## PORT WILLIAMS AND VICINITY

Dr. Hutchins, of Acadia University, occupied the pulpit of the United Baptist church on Sunday, and as usual preached one of his very fine sermons from the text found in Ephesians 6:10.

Mr. D. E. Hoar spent the week end as the guest of Mrs. Hoag's parents, Mr. and Mrs. C. A. Campbell, Main street.

Mr. and Mrs. M. K. Ellis, of Belcher Street, accompanied by Mr. Ellis' mother, Mrs. G. C. Ellis, and Mrs. Ross and daughter, from Lynn, Mass., motored to Halifax on Friday last, returning the same day.

Miss Josephine Regan is visiting relatives and friends in Halifax for a few weeks.

The Misses Francis and Jessie Lockwood have returned home after an enjoyable vacation spent at Palmouth with relatives and friends.

Mr. and Mrs. Fred Barnaby, of Truro, are visiting Mrs. Barnaby's parents, Mr. and Mrs. William Harper, Church Street.

Mr. Wm. Jacques, Church Street, had the misfortune of being badly hurt one day last week by a falling timber. While tearing down his old barn a falling rafter unfortunately hit him across the shoulder, injuring him severely. Dr. Goss, of Canning, is in attendance. Latest reports are that Mr. Jacques is slowly improving.

Mr. and Mrs. Harding Vaughan, of Medford, spent one day last week with Mrs. Vaughan's sister, Mrs. Chas. A. Newcombe, Church Street.

Mr. MacMillan and Mr. Hatcher, both of Halifax, who were in Wolfville attending the Mallory-Cristie wedding on Saturday, June 20, were the guests of Mr. and Mrs. Geo. A. Dodge, Saturday and Sunday.

Mr. Thos. Winter, accompanied by little Miss Alice Eldridge, went to Yarmouth Wednesday morning. Miss Alice will be the guest of her uncle, Mr. W. P. Crosby. They will return next week.

Mrs. Wade, of Granville Ferry, is the guest of her daughter, Mrs. Dixon Regan.

Miss Miriam Bancroft is visiting at the home of Mr. and Mrs. Bedford Chase.

Strawberries are here again and the young folk are looking forward to a busy season as usual. Mr. M. K. Ellis shipped several crates on Monday last and others are beginning to gather them for shipping.

Mrs. Chas. A. Newcombe, of Church Street, entertained a number of her lady friends at a social gathering on Tuesday afternoon. It was an ideal gathering numbering eighteen guests, each one bringing their work and really getting better acquainted. Marked attention was given to a reading from one of the number, and they also enjoyed singing some of the old songs. A most delicious luncheon was served by the hostess, and all stayed as long as courtesy would allow, being loth to leave such a friendly gathering.

Miss Norah Bell, who has been visiting Miss Mary Chase, Church Street, has resumed her journey to England, where she will join her parents, Rev. and Mrs. Bell.

Notices are out for the school meeting for next Monday evening. Wives and mothers, remember your opportunity is at hand to vote for the betterment of your children and schools. Make good use of it.

The Kinney Brothers from Wolfville have opened a Fish store in the building on Main street owned by Miss Jennie Regan. They will also handle meats, canned goods and various other articles. This is what the people have needed for some time, and we wish them success in their undertaking.

joyable time was spent by the boys and girls. Their leaders kindly saw they were all well supplied with substantial and delicious "eats".

Mr. and Mrs. T. Andrew Pearson and family motored to Smith's Cove on Saturday afternoon to visit their daughter, Mrs. Brenton L. Merry, returning home Sunday evening, with exception of Miss Esther, who remained a few days longer as her sister's guest.

Miss Myrtle Meek arrived Saturday evening from her school paying a short visit here at the home of her sister, Mrs. Dexter Forsythe.

A nice deer was seen on Sunday in the South orchard of Mr. Herbert Johnson, near the vault and seemed to feel perfectly safe.

Rev. Dr. Hutchins, of Acadia College, Wolfville, preached very acceptably here on Sunday afternoon, but there was a small audience owing to many being away from home. A splendid sermon was missed by the absent ones. Mrs. W. Curry sang in her pleasing voice a lovely solo which also was enjoyed.

Councillor G. L. Bishop and Mrs. Mrs. Bishop, with members of their family, motored to North Kingston on Sunday, spending the day with Mr. Bishop's sister, Mrs. James Robertson, and his mother, Mrs. Eliza Bishop.

Mr. and Mrs. James Robertson and family, North Kingston, spent the day here on Monday guests of relatives, making the return trip by automobile.

A community picnic is planned for Saturday afternoon, leaving early after dinner for Starr's Point, returning after tea there. A nice place for a good time and all in the section should attend and enjoy the afternoon. A real community picnic is the idea. Here's hoping for a fine day.

