Tass is Ascourage, We are hoppy to the control of t

Washington. The commercial information is much more cheering than the mature of the previous advices led us to anticipate. A circular branch of the Legislature from touching this was issued by the bankers on the 23d November, in which it is stated that these existed nothing materially unsound in the state of excitation for its experience and that the manufacturing districts—that the system of business carried on in them had when required a process of restriction for fill correction—and that the mining, manufacturing, and mercantile interests of the country, taken is the aggregate, were never at 35c. 3c. 3c. 3r., at which latter rate there were in the more of the propose is infinitely into the continued gradually. The long boat was now launched, but in the continued graduality of the project is infinitely enhanced by the prace is infinitely enhanced by the banker of the launch and with a west of the same supposed it was on the personal from the New York journals.

It was not at first known where the ship had struck—some supposed it was on the personal track. It was not at the launch and with a west and of the carried on in the base carried on in them had when the personal track and the proporteroids and proporteroids and the proportero

by the manner in which the High-Church arrive. Fish Oils continued gradually to improve, Pale Seal Oil is quoted at £54 @ 155 # tun. Sales in small lote of about 300 tune Palm Oil, at £31 @ £31 10s.; and a good Sussiness in Tallow at £15 & or regulate the distribution, not as common since access by the pressure in the mency market, and prices had nearly reached the maximum of the previous advance. Foreign, in bend, was worth 7s. 6.1. # 70 lbs., a rate far above what could be afforded with a view to expotation to the like Fewrince, at the present current prices here. The following was the state of the Liverpool Timber market on the 32d:—

by the manner in which the High-Church and to divertial the high-Church party vainly strive to disguise their partiality. The only remaindant was soon out of sight. The only remaindant was soon soon out of sight. The only remaindant was soon soon out of sight. The only remaindant w

dr. Northice lately, but good Puncheon Staves sold at £32 5s @ £32 15 4f M.

Our advices from New York are up to Thursday—Bills on England had advanced to 7½ prem. for each. There was no change in Ashes; the transactions is both Pots and Pearls being limit, at at \$6,75 \text{ y 100 lbs. Flaxseed was looking ap. helders declining to sell at \$15 for clean, which price was freely offered. Flour had sd. ranged, and good common brands of Western brought \$10,50—the market was firm, and the same price was subsequently refused. In the Grain market, no alteration; sales of Red German Wheat reported at a shade over \$3. Beef and Pork had experienced no variation, and the demand for both was extremely limited.

The following are the comparative prices of the first country.

Without some such restrictive clause, a legislative areament fixing nermanently and the restrictive regregation. The first with ice, imploring his assistance and asking if hope was still left to them. When these heart with difficulties the most embarrassing. First, it is not asking if hope was still left to them. When the precision had marked as a distinct to determine how many different sects shall be admitted in the first instance, or to settle the principles of such admission, and the proportion to be assigned to each. Secondly, were all this settled wisely and well, the measure would still be most lame and impotent, unless it were further provided that a new arrangement should be made at a shade over \$3. Beef and Fork had experienced no variation, and the demand for both was extremely limited.

The following are the comparative prices of the

uary, for the last eight years :--

Prices in New York 1st January.

Foreign Grain is finding its way into finite more has well as into New York. The Baltimage American states, that the vessels which half-just antered the jots, as were in the river from various parts of Economy subthring from eventy to sighty themsels busheds. More or less is arriving in New-York, almost every day, notwithstanding which, as we have stated above, Flour holds its price, and is uren going ap.

Kenceron, (Jamarca) Marker, Dag. 16.

Hogsheads Sugar sold at 500 to 100 lb.; do do withdrawn at 500 to 57s 66 to 100 lbs.

Rowrazi. Markers. Jensey 10.—After the holders we looked for a fire value of the total form the large years in all manifold difficulties; and estate of the reads of from the large years in a manifold difficulties; and trade has been unusually dull. Secreely any Market has been brought. Secreely any Market has been brought in the more remote perts of the countie resolution. The present representation is a social season of the parts there is eaching doing, and the price may be quoted on this point. And they may read a 33s. 3 3s. Where not heard of a single irrescention in Presidence, worthy of note and value of the size of their deliverations on this point. And they may read a 33s. 4 3s. We have not heard of a single irrescention in Presidence, worthy of note of the passengers in the following in the state of the word and the point of the word and the property of the present in the legislative waiting understanding the same. For the same of the point is not to the passengers and the local Directors of the Bank of general education. The present representations on this point. And they may read as a simple irrescention in Presidence, worthy of note and the point of the present in their legislative waiting understanding the same of the point of the present perts and the confidence of fally misintained—a lot of 50 berrels inspect of the passengers that had been confidenced for the barry interes; and wisher re-action, of which their approach the word of the fally misintained—a lot of 50 berrels inspect to the present period to the purpose of the question of the bill. Lot on the cheek a local to the purpose of the question of the bill to level life, and the confidence of the bill to level life, and the confidence of the passengers that had been allowed to the purpose of the passengers that had been allowed to the present period to the present peri

