To the Farmers, Breeders, and all who use this page for advertising purposes

The rates on classified advertising in The Guide have been, ever since its inception, unusually low; in fact, much lower than they should have been to even give us sufficient revenue to meet the cost of production. In view of the present increased cost of production, increase in circulation and service, we now find it necessary to raise the rate on classified advertising.

On and after December 1, 1912, the rates on classified advertising will be as follows:—

4c. per word per week

20c per word for six weeks

Payable in Advance

All ads, however, which are mailed to us before December 1st will take the present rate. The Guide has always carried a large amount of classified advertising and has brought exceptionally good returns, in fact, has produced more business than could be taken care of.

Send us your ads and we will produce the business
