PARTY POLITICS
CAST ASIDE

TWO NONAGENARIAN SENATORS ARE HONORED AT OTTAWA.

Pleasant Gathering in Which Party Has No Part—Genial Utterances of Party Leaders.

Ottawa, March 23.—The Senate of Canada, gave a dinner in the Parliamentary restaurant in honor of Sir Mackenzie Bowell and of the Hon. C. F. de Boucherville, celebrating the one and the ninety-first birthday of the other Hon. J. A. Lougheed Government leader of the Senate, president and had on his right Sir Mackenzie and Sir Joseph de Boucherville, presenting his father, who was unable to be present. The vice-chairmen were Senator L. G. Power, Senator Robert Jaffray and Senator F. T. Thomson.

Premier Borden proposed the health of the two guests, Hon. Sir Mackenzie and Sir Joseph de Boucherville, and the two guests, Hon. Sir Mackenzie and Sir Joseph de Boucherville, presented his father, who was unable to be present. The vice-chairmen were Senator L. G. Power, Senator Robert Jaffray and Senator F. T. Thomson.

Not only in public life but in their private characters and these men through their long lives have been exempted from the breath of suspicion; both had always worn the white flower of a blameless life.

In acknowledging the honor Sir Mackenzie said that never had he known a man whom he more honored and respected than Senator de Boucherville. He remarked that through change the Senate had been made over in his lifetime; no less than three times.

Sir Mackenzie proposed the health of the Chairman, and in reply Hon. Senator Lougheed took occasion in felicitous terms to congratulate Sir Mackenzie on his selection as Liberal leader in the Senate. He noted that Sir Mackenzie Bowell was an Englishman by birth and a former head of the Orange Order in Canada, and that Sir Joseph de Boucherville was of French origin and an Ultramontane. They were both deeply attached to each other in their public life.

A ST. PATRICK'S
DAY CATCH

Capt. John McElroy was out on Lake Ontario this morning on business. His business was to haul nets and he was awarded by a large codfish. Fish from Lake Ontario are always good but at this season of the year, which fact was considered a rare treat, which fact was responsible for them all being sold out at noon.—Port Hope Guide.

FAKE CRIPPLES
SOON CAUGHT

Last week Cobourg was visited by a couple of representatives from the Dominion Hobbs' Association in the person of Messrs. J. N. Fitzgerald and Robert Curtis. They mapped out a plan of campaign and after deciding to use crippled cranes this time as their necessary excuse agreed that William should have the merchant territory while Robert was to have the station and train territory. This worked out for a little while, but unfortunately for them both, the result that they both landed down at Ferryville for a few months, and their terms no longer held in elings. Needless to say any men here are both strangers.—Cobourg World.

RESIGNATION
OF PASTOR

We understand Rev. W. W. Fowler, pastor of the Norwood and Lower Danforth Baptist churches, has tendered his resignation. During his pastorate here Rev. Mr. Fowler has accomplished much towards the furtherance of work on his circuit and his congregation are loath to see him leave. He has also made many friends among the congregations of other denominations, both as a citizen and minister, having been always willing to co-operate in every good and worthy movement. Mr. Fowler's resignation will not take effect for some weeks.—Register.

JNO. BOLDRICK
PASSED AWAY

John Boldrick, a highly respected resident of this city for the past four years, passed away this morning at an early hour at his home 18 Dundas street. Mr. Boldrick was born 74 years ago in Cannifton and spent the whole of his life in Shannonsville and vicinity until his removal to Belleville. He was a farmer by occupation and had hitherto led a retired life. In religion he was a Methodist.

Surviving to mourn his loss are his widow, one son, Samuel John Boldrick of Belleville, and one daughter, Mrs. (Mr.) Whitman of Picton, Ontario.

THE CHRISTIAN
IN POLITICS

Strong Address by Mr. O'Flynn.

A large audience of young people assembled in the Baptist Sunday school after the church service last night to listen to address by Mr. O'Flynn on "The Christian in Politics."

The meeting was held under the auspices of the Outlook Club. Mr. O'Flynn gave a very strong and racy address replete with sage advice and apt illustrations from his wide experience in public life. The speaker began his address by showing that the city and urban populations are the key to the political life in every land, and that the drift of population to the metropolis is due to economic rather than social causes—such as machinery, transportation, wealth and power, etc., manufactures and education.

This was amplified by reference to his travels in England and on the continent of Europe. Hence followed the proposition that it was the politician's duty to be a Christian.

There is a great need of a political party in this country, and the speaker declared the speaker in every way the self-interest who drove him to the private gain and neglect his duties to the state. The speaker declared that the speaker who only served the state in the interests of his own pocket and lust for power.

A third man whose habit is not compatible with the teachings of Jesus; this is the Christian, who poses as being a godly but he will not run the risk of contamination with the world, by going to the polls and exercising the franchise.