Mrs. S. Curran, nee Miss Kathleen McFadden, of Regina, who was a former well loved teacher here, is now at her parents home in Canard, with her little son, where he will spend several weeks. Her many friends here will be interested to know this.

Rev. E. L. Curry, who quite often preached here while at Acadia last year and made friends here, preached his first sermon as their pastor on Sunday, June 14th, at the Tabernacle Baptist church in Halifax, where he is located as pastor. A daily paper gives a very pleasing article on his sermons, both morning and evening, his morning subject being "Paul's Conception of the Christian Life". In the evening his subject was "The Joyous Life". Unusually large congregations enjoyed both sermons. In the afternoon a Children's Day service was held and a very fine and interesting service was enjoyed. Best wishes of friends are extended to Rev. Mr. Curry.

## FARMERS' PICNIC AT EXPERIMENTAL FARM

Arrangements are now being made for the holding of a Mammoth Farmers' Picnic at the Experimental Farm at Kentville on July 1st, Dominion Day. This will be a grand, basket picnic, particularly for our Agriculturists of the Valley, but free for any who are interested.

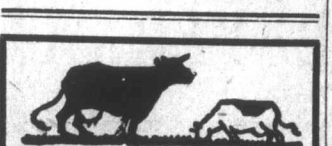

The grounds will be open for the picnic from 10 o'clock in the morning until dusk. Anyone is free to use the grounds for family and friends and use tables or grove in parking of their own basket lunches. Hot tea and coffee will be provided free by Prof. Blair and staff at both the noon and supper hours.

It is expected that prominent representatives from the Central Farm, Ottawa, and others of note will give addresses of great interest to all who assemble. Sports will also be held.

The Experimental Farm is one of the best places for holding a picnic that can be found anywhere. The picnic grounds as laid out are ideal with an open field for sports, a long array of tables with seats under the shady trees and a stand where addresses can be delivered.

## THE BURNING TRAIL

William Desmond, Universal star, and the company making "The Burning Trail", the Universal Blue Streak Western, which comes to the Orpheum theatre, this Friday and Saturday, travelled approximately 1,000 miles to film exterior scenes.

## Live Stock Insurance

DISEASE, accident, polluted water, wire, nails, glass cause heavy loss amongst live stock.

Live Stock development demands that breeders and owners protect themselves against such losses.

Mortality insurance in The Hartford Live Stock Insurance Company, with its broad and liberal coverage provides for the payment of loss incurred by death of your live stock through any cause.

Not matter whether you raise live stock for market or for farm use, insure it. Better be safe than out of pocket.

## STATE OF MIND

A man from Nova Scotia and one from British Columbia spoke at the same luncheon during the Canadian Manufacturers' Association convention at Hamilton.

The Maritime manufacturer pleaded for further assistance for the Maritime Provinces and asked for greater co-operation from the central provinces in helping the provinces by the Atlantic Coast to solve their problems.

The British Columbia manufacturer spoke with a note of optimism. He pointed out that the manufacturers on the coast were not close to their markets. They were not in close contact with the Maritimes, and they had higher freight charges to contend with. They had no shipping subsidies and no other favor. Yet they were going ahead about their business, working hard, and not only were they making British Columbia prosperous but they were optimistic. Perhaps this little study in contrasts is not without food for thought.—Financial Post.

## ADVOCATES PROTECTION FOR FRUIT GROWERS

OTTAWA, June 22.—Ernest Robinson, Liberal M.P. for Kings, evidently has not heard of the Armstrong "Free Trade" gesture in his native Province. At all events, Mr. Robinson arose in the Commons today and joined with Conservatives in protesting against the clause in the Australian treaty which reduces the duty on Australian apples, thus bringing them into stronger competition with the apples of Nova Scotia.

Mr. Robinson told the Finance Minister that he had received all sorts of protests from the people of his riding against this proposal, and that, as a consequence, he was opposed to it.

Doubtless a lot of great men of yore got by because there were no intelligence tests to disqualify them.

## SPELLING AND GRAMMAR IS BUSINESS NEED

HALIFAX, June 19.—"More and more good spelling and good grammar is needed in business," declared Percy M. Douglas, a prominent Toronto educationist, in addressing a luncheon club yesterday. "We must," said Mr. Douglas, "lay stress on education in the three public school education before going further."

## JOFFRE ILL

PARIS, June 22.—The condition of Marshall Joffre was unchanged today. It was announced yesterday that the Marshall had a chill Saturday and had taken a turn for the worse. No official bulletins were issued. The doctor in attendance said yesterday the Marshall was suffering from an attack of quinsy. They declared his condition was not alarming.