The following was the state of the Liverpool Timber market on the 22d:—

Our Timber market by private cale has been dull for this last week or ten days, though the cargoes offered by auction on the 16th instant, weat off with some spirit. At those sales Quebec Pine brought 1946 20d, and St. John's 2046 22d and St. Jo 204d and 214d, and freely wood is very saleable. It percent open for their deliberation (unless, indeed, to being been such as to suppose the while into my busom's cope, the sweet unhappy beings been such as to suppose the first the control of the moment of the diseaster, they had hung to be again substituted of the sufferings of the unhappy beings been such as to suppose the suppose that a sufferings of the unhappy beings been such as to suppose the sufferings of the unhappy beings been such as to suppose the sufferings of the unhappy beings been such as to suppose the sufferings of the unhappy beings been such as to suppose the sufferings of the unhappy beings been such as to suppose the sufferings of the unhappy beings been such as to suppose the sufferings of the unhappy beings been such as to suppose the sufferings of the unhappy beings been such as to suppose the sufferings of the unhappy beings been such as to suppose the sufferings of the unhappy beings been such as to suppose the sufferings of the unhappy beings been such as to suppose the sufferings of the unhappy beings been such as to suppose the sufferings of the unhappy beings been such as to suppose the sufferings of the unhappy beings been such as to suppose the sufferings of the unhappy beings been such as to suppose the sufferings of the unhappy beings been such as to suppose the sufferings of the unhappy beings been such as to suppose the sufferings of the unhappy beings been such as to suppose the sufferings of the unhappy beings been such as to suppose the sufferings of the sufferi

miles, and manned by an old man and six others, four or five of whom were the old man's some must produce in an infant country.

Without some such restrictive clause, a legislative enactment fixing permanently and invariably a provision for religious bodies as they new stand, would be found most unequal and disproportionate before many years should chapse. Great evils would thereby be entailed on posterity, and a deep stigma fixed upon the authors of such premature and inconsiderate legislation.

A question will be raised in the Assembly of Upper Canada whether Mr. Duarms, by the Commonwealth Office of Boston, for Stour.

The Mesico was a substantial eastern built reased of 280 tons, it years old, owned by Mr. Samuel Broom, of this city. She is insured by the Commonwealth Office of Boston, for Stour.

To work out my new wit: I made pretence

And fell to lamentations of such sort, That the aweet medicine which I dared not ask With word of mouth, I asked for with my looks. The simple Sylvia then, Compassioning my pain, Offered to give her help It pierced me so with pleasure, that still feigning The pain of the bee's weapon, I contrived That more than once the enchantment was re-That not being able to contain it more, I was compelled to speak; and so, one day, While in a circle a whole set of us, Shepherds and nymphs, set playing at the game, in which they tell in one another's care "I burn for thee; and if theu love me not, She dropt her lovely looks, and out of them There came a sudden and titusual flush, Portending shame and suger: stot an answe Did she vouchsafe me, but by dread silence, Did she vouchsafe me, but by dread silence, Broken at last by threats there terrible. She perted then and would not hear me more, Has clipped the spiky harvest, and as often Their tresses green, since I have tried in vaic Their treases green, since I have tried in vain Every thing to appease her, except death. Nothing remains indeed but that I die! And I shall die with pleasure, being certain, That it will either please her, or be pitied; And I scarce know, which of the two to hope for. Pity perhaps would more remainerate. My faith, more recompense my death; but still I must not hope for aught that would disturb. The sweet and quiet chining of her eyes, And trouble that fair house, built of bliss.

Their tresses green, since I have fried it vain

Every thing to appease her, except death.

Nothing remains indeed but that I die!

And I shall die with pleasure, being certain,
That it will either please her, or be pitted;

And I servee know, which of the two to hope for.

Pity perhaps would more remanerate

My faith, more recompance my death; but still

I must not hope for aught that would disturb

The sweet and quiet shining of her eyes,
And trouble that fair home, built of blies.

More Mischief by the Bayonet. Bow STREET .- After two or three dozen

charges for drunkenness (the greater part which had been brought against the lar sa; had been disposed of, Patrick Horan, a private of the Scotch Fusiloer Guards, was placed at the ar, charged with the fallow ing volent asself.

Rolloeman 49 F division stated that he was se his beat last night at eight o'clock, and on going through Little Queen-street he saw a crosd col-lected at the Queen's Hoad public-house. On presenting to secretain the cause of the de-covered that the landlord of the Queen's Hed public-house was endeavouring to eject the pr-soner, who was very much intoxicated, from he premises. He considered it to be his duty to a terfore, and the moment the prisoner saw him is made a rush towards him, and attempted b strike him, but he drove him off. The ladist of the house had in the mean time thrown in of the house had in the mean time thrown is prisoner's bayoner, cap, and belt into the stret, and when he found that the complainant wards termined, if possible, to secure him, he lad hol of the bayonet, with which he made a large a him, and drove it through his hat. The cosplainant then knocked him down, and on getting on his legs, he made six different attempts is drive the bayonet through his body. There is drive the bayonet through his body. There is ning so constable then convenient, the complainant thinking that a good retreat was preferable to a bad fight, was making his coupt, when he dashed himself against a lampped with such violence, that he received a serre would in his arm.