The speaker pointed out that Jesus lived among men, and told them to "render unto Caesar" his duty and that no man can lose his neighbor, and still be a Christian. He was rampant on every side.

"The ideal citizen was then graphically depicted in the life of Daniel, who by (1) plain living and high thinking, (2) Christian habits, (3) loyalty, (4) respect for his neighbors, (5) proved that religion and politics should be united. A hearty vote of thanks was extended Mr. O'Flynn for his excellent and timely talk.

PAINFUL ACCIDENT

On the 18th inst. on the farm of W. J. Bagerman there occurred what might very easily have been a fatal accident to John Killoran. In company with a fellow woodchopper, he was felling a tree of about 18 inches diameter, on a hillside in order to clear the way for a new road. The tree was then used from the top of the hill until it became bound in the cut, and had to be relieved by driving an iron wedge into the saw bark. As the sawing proceeded the saw became bound again and a second wedge was driven into the saw cut. When the tree was ready to be felled, the tree was felled, and the saw cut was closed, and the tree fell down the hill, and a heavy branch of the tree, top in its descent, struck Mr. Killoran in the shoulder and crowded his body to the earth from which he was unable to rise.

His companion, frightened, him out and ran for assistance and he was taken to the home of his sister, Mrs. John Killoran, in the 5th corner street. His suffering was very great, and until a welcome band of the doctor made him more comfortable and put him in a fair way to recover. The injury was found to be of the ribs, and small on the back, which suffered from pressure and strain, and both his thigh bones were broken. As a short time has passed without consciousness arising and Mr. Killoran is comparatively comfortable, it is now hoped that he will recover and have use of his legs again in due time.—Stirling News Argus.

DISASTROUS
RUNAWAY

A runaway from the G.T.R. station last evening made many miraculous escapes. The horse was in position at the station, awaiting the arrival of the 10:49 train. One of the drivers after securing his passengers started out, and the other back on suddenly followed without a driver. After going for some distance at the usual gait the team broke into a gallop and whizzed by the other track. The 10:49 train from the north was late and a fierce collision with the train and the runaway team occurred at the Harvey crossing, John street. The team arrived just in time to smash into the rear coach of the train and both horses were hurled over the embankment to the east. One of the horses had three legs broken and had to be shot immediately.

The other one is suffering from painful injuries and it will be some time before it is in condition for use on the tracks. The steps of the car were torn off by the crashing and Mr. William Green, a man who was riding on the back of the coach was thrown to the ground and had two bones of his left leg broken.—Port Hope Guide.

CHILD HAS
PASSED AWAY

John Leroy McBrien, infant son of Mr. and Mrs. Samuel McBrien is dead.

Arthur Juby met with a very serious and painful accident on Monday when he and a companion were splitting wood, and in some way the companion's axe came down on Mr. Juby's head, laying it open and his entire right leg.

PAINFUL ACCIDENT

With the passing away of John Berry on Wednesday of last week, Deseronto loses another of her landmarks. Mr. Berry had not been well for some time, so that when he was taken suddenly ill of pleurisy his weakened constitution was not able successfully to combat the disease, which terminated fatally. The late Mr. Berry was born in Cork, Ireland, and was brought to Canada when but a child, and had lived in and around Deseronto for about 60 years. While Mr. Berry never sought publicity, he served in the Town Council, and for one term he was a Conservative in politics. Mr. Berry was twice married, his first wife having predeceased him several years ago. The burial service took place at St. Patrick's Church at 2 o'clock.

There was a large number of mourning friends present to pay their last respects to the memory of the deceased. The choir of the church sang three hymns to request. The Rev. R. H. O'Connell read the lesson and the Rev. R. H. O'Connell read the lesson and the Rev. R. H. O'Connell read the lesson.

PAINFUL ACCIDENT

The News Bureau in connection with the Publicity Department of the Great Western Railway, under the direction of Mr. H. H. Charlton, has been augmented by the appointment of Mr. Walter S. Thompson as Chief Literary Writer. The development of the railway's public relations through the building of the Grand Trunk Pacific has important and new values, and the railway's public relations not only in Canada but the United States and Europe. This necessitates an organized staff in connection with the publicity work of the railway. Mr. Thompson has been chosen on account of his capabilities to a position in this branch of the work.

Mr. Thompson is a journalist of wide experience. He began his career as a reporter on the St. James' Gazette, a London evening newspaper, notable for his literary standard. He was later in London. Later he was associated with the Harroworth regime, under Mr. J. L. Garvin on the "Observer."

In 1909 he left London for the Argentine, where he was employed by the "Herald" in Auckland, and later as a free lance in Melbourne and Sydney, Australia. From Sydney he came to Canada and for some time edited the staff of the "Daily Worker." Soon after the "Daily Worker" was inaugurated and he was appointed City Editor of that paper. Latterly he has been City Editor of the "Montreal Herald and Daily Telegraph."

Mr. Sid Vermilyea, who has been passing through a serious illness, is now making satisfactory progress towards recovery.

