. 9.

This will give Canadians two holidays next month—the King's birthday and Thanksgiving day, on the 28th.

RUSSIAN RUMPUS

Blood-Clash Between Orthodox and Sundry—Over Eighty Killed.

London, Oct. 8.—"In Pavlova, a town of 4,000 inhabitants, 120 miles from Kharkoff," says a despatch to the Standard, from Moscow, "a quarrel between students and orthodox church people led to a free fight. The Russian church was wrecked. Eighty people were killed. The police were powerless, and troops were sent from Kharkoff to restore order. The Russian priests escaped with the more valuable sacred images and altar vessels."

PASSED BILLS

Considerable Routine Business Was Transacted by the C. C. I. Board.

The trustees of the Collegiate Institute held their regular monthly meeting yesterday afternoon.

The fuel question was discussed and it was decided to test Smokeless's soft coal at \$1 per ton.

The only communications the secretary had were one from the militia department with a cheque for fifty dollars for the cadet corps and the other a statement of the Bank of Commerce account, which was \$1,195.95 to their credit.

The following accounts were ordered paid:

J. R. Reid, measuring cadets, \$2.00.

City waterworks, \$5.27.

J. L. Scott, coal, \$25.29.

S. Stephenson, \$3.35.

Underwood typewriter, \$90.00.

J. R. McGregor, photo, \$1.25.

R. Biddell, 50 cents.

Canadian Typewriter, \$5.10.

Westman Bros., work, \$3.40.

Mr. Plummeridge, \$17.03.

Total, \$164.19.

The account of J. C. Wanless for \$125 was referred to finance committee with power.

Those present were Chairman Scullard and Messrs. Battisley, White, Bell, McVean and Secretary T. R. Harris.

MAY RESIGN IN A BODY

Board of Health Much Incensed at City Council's Disregard of the Recommendation.

Are Holding a Special Session This Afternoon to Take Action—Declare it an Outrage.

There is war and rumors of war. The City Board of Health are in contention this afternoon and the special meeting is called for the express purpose of figuratively sitting upon the City Council.

The appointment of health inspector is the bone of contention and feeling is alleged to run high. The Board at their meeting yesterday afternoon united upon a nomination for the vacant position they had created and submitted it to the Council with recommendation for appointment.

But the Council saw through different glasses and ignored the Board's recommendation altogether, making a separate appointment of their own.

"It is the most gratuitous insult the Board has ever received," said one member to The Planet this morning, "and there is no disposition on our part to submit to it. A more deliberate slap in the face was never given and the protest will be emphatic."

"It is simply an outrage," declared another member emphatically.

It is generally understood that, unless some satisfactory settlement is arrived at the Board of Health will resign in a body.

"We were very much pleased with the design you sent. It was beautiful and appropriate." The Victoria Ave. Greenhouses receive such words of commendation every day. Telephone No. 181.

BLOODY BATTLE

Sunday Services were Interrupted by the Settlement of a Family Feud.

Knoxville, Tenn., Oct. 7.—In a bloody fight at the Union Baptist church at Big Springs, 10 miles from Tazewell, Tenn., yesterday, four men were killed, two mortally wounded and three wounded less seriously.

There was preaching at the church, and about 600 people gathered. Just before 11 o'clock service, Tip Chadwell went to the spring, 50 yards from the church. Rush Morgan was at the spring, and began firing at Chadwell. The fight lasted half an hour.

Sheriff James Brook attempted to arrest Asa Chadwell, who resisted. Both Brook and Asa Chadwell were wounded.

The feud between the Morgans and the Chadwells had existed a long time. They met at Walnut Hills, Va., last Christmas, when a pitched battle ensued, in which several were killed. Eighteen months ago, they met near the Hancock line. Fighting followed and one was killed. Both the Chadwells and Morgans are prosperous and influential and have large families. All their members are fearless.

IN THE Centre of Africa the fame of Pain-Killer has spread. The natives use it to cure cuts, wounds and sprains, as well as bowel complaints. Avoid substitutes, there's only one Pain-Killer, Perry Davis'. 25c. and 50c.

Keep Minard's Liniment in your House.

TECUMSEH MONUMENT

Thos. Scullard is Very Heartily in Favor of the Project.

Counsels the Appointment of a Strong Committee to Take Charge of the Movement.

Thos. Scullard, chairman of the C. C. I. Board, is one of those who is anxious to see a monument to Tecumseh on the park. Speaking as a member of the Macaulay Club, he said:—

"Some years ago I suggested in the Club that a monument to Tecumseh was a part of the duty of every resident of Western Ontario. I have always felt that this district should have some remembrance and some permanent memorial to the great Indian leader, Tecumseh."

"This district, and especially that part of the County of Kent lying adjacent to the River Thames, should have some monument, because it was through this country that the retreat was made and it was the point at the confluence of the creek and river that Tecumseh with rare perception selected as the place to oppose the Americans. The British General unfortunately neither accepted his advice nor respected his counsel and retreated with disastrous results."

"Patriotism isn't taught in any formal way, but something that appeals to the feelings, incidentally, like a monument, is one of the most effective ways of arousing public sentiment. The monument would be an object of beauty, an ornament to the park and a continual stimulant to patriotism. I don't think we should make a world's effort and raise all the money at once, but should make a beginning. I would suggest that a committee be formed of the two members, the mayor of the city, the warden of the county, the president of the Macaulay Club and three or four other gentlemen whom they may appoint to assist them."

"They should take whatever means they thought best to accumulate a fund. Even if it took till 1912 to raise the money so much the better, because then the statue could be unveiled on the hundredth anniversary of Tecumseh's death, and the eleven years that must elapse would allow sufficient time to collect a sum that build a monument worthy of the city, the country and the hero."

THAT REVOLVER

Supt. Jones Still Has for Identification the Weapon Found in the Creek.

Supt. Jones has completed putting the waterworks pipe across the creek at Adelaide street. It is a first class job in every respect. The pipe has been put 8 feet under the water and the pipe has been laid on a flag bottom excavated by a dredge made especially for the work by Supt. Jones.

Many things were brought up from the bottom of the creek by the dredge, including several tin cans. The revolver, previously mentioned, as having been taken up by the workmen, is 32 calibre, nickel plated, and is loaded. The revolver had evidently been dropped in the creek by someone, most likely to destroy evidence of a crime. Perhaps a would-be suicide lost his nerve and dropped the weapon in the creek. Perhaps a man arrested, had quickly dropped the weapon into the creek as he was passing over the bridge in charge of an officer. Many conjectures have been raised, but none as yet have been successful in solving the mystery of the loaded revolver.
