GOSSIP.

John Gardhouse & Sons, Hightfield, Ont., ordering a change in their advertisement, write: "We have just shipped to Arthur J. Dove, of Halifax, N. S., a carload of Shorthorn cattle and Lincoln sheep. They are a right good lot, including one imported bull. We still have a right good lot of young Shorthorns, and a few No. 1 Shire stallions and fillies, just imported in August, for sale, as well as a number of choice Lincoln ram lambs."

LORD BRASSEY'S OPINION OF CANADA.
(English correspondence.)

Lord Brassey, who has recently been touring in Canada, was quite optimistic regarding the Dominion in his Presidential address at the recent meeting of the Associated Chambers of Commerce, at Leeds, Canada, he said, offered many opportunities to fathers with growing sons, and fruit farming was an employment specially suited to women. Canada is an excellent market for British goods. The consignments from Great Britain exceed those from all other countries. In 1909, they were valued at 87,000,000 dollars, against but 6,000,000 dollars from Germany.

During the meeting, there was a discussion on employment, and it was suggested that the hundreds of thousands of pounds spent at home on unremunerative or relief work, might be used to place the unemployed on land in the colonies, and make them producers and not a burden to the community. At home, too, there are a large number of boys who go into what is termed "blind-alley" employment, which leads nowhere. At 16 or 17 years of age, these boys are replaced by others, and are just the sort of material required in the over-sea dominions. The conference passed a resolution in favor of an imperial scheme of emigration and land settlement in order that men might find employment on the land, either at home or in the colonies.

Once, again, an endeavor was made to reopen the question of the admittance of Canadian cattle into this country. A resolution was moved, and supported largely by delegates from Hull and Glasgow. The discussion was principally on the injury the exclusion causes to indirect interests, such as the users of tallow and hides. No action was taken, and a direct vote was buried by the moving and carrying of the previous question.

LEARYLAW CLYDESDALES, LEICESTERS, AND DUROC-JERSEY SWINE.

Clydesdale horses, Leicester sheep, and Duroc-Jersey swine, are the specialties in pure-bred stock-breeding at Learylaw stock farm, the property of Mac Campbell & Sons, Northwood, Ont. This well-known farm lies in the county of Kent, two miles from Northwood Station, on the G. T. R. The name of Mac Campbell has been before the readers of "The Farmer's Advocate" for a great many years. He has shipped stock, particularly Duroc-Jersey swine, of which he is the most extensive breeder in Canada, to every Province, from sea to sea, with universal satisfaction. Just now, the Messrs. Campbell have fourteen sows in brooding, including such good ones as Howard Queen 669, by Royal Trader, dam Red Rose, by Duke of Harwich; four of her daughters are also doing duty as breeding matrons. Daisy 820, by General Jack, dam Maid of Honor, by Jabel, and her full sister, Annie 819, Red Mollie 809, Red Bird 810, etc. These mentioned are principally the foundation sows imported from the leading breeders of the United States. They are an exceptional choice lot, of a type, on bacon lines, that would be a revelation to Canadian swine-breeders not conversant with the modern type of this popular, easy-feeding breed. The main stock lot is Canada Best (Imp.) 711 C., 1909; A., by Useful Boy, dam Waggoner Lady, by Sutton's Dictator. This hog has won at all the good shows, as well as at London and Windsor. Second in service is Jack 821, General Jack, dam Maid of Honor, by Jabel. This hog will weigh 700 pounds, and is probably the best Duroc-Jersey in Canada today. He has wonderful length, good depth, strong bones, and

We go to all parts of the world for the wonderful ingredients of Psychine (pronounced Si-keen). We combine these ingredients in the finest chemical laboratories in Canada, and so great is our 30-year-old faith in this preparation that we'll buy a 50-cent bottle of it from your druggist and give it to you to try.

For nearly the third of a century we have known what Psychine will do. We have known it to cure hundreds of thousands in that time, of some of the most desperate cases of disease known to medical science.

We have received thousands of unsolicited testimonials, which we will gladly let you look over should you desire.

Think of it, a third of a century's experience with one preparation, a third of a century's intimate knowledge of what extraordinary cures it has made—almost a lifetime!

Do you wonder then with that perfect knowledge of Psychine, that we are anxious to bring it to the notice of everyone in Canada suffering from disease?

Do you wonder that we want those to know who are using wrong methods of cure, who are not getting well, and who we know will be benefited by Psychine.

Do you wonder that we can buy hundreds of thousands of 50-cent bottles of Psychine from the druggists of Canada to give to those who wish to try it?

Psychine builds vitality.

It strengthens and increases the white corpuscles of the blood—the phagocytes, the policemen or scavengers of the blood.

These white corpuscles of the blood, when strong enough, destroy every disease germ that gets into the body, keeps the body healthy.

If these white corpuscles are not in sufficient numbers or are not sufficiently strong, then these disease germs destroy them and disease holds the body. That's the cause of nearly every disease that afflicts the human race. For years, centuries, in fact, it has been recognized that herbs are the most effective treatment for disease.

It is only within recent times that we have been able to tell just why they were so effective.

Because certain of them increased and strengthened the white corpuscles or phagocytes.

These herbs are employed in compounding Psychine.

We go all over this world to obtain these herbs. Arabia, South America, China and Japan all contribute.

And the result is a preparation that will restore health and build vitality as no other preparation will.

That has proven itself in nearly the third of a century's use as no other preparation has proven itself.

That is a most effective treatment for:

La Grippe	Bronchial Coughs
Bronchitis	Weak Lungs
Hemorrhages	Weak Voice
Sore Throat	Spring Weakness
Anaemia	Early Decline
Female Weakness	Catarrhal Affections
Indigestion	Catarrh of Stomach
Poor Appetite	Night Sweats
Chills and Fevers	Obstinate Coughs
Sleeplessness	Laryngitis and
Nervous Troubles	Dyspepsia
After-effects of Pleurisy, Pneumonia and La Grippe	

Now we don't ask you to take our word for the tremendously beneficial effect of Psychine. Fill out the coupon

below, mail it to us and we'll give your druggist an order (for which we pay him the regular retail price) for a 50-cent bottle of Psychine to be given you free of cost.

We will undoubtedly buy and distribute in this manner hundreds of thousands of these 50-cent bottles of Psychine.

And we do that to show our entire confidence in this wonderful preparation.

A confidence that has been based on our 30 years' experience with this splendid preparation, with a full knowledge of the hundreds of thousands of cures it has made.
