Men Try my Cure Free!

I ask not one penny in advance or on deposit. I accept your word to pay me when cured.

> I know the terrible mental torture of the nervous debility sufferer, but I also know his gratefulness when restored, and that is the basis for my free treatment until cured. Can any such sufferer come to me and be made a man among men, and then refuse to pay a few dollars for aiding him to become so? I say, no, and my wonderful success backs up my judgment. I wish that every sufferer knew that the effect of Electricity upon the weak, debilitated man is the same as rain upon the parched field in summer. He may be debilitated from varicocele, losses, impotency; may have confusion of ideas; fear to act and decide; gloomy forbodings; timid and fretful; avoid friends and company; without confidence in himself to face the slightest responsibility, and let him properly apply Electricity for but a few hours and all these symptoms vanishgiving way to glowing, soothing vigor through every weak part. A few weeks' to a couple months' use of this treatment banish them forever, and make strong, confident, manly men out of the puniest weaklings. For nearly 40 years I have treated

and restored weak men through my world-famed invention, and am still doing so with greater success than ever. In fact, I do not expect to fail in any case of this kind, and therefore as men are more or less skeptical I will continue to give my Herculex

Dr. Sanden Electric Belt Free Until Cured

and as said not one cent is to be paid in advance or on deposit. Call or write and get the belt and use, say for 60 days, and if cured pay me price of belt only-many cases low as \$4-if not cured return the belt and the deal is ended. But I know what the belt will do, and will take the risk of my pay when you are cured. I also give my belts on same terms in Rheumatism, Lame Back, Stomach, Kidney and Liver complaints, etc. Think of a remedy that has stood every possible test for nearly 40 years—the only one ever successfully given to sufferers on its own merits!

As the originator and founder of the electric belt system of treatment my 40 years' success is the envy of many, and my belts of course are imitated. (What good thing is not?) But my great knowledge to advise and direct my patients is mine alone, and free to all who use my belt until cure is complete.

Call or send to-day for my belt. Or if you want to look into the matter further, I have the two best little books ever written upon Electricity and its medical uses, and send them free, sealed, upon request.

GOSSIP.

We are in receipt of the 1905 catabraith & Son, Brandon, Man. This catalogue is a work of art, being printed on fine paper and illustrated with good half-tones; it is free from laudatory sentences, and confines itself to a brief description, color and age and the breeding in the extended form-pretty good evidence that the Galbraith firm are prepared to let the individuality and breeding of the horses speak for themselves.

Few horse salesmen can so control themselves as to let the animals sell themselves, but judging by the catalogue and the prizewinning records of horses imported and owned now or at some time by this firm, such is likely to take place as farmers get more and more discriminatory in their purchases of sires. The best are none too good for the Canadian West, and it is a matter for congratulation that such opportunities are offered by the Brandon firm to purchase wellbred stallions.

A new importation to the Shorthorn ranks of this Province is Meteor, the roan yearling bull purchased by Jno. Barron, Carberry, at the Miller sale, Meteor is one of the Missies, and is an individual of up-to-date Shorthorn type, a low-down, thick-set fellow. On his sire's side are ranged such bulls as Langford Eclipse (83848), a Sittyton Lavender sold at Miller's sale to a States buyer for \$1.425; the dam of Langford Eclipse being a Lavender cow; by Royal Baroon grandam by Prince Royal and tracing to Heir of Englishman (24122).
