

DR. WILLIAMS' Fly & Insect Destroyer

MANUFACTURED BY
BAKER & BOUCK

Have you money to invest? How would you like to make 1,000% on your investment? You can do it.

We have it on the word of one of the largest breeders of thoroughbred cattle in Canada, that for every dollar's worth of DR. WILLIAMS' FLY & INSECT DESTROYER he uses he gets in direct returns \$10. His books prove his statement.

ATTENTION, STOCKMEN!

If thieves broke into your bank and stole your hard-earned deposits, you could not punish them severely enough, but flies and lice on your cattle and poultry do the same thing, yet few raise their voices in protest or their hands to restrain them, though they are fully aware that DR. WILLIAMS' FLY & INSECT DESTROYER will render their stock and poultry as safe from these pests as the bank. Try it, and be convinced.

Josephine, the Missouri Chief, the most wonderful cow in the world, valued at \$20,000, producing 17,000 lbs. of milk in 6 months and 529 lbs. butter, was subjected to the annoyance of flies for one day, and the quantity of milk was reduced by 18 lbs. from the day previous. Calculate what that means for the season, and add the result to your bank account, and see what DR. WILLIAMS' FLY & INSECT DESTROYER can do for you.

If your local dealer does not carry it, see that he orders it at once.

The Garden of a Com-muter's Wife.

CHAPTER XIV.—Continued.

So he has recognized it all along! Dear, blessed, stupid men, why don't you realize what your slightest word of praise is worth to those who love you? I've waited quite three months for those few words. By the same token—for it's growing cold this afternoon—I must make haste to gather a great jar of dahlias and red geraniums with their leaves, to supplement the hearth fire we shall have at dinner time, keeping one ruby velvet flower for my hair.

Effie has brought in the tea, and said: "Mrs. Corkle bids me say that she would like to speak private with you and Mr. Evan, and she may."

What can it be? Are the bread lessons too difficult for her to master? Is it the "ome-brewed" again, or can she be wishing to go back to England when the year is up? I thought that she had seemed happier since Effie's coming. Six months ago I should have welcomed this, but not now. There is a great deal of home comfort concealed about Martha Corkle, if only she and her environment were not somewhat at odds.

XVII. SEPTEMBER.

The Apotheosis of Martha Corkle. September 28. Can it possibly be only twenty-four hours since I closed my Garden Boke in haste, and left it on the window seat? Since the afternoons have become cooler, close before dusk I find myself lounging or writing in my watch-tower, as Evan calls the latticed window. Through its diamond panes the garden landscape separates itself into miniatures personal and intimate, which, by the opening of the casement merge again into one broad picture.

Earlier came home last evening a little after dark, which is now before six. I had been to a consultation a half an hour's drive away, but instead of seeming worried or tired, he was laughing heartily as he opened the door, which hilarity, upon seeing me, he subdued to an exceedingly quizzical expression about his nose, such as his face wears at times of special

New Hose Free

Six Months

For Men, Women and Children

Here is freedom for all time from hose that need darning. Order six pairs of Holeproof Hose in the manner indicated below and we'll give you a signed-in-ink guarantee that they will wear without holes for six full months. If one or all pairs show in that time the slightest hole or tear or rip, return them to us and get new hose free.

That is the guarantee under which Holeproof Hose have been sold in the States for the past twelve years. These hose are a wonderful success. The business is fifty times greater to-day than when the hose were first sold this way, proving a marvelous product. Last year 5,400,000 pairs outlasted the guarantee, wore longer than six months.

Think what it means to have hose wear six months—without any darning—without any discomfort—hose that are soft and pliable, made in the lightest gauge weights for summer, as light as any hose can be made, yet guaranteed to wear six months.

We can do it because we use the best cotton yarn—costing an average of 70 cents a pound, the top market price. Common yarn sells for 30 cents. We carry like quality all through the goods. They are thus made to stand the guarantee. Don't wear common hose when you can get hose like these. "Holeproof" costs the same as the common kinds sold with no guarantee whatever.
