BOARD OF TRADE

Many provincial Boards of Trade have passed and forwarded to Ottawa, resolutions, memorializing the Dominion Government to appoint a representative of New Brunswick on the C.N.R. Board of Directors and the Moncton Board of Trade, on Friday sent a congratulatory telegram to Captain Angus Walters, the Blue-nose skipper, who on Thursday lifted the blue ribbon in North Atlantic Fishermen's Schooner race. While all these Boards are active, nothing is ever heard of the Newcastle Board of Trade. It is months since a meeting was held, and great things were going to take place when it was re-organized. Many citizens, and members at that, are beginning to feel that the board is a defunct body.

Two Minutes Of Silence on Armistice Day

The "two minutes of silence" will, by the express wish of His Majesty the King, be observed throughout the British Empire on Armistice Day, November 11. The Prime Minister has received a cable to this effect from the Duke of Devonshire, Secretary of State for the Colonies. Incidentally, the cable is practically the first official message sent to Canada by the former governor-general, by virtue of his post in the Bonar Law Cabinet.

Moncton As Divisional Centre

Although nothing has yet been determined it is learned on good authority that the C.N.R. Board of Directors plan which has the best chance of final adoption, contemplates the establishment of three centres of operation.

Toronto, according to this plan, which cannot be approved until Sir Henry Thornton arrives, will be head of the central division, Winnipeg, of lines west of the Great Lakes, Moncton of the road formerly known as the I. C. R. with Montreal as general headquarters.
The central division, of which Toronto is proposed to be the centre, will comprise all the Ontario lines of the Grand Trunk and Canadian National all the Grand Trunk lines outside of Canada, including the Grand Trunk between Detroit and Chicago and the Grand Trunk from Montreal to Portland, also the C. N. R. lines in Quebec.

In Montreal would be located some of the general offices for operating, equipping and accounting purposes. It is also considered almost certain that Sir Henry Thornton's offices will be in Ottawa, although, of course, he will have final say on this question. If this plan is adopted Toronto after

all, will hold what is really the key position, with command of all the roads in the two most populous provinces.

**Empress Theatre
Friday and Saturday**

The wild animal motion-picture production is the most dangerous, as far as the actors in it are concerned, according to the unanimous opinion of experts. This is so because that unknown element, the untamed beast, plays so important a part in such films.

The unusual hazards of jungle pictures was well illustrated during the filming of "Miracles of the Jungles," the marvelous animal production, released through the Federated Film Exchanges of America, Inc. which will be shown at the Empress Theatre, starting next Friday and Saturday.

In this sensational picture, a band of thirty ferocious lions was used, in addition to tigers, leopards, elephants and gorillas. In addition to the principal players, a band of native Africans was brought into use through the whole of the production.

Ben Hagerty, who played the role of Tom Hathaway, one of the Secret Service men sent on a perilous mission to Africa, in one scene actually came to grips with a lion. It had been arranged that Hagerty was to shoot the beast as it sprang at him.

Just at that moment his machine rifle jammed, and he went down under the terrific impact of the hurtling animal. The lion, with one powerful blow, laid open the actor's arm from elbow to shoulder. The directors and other members of the company had been circling around the man and beast, waiting for a chance to finish off the man-killer without injuring Hagerty, and this opportunity presented itself just in the nick of time.

The tawny brute, now worked up into a blood-lust, was about to crush the player with his powerful jaws, when a lucky shot was sent home into his brain, and he keeled over, dying instantly. In spite of the rescue, Hagerty, spent more than a month in the hospital, until he had partially recovered from the results of the fight, and the production was delayed that length of time to enable him to get back into the cast. Hagerty took the fight philosophically enough, as a cameraman with the result that of the most hair-raising thrills of the whole production was thus unexpectedly provided.

A troupe of leopards caused as much trouble as all the other animals put together. They were put in a cage by themselves, but no sooner were they together, than a terrific free-for-all fight started. Of the seven spotted animals, two died of wounds received in the encounter, while another had to be shot.

During another scene, one of the native Africans was attacked by a tiger, and was badly wounded before the animal was beaten off by the other natives, using their spears and burning torches, which they snatched up hastily, reverting to the methods employed against tigers in their native wilds.

KERR'S BUSINESS COLLEGE ACQUIRED BY THE MODERN

Kerr's Business College....
The St. John Business College—Kerr's—will, on Nov. 1, pass under the successful management of the Modern Business College, Limited, corner Mill and Union Streets, St. John, N. B.

