The Organized Farmers

Our Ideal:

"FROM PRODUCER TO CONSUMER"

Our Constitution:

"Every Share-
holder a Farmer"

Our Ambition:

"Every Farmer
a Shareholder"

YOUR OWN COMPANY ALL THE WAY!

WHAT ARE YOU DOING TO HELP?

Two things we want you to do:—

Ship your grain to the Grain Growers' Grain Company, and buy stock, thus increasing our capital and our ability to serve you.

You should ship to us because we are your own company.

Because we can give the best service possible.

Our Inspector, Mr. Massie, has been in the grain business for 27 years, starting as assistant to Mr. Horn, and he inspects a sample of every car shipped to us. If he thinks you should get a better grade than that given by the grain in-

spector's office, he asks for a re-inspection, thus assuring you the Best Possible Grade on every car shipped.

You Should Buy Stock in the Company

1st. Because it is your duty to support the Organized Farmers.

2nd. Because it is a good paying proposition.

We have never paid less than a 10% dividend, and now have in reserve \$200,000 or enough to pay a 40% dividend on our stock.

Return either Coupon and we will tell you all about it
