

superstructure of bridge over the Assiniboine river.

BIRTLE, MAN.—T. W. Thomson wants tenders by 27th inst. for erection of bridge, with stone abutments, across the Bird Tail creek. Plans at C. J. Mickle's office.

BARRIE, ONT.—The School Board will invite architects to submit plans by June 9th for new eight-room school for South Ward, including system of heating and ventilating.

NEW CARLISLE, QUE.—Tenders desired by the Department of Public Works, Ottawa, up to June 9th for extension to wharf here. Plans on application to the Postmaster.

HUNTSVILLE, ONT.—Gordon Denton will receive tenders up to 25th inst. for erection of new church hall on High street. Alternative tenders taken in brick or concrete blocks.

NEEPAWA, MAN.—The Board of Trade have requested the Town Council to engage an engineer to take levels and report upon the feasibility of building a dam across the White Mud river.

PORT STANLEY, ONT.—The De-

partment of Public Works, Ottawa, are taking tenders up to June 5th for construction of two breakwaters at this place. Plans on application to the Postmaster.

RENFREW, ONT.—Councillors Handford, Logan and Gravelle have been appointed a committee to consult with a competent engineer as to the best method of improving the water works plant.

TEESWATER, ONT.—W. H. Green, proprietor of the electric light plant, has offered to install a new Wheelock engine provided the Council would build a one-storey engine and dynamo room.

NELSON, B. C.—A. Carrie, architect, has prepared plans for a new building for the Kootenay Lake Telephone Co., brick, one storey and basement.—F. C. Green will let the contract this week for new residence.

INGERSOLL, ONT.—The Merchants Bank will erect a building at corner of Thames and Charles streets.—Plans have been prepared by H. C. McBride, architect, of London, for enlarging the King street church.

ST. THOMAS, ONT.—About \$28,000 will be expended in the near future in improving the waterworks system. A reservoir will be built about three miles up Kettle Creek. James A. Bell, C.E., will likely have charge of the work.

VICTORIA, B.C.—A new brick block will be built on Government street by Mr. Promis, of San Jose, California.—F. M. Rattenbury, architect, has prepared plans for a four storey building to be erected on Fort street by the Melrose Co.

FERNIE, B.C.—The Trites-Wood Co. have decided to build their new block this year.—T. H. Tracey, C.E., will, in addition to submitting a report on a system of sewerage for this place, make an approximate estimate for a waterworks system.

SASKATOON, N.W.T.—The Fire, Water & Light Committee will give Mr. Johnston, of Regina, a ten-year franchise for lighting, in consideration of which he will install an electric plant.—Thomas Copland is getting plans drawn for new house.

FORT FRANCES, ONT.—The Backus-Brooks Co. have selected a site

THE GOOD ROADS MACHINERY COMPANY, LIMITED, Hamilton, Canada

Our No. 4 "CHAMPION" Mounted Rock Crusher with Elevator and Chute, Screen

The Very Latest "UP-TO-DATE" Portable Mounted Outfit Manufactured

Patented March 22nd, 1900.

Patented June 7th, 1904.

ON THE ROAD

The Steel "CHAMPION" Rock Crusher is the result of years of practical experience in crushing Rock from the limestone Ridges to the very hardest Syenite Rock. For crushing hard Boulders they have been proved to be superior to all competitors.

All mechanics agree that the simpler the machine the more valuable it is. In complicated machines look out for trouble and expense.