The Modern College has met with wonderful success in this city and this year it is enjoying the biggest business in its history. Mr. George J. Smith, the president, has already engaged additional staff and purchased new equipment. The combined schools will be conducted in the same thorough manner that caused the Modern to become the largest business training institution in New Brunswick within two years after being established.

DEATH OF WELL KNOWN HOTEL KEEPER

After an illness of only a few hours James Stewart, manager of the Blackville Hotel, and one of the best known hotel men in the province, passed away at Blackville, Friday morning, from heart trouble. Deceased, who was 53 years of age, was for many years proprietor of the Currier Hotel at Grand Falls, but has been residing at Blackville for the past four years. He is survived by a wife and two daughters.

The funeral was held on Sunday afternoon, under Masonic auspices.

How To Regain Your Good Health

It Can Be Done Through Keeping the Blood Supply Rich and Pure

There is not a nook or corner in Canada, in the cities, the towns, the villages, on the farms and in the mines and lumber camps, where Dr. Williams' Pink Pills have not been used, and from one end of the country to the other kind words have been said for this medicine.

You have only to ask your neighbors, and they can tell you of some rheumatic or nerve-shattered man, some suffering woman, ailing youth or anaemic girl who has been benefited by Dr. Williams' Pink Pills. For more than a third of a century these pills have been known not only in Canada, but throughout the world as a reliable tonic, blood-enriching medicine.

The success of Dr. Williams' Pink Pills is due to the fact that they go to the root of the disease in the blood, and by making the vital fluid rich, they strengthen the organs and nerves of the body. Mr. A. M. Large, Victoria, P.E.I., adds his testimony to that of thousands of others who have found benefit through the use of this medicine. He says:—"About three years ago I became dreadfully run down. So much so that I had to stop work altogether, and being a carpenter, and busily engaged, the outlook was gloomy. I became so reduced that I would have to rest even after a short walk. My appetite almost completely failed. The doctor whom I consulted told me I would have to take a prolonged rest, and gave me a bottle of medicine, which, however, did not help me. Then a good friend urged me to try Dr. Williams' Pink Pills, and I got a supply and before long felt an improvement. From that on I continued to gain and was able to resume my employment. I continued taking the pills for some time longer and now feel as vigorous as I ever did."

You can get these pills through any medicine dealer, or by mail at 50 cts a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Mr. O. Turgeon, M.P. Goes To Senate

