by local applications, as they cannot reach the diseased portion of the sar. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

FACING FOR HATS.

By all odds the smartest facing for hats to be worn with tailored dresses is that built from narrow lingerie frills. A facing of net is cut to fit the hat, then covered with innumerable ruffles or narrow lace, either gathered or accordiou-plaited. Valenciennes lace lends itself best to this sort of facing and if a vest, collar and half-sleeve of lace-edged flouncing are worn with the linen suit the harmonious effect with the hat is very good.

REFLECTIONS OF A BACHELOR.

It is always safe to tell a woman

It is always safe to tell a woman how much you love her, even if she knows you don't.

Most people would rather be wrong and argue about it than right and have nobody dispute it.

It's a funny thing, but the average mother always plans to marry her daughter to a penniless preacher or a millionaire. a millionaire.

Men take politics as seriously as

women do cooking lessns.
Rather than not be married at all a girl would rather be her own

a girl would rather be ner own grandmother.

It would make a woman terribly ashamed to go to bed in as low-necked gowns as she goes to dinner in.

When a woman has big feet and isn't ashamed of them it is a sign she thinks they are in proportion.

A girl has an awful lot of sentiment to keep a man's photograph in a bureau drawer with her combings and powder puff—New York Press.

DOES ILL-GOTTEN GAIN PROS-

The weakest part of mankind have the saying that ill-gotten gain never prospers commonest in their mouths. It is the trite consolation administered to the easy dupc when he has been tricked out of his money or estate, that the acquisition of it will do the towner no good. But the rogues of this world—the prudenter part of them at least—know better, and if the observation had been as true as it is old, would not have failed by time to have discovered it. They have pretty sharp distinctions of the fluctuating and the permanent. "Lightly come, lightly go," is a proverb which they can very well afford to leave when they leave little else to the losers. They do not always find manners, got by ranine or chicanery insensible to melt away, as the poets will have it, or that all gold glides, like the thawing snow, from the thief's hand that grasps it. dian Kidney Remedy.

Wapella, Assa., N. W. T., Aug. 22.

(Special).—This thriving town furnishes one of the most remarkable cures of Kidney Disease that has ever been reported on the prairies. Mr. Wm. G. Bartleman, a well-known farmer, is the man cured, and he makes the following statement:

"I had Kidney Trouble and it developed into Diabetes. I went to the doctor but his treatment was of no use whatever to me. I began to take Dodd's Kidney Pills in December, 1902. I took them all winter and summer while I was unable to work my farm. I took twelve boxes in all and in August I was able to work.

"Now I am quite strong. I worked all winter without pains in my back or any part of my body. Dodd's Kidney Pills cured me."

If the Kidney Disease is 'of long standing it may take time to cure it. But Dodd's Kidney Pills will do it.