Mr. J. W. Correll publisher of the Stirling News Argus paid the Ontario in fraternal call today.

WOLFEBOURNE.—In Belleville, on Monday, March 23, 1914, John Boldrick, aged 74 years.

ALLEGED ATTEMPT AT "WHITE
SLAVERY" IN THIS CITY

Italian Youths Arrested—17-Year-Old Belleville Girl Received Letter and Promises of Good Salary—Italian Woman Mentioned.

The Belleville police have dug up a sensational case which bids fair to arouse much interest. Alfredo Rizzo, aged 24 years and Frank Wray, aged 26 years, two Italians, are under arrest and remand for one week on a charge of attempting to procure a 17-year-old girl of this city to enter a life of shame in Toronto.

This is an alleged attempt at "white slavery."

Rizzo and Wray have been in town for about a week. One of it is said came here to secure an unmarried Italian woman to go with him to Toronto as his house keeper, that she had lived with the man two years, and she had in the Queen City. Report states she is now living in this city in the company of a foreigner.

A letter was written by one of the men to a young girl of Belleville, who is working in a local restaurant. There the Italian youths have during the past few days been living. This letter fell into the hands of the police, it is in the nature of an inducement to go to Toronto, where she could have a fine position, good salary, fine clothes and a good time in general. It happens that this girl is a French Canadian in descent.

The Italians' addresses in Toronto are Pearl and Richmond streets. It is said that the one youth who came to see his former friend declared that if she would not go, he would open up a restaurant or eating house for foreigners in this city.

On Saturday night Constable Corrigan saw the Constable on the street and he with Sgt. Harman arrested them on a charge of vagrancy. One of them had a razor on his person when caught.

A search of their room later led to the discovery of a revolver and cartridges. These they disclaimed owning. It was rumored that the men had been on the lookout for the man at present living with the Italian woman to deal with him.

This morning Crown Attorney Anderson had a conversation with the girl and as a result the charge of "attempt to procure" was laid against the two of them.

They were remanded a week. The bail in case they are able to raise money will be of a very substantial amount.

Rizzo had over \$20.00 bills on his person when arrested.

ASPHALTIC CONCRETE
WILL BE PAVEMENTS FOR
FRONT AND BRIDGE STS.

So Council Decided Last Night—Property Owners Will Pay for 17 Feet on Each Side—General Taxpayers the Remainder—Petition to be Presented.

At last it has been decided that Front street and part of Bridge street will be paved with asphaltic concrete during the coming season.

These are the words of the council: "That asphaltic concrete pavements be constructed on Front and Bridge streets and that the property owners on Front and Bridge streets pay for 17 feet on each side, the balance to be paid for by the general taxpayers."

Furthermore it was decided that the solicitor be instructed to prepare a petition to be circulated among the property owners and that this petition be presented to a special meeting of the executive committee to be held on Thursday evening of this week.

The basis figures put in the proposition of a little less than 25% to be paid by the general taxpayers. The plan of the property owners paying for 17 feet on each side on each side means that on the residential streets they will pay for the entire pavement.

The plan is to pave Front street from the upper bridge to Dundas street and Bridge from the lower bridge to Pimichin street.

It is estimated that 18,000 square yards of material will go into the pavement.

The tenders were opened at a meeting of the public works committee. Nothing was done with regard to the awarding of the work. The lowest tender is considered responsible.

If the petition be circulated it is sufficiently signed, there will be no need of advertising the proposal of construction and work will be expedited.

The tenders were from contractors in Belleville, Detroit, Ottawa, etc.

The public works committee's recommendations regarding the pavement were ratified by the council.

Those present at last night's council meeting were Mayor Willis, Ald. Panter, Woodley, Platt, Smith, St. Charles, Weather, O'Flynn, Duckworth and McKee.

Proceedings will be taken at once to legally close that portion of Lingsham street which will be required by Messrs. Baillan and Burrell as supplied for in their petition of Feb. 23rd for the purpose of erecting thereon an extension to their present warehouse.

Considerable discussion took place over this. The Mayor contended that the price should be stipulated, this being an important item. He thought the matter could be referred back to the executive for their purpose.

Ald. Panter did not agree with the Mayor. On request the opinion of the solicitor was read as to proceedings.

The council session carried. Col. Bolton, chairman of the Board of Education, Mr. John Elliott, and Mr. W. J. Diamond, secretary-treasurer, formed a deputation to the council and made formal application asking that the items in the requisition made to the council in the early summer of 1913—referred to executive.

Ald. Duckworth asked how much time was required for tenders for the market tolls for 1914-1915.

The Mayor said the work was necessary and was a little outside of the public works department.

Ald. Platt asked if it was not a matter of courtesy for him to know of all work in his department, quoting one case of special walk-cleaning of which he knew nothing until the bills were presented.

The Mayor said the chairman should be consulted on all special work. The street surveyor was supposed to keep the streets in good order.
