

GENERAL STATEMENT.

The want of a College in Western Ontario, in connection with the Presbyterian Church, for the training of Young Ladies, has long been felt. The matter has frequently been discussed in public, but till recently without any effective steps having been taken to organize such an Institution.

This lack has now been supplied by the establishment of a first-class *Young Ladies' College* in the City of Brantford, and the promoters confidently appeal for support and encouragement to the ministers and members of the Presbyterian Church in Canada.

The location secured for the College is all that can be desired as a home for Young Ladies. While offering the most complete retirement for study, it is at the same time within easy walking distance of the principal business streets of the city, and commands a view of the surrounding country that cannot be surpassed for extent and beauty. The house has been finished with a degree of elegance but seldom seen in first-class private residences, much less in public institutions. The grounds, extending to three and a half acres, are beautifully laid out, and everything provided that can conduce to the health and comfort of the pupils.

The building, which is throughout heated with steam, lighted with gas, and provided with bath-rooms, has been suitably furnished, and no expense spared to render the College at once attractive and comfortable.

COURSE OF INSTRUCTION.

There are two departments in the Institution :

I. The Preparatory or Elementary. II. The Collegiate.

The preparatory course will usually extend over two years, and the Collegiate course over three years ; but students may be admitted to the Preparatory and Collegiate classes at any stage of advancement.

Candidates for admission to the *Collegiate* department must be at least twelve years of age, and must pass a preliminary examination, in order that their standing may be ascertained and their places assigned them in the College classes. When a student is further advanced in some branches than in others, she will not be obliged to go over any study in which she can pass