Mr. Grieve, No. 124, High Holbern, stand, that he was on his way home, and sceing the

that he was on his way home, and seng or perilous estuation of the policeman, he came le his assistance, although at the risk of he ish, in-order, if possible, to disarm the present. When the prisoner perceived what his intentes were, he immediately placed his back spins the wall, and used all his efforts to stab him and arranch him presentation with the harmont. struck him repeatedly with the bayons. I second policeman happened to be passed to and when the prisoner got sight of his writing forward, and made an attempt to raise

Mr. Coombs, the landlord of the public-hook stated that the prisoner and another solds came into his house about half an hour teles the occurrence took place; they had only as put of porter, and the other soldier west sery. The prisoner remained a short time, and a going through the shop he wanted to first wat some people who happened to be at the ist. This he would not allow, and when he had put the prisoner outside the door, his ade-gran, is, and cap fell off, and he handed them to a pum who we tread our patiels. Who was standing outside.

Mr. Hall said that he had acted very s

cautiously, as he must have been aware lad by prisoner would have them resorted to his all he might as well have a louded pistol is his die a halfed beginger. The serjount of the magnitude, who was in attendance, inferred to magnitude, that the prisoner schen sobre out bery well conducted man, but like all his only trying. (Frish.) when denn't, he was rule. trymen (frish,) when drunk, he was ruler violent. He must have been longer than lid an hour in the public house, for his comb came to the barracks in a cab, in a shocking state of intozication.

Mr. Hall.—But would it not be desirable by the credit of the purpose and the carrier in pub-

down to discover his position, and force, as it would seem from the development of the army he instantly and effectually down by she order from the Horse Guards, the aristocratic and Tory chiefs of the army he it well to injure their, men to shed the dof unarmed men, and thereby to prepare in for scenes of carrare upon a larger scale? In the control of the army; and the supplies the control of the army; and the instanting it is the seem of the control of the army; and the instanting it is the seem of the control of the army; and the instanting it is the seem of the control of the army; and the instanting it is the seem of the control of the army; and the instanting it is the seem of the control of the army; and the instanting it is the seem of the control of the army; and the instanting it is the seem of the control of the army; and the instanting it is the seem of the control of the army; and the instanting it is the seem of the control of the army; and the instanting it is the seem of the control of the army; and the instanting it is the seem of the control of the army; and the instanting it is the seem of the control of the army; and the instanting it is the seem of the control of the army; and the instanting it is the seem of the control of the army; and the instanting of the control of the army; and the instanting of the control of the army; and the army; and the army; and the control of the army; and the control of the army; and the army; a

ustin, Oct. 26.—State of the Mr. Howley, the intellige Quarter Sessions, Limerick of the Sessions, on Tuesday is rous attention, and even of these, eight or ill, he is not considered to are cases which remained over from the Bessions. On the diminished number and

see cases which remained over from the Sessions. On the diminished number and gated character of those which are now to not before you, I feel happy in being able to gratulate you and the country in general anuary last, when I first come among you, a were 140 cases to be tried, while now there caree one-fourth of that number. But, themen, it is not so much the amount of the nees as the nature of them that you are to into account. Those that used to come re the Court were generally of the most perste character, being riote at fairs, conflicts were the factions of three and outrageous assaults, in or dangerous weapons were great sheration, in the course of the most perste character, being riote at fairs, conflicts were the factions of three and outrageous assaults, in or dangerous weapons were great sheration in the course of the most of the course of the cour ting their to transportation of the punishment, it was impressed in the petry in the person of the petry in the petry i

n dissatisfied with their verdict. The name date of the gold which it is now scarce worth while to allude, ose horrid factions, who used to disturb and grave the country, the Three Years and Four street, have been entirely abolished. All the nor factions also have disappeared, and, as necessary and natural consequence of this, greatest security, peace and tranquillity prediction the country, so that this great throughout the country, so that this great may at the present moment, is inferior to no fer in the kingdom in its exemption from outment of the polty juries. So greatest interpid, and praiseworthy conduct of gentlemen of the polty juries. So greatest recurrence of the polty juries. So greatest recordingly—has been the change, that in this town and neighbourhood a single tree of last month, and printerpolity, and praiseworthy conduct of gentlemen of the polty juries. So greatest recurrence of the polty juries of the watch, which had marked the polity of the polit

m this town and neighbourhourge of a violent or outrageous heen preferred. The only ure which will come before neighbourhood of Ballings, the majority of the case to the subject of your delightness upon property.