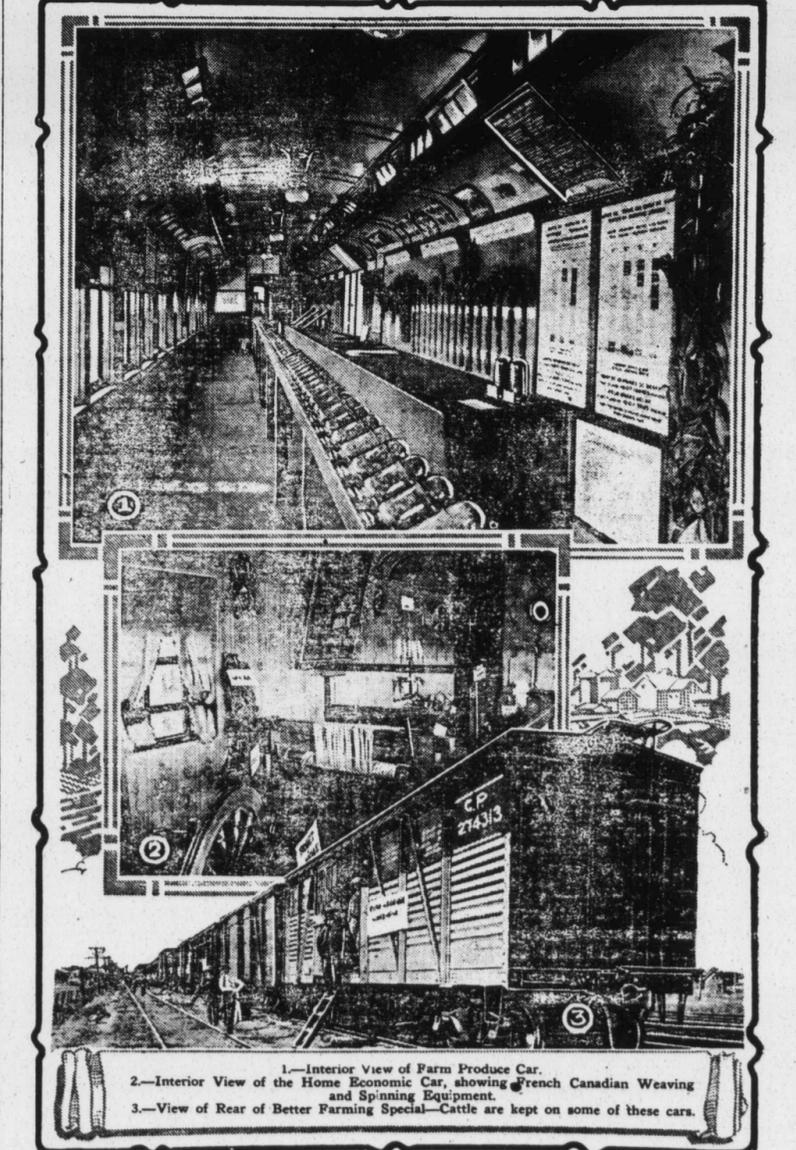

Writs were issued last Saturday afternoon for the holding of bye-elections in five vacant constituencies. These are Lanark, (Ontario) made vacant by the death of the late Hon. J. A. Stewart, former Minister of Railways and Canals; Jacques Cartier and Megantic, (Quebec), the former made vacant by the death of the late D. A. Lafortune, and the latter by the appointment of Lucien Pacaud, sitting member as Secretary of the Canadian High Commissioner's office in London, Halifax, which became vacant with the death last week of Dr. Edward Blackadder; and Gloucester, N. B., vacant through the appointment of Onesiphore Turgeon sitting member, to the Senate.

Nomination day in each case is November 20 and the voting on December 4th.

The announcement of the dates was made by the Prime Minister Saturday evening.

AGRICULTURAL COLLEGE ON TOUR

1.—Interior View of Farm Produce Car.
2.—Interior View of the Home Economic Car, showing French Canadian Weaving and Spinning Equipment.
3.—View of Rear of Better Farming Special—Cattle are kept on some of these cars.

AN Agricultural college on wheels is the means by which the Minister of Agriculture of Quebec, in co-operation with the Canadian Pacific Railway, is carrying the gospel of good farming and good cheer to the farming community of the province. The college consists of fifteen C.P.R. cars equipped with material to illustrate all phases of agricultural production, and carries a staff of twenty-six lecturers and demonstrators.

Starting out at Vaudreuil on Sept. 18th and St. Clet on Sept. 19th, the train traversed the north shore of the Ottawa, stopping at Hull, Papineauville, St. Scholastique, Ste. Therese, St. Jerome, St. Agathe, Labelle, Norminque and Mont. Laurier. Early in October the lines of the C.P.R. in the eastern townships will be covered. The train will complete its tour on the north shore of the St. Lawrence between Montreal and Quebec during the last two weeks of October.

Five cars are devoted to Live Stock, in which dairy cattle, sheep and hogs are featured. Special attention is being given to the grading and grading of hogs, and to the encouragement of the bacon industry. Field Crops and Agricultural Engineering occupy two cars, while Horticulture, Beekeeping and Sugar-making, Poultry, Dairying and co-operation, and Home Industries, each occupy one car. A diner and sleeping coach for the accommodation of the staff makes up the full complement of the material equipment of the college. Each car is equipped with material, and plainly labeled charts, by which the important factors of economic production are emphasized. An opportunity is afforded from 10 a.m. to 3 p.m., for visitors to examine the exhibits and discuss any problems in which they are interested. For this purpose two lecturers and demonstrators accompany each car. In the evening, lectures and addresses illustrated by lantern slides and moving pictures are given in the town hall or other suitable place for meetings.

The Live Stock Branch of the Federal Department of Agriculture has arranged for demonstrations on the grading of hogs. The Canadian Packers' Association has an exhibit illustrating the carcasses produced from various types of hogs, and the requirements of good bacon for export purposes. The Agronomy Department of Macdonald College has co-operated in the equipment of the Field Crop and Agricultural Engineering Car. The Provincial dairy school has an exhibit of dairy buildings and products. Other colleges and schools, as well as the co-operative associations, have also lent aid either in furnishing equipment or by supplying instructors.

The train is under the direction of A. Desilets, B.S.A., of the Province Department of Agriculture, and J. Dougall of the C.P.R.
