## The Voice

Is easily injured—the slightest irritation of the throat or larynx at once affecting its tone, flexibility, or power. All efforts to sing or speak in public, under such condi-tions, become not only painful but danger-ous, and should be strictly avoided until every symptom is removed. To effect a speedy cure no other medicine is equal to

The best of anodynes, this preparation rapidly soothes irritation, strengthens the delicate organs of speech, and restores the voice to its tone and power. No singer or public speaker should be without it. Lydia Thompson, the famous actress, certifies: "Ayer's Cherry Pectoral has been of very great service to me. It improves and strengthens the voice, and is always effective for the cure of colds and coughs."

"Upon several occasions I have suffered from colds, causing hoarseness and entire less of voice. In my profession of an auctioneer any affection of the voice or throat is a serious matter, but at each attack, I is a serious matter, but at each attack. I have been relieved by a few doses of Ayer's Cherry Pectoral. This remedy, with ordi-nary care, has worked such a

that I have suffered very little inconven-ience. I have also used it in my family, with excellent results, in coughs, colds, &c."— Wm. H. Quartly, Minlaton, Australia.
"In the spring of 1833, at Portsmouth, Va., I was prostrated by a severe attack of ty-phoid pneumonia. My physicians exhausted their remedies, and for one year I was not able to even articulate a word. By the ad-vice of Dr. Shaw I tried Ayer's Cherry Pec-toral, and to my surprise and great joy, in toral, and to my surprise and great joy, in less than one month I could converse easily, in a natural tone of voice. I continued to improve and have become since a well man. I have often recommended the Pectoral, and have never known it to fail."—George R. Lawrence, Valparaiso, Ind.
