

Saturday Night.

Placing the little hats all in a row. Ready for church on the morrow, you know; Washing wee faces and little black fists. Getting them ready and fit to be kissed; Putting them into clean garments and white— That is what mothers are doing tonight.

Correcting Mrs. Sims

Both young women nodded. Conscious pride and Mrs. Billy went back to her own bay window, where she was wrestling with the bills sent that morning by the "butcher, the baker and the candlestick maker." Every bill seemed too large by several items. Tapping her nose with the pencil, she chanced to look up in time to see Mrs. Sims, fresh and placid and unburied, on her way to the car.

Minard's Liniment for Dandruff

Pains in the Back

Are symptoms of a weak, torpid or stagnant condition of the kidneys or liver, and are a warning that it is extremely hazardous to neglect, so important is a healthy action of these organs. They are commonly attended by loss of energy, lack of courage, and sometimes by gloomy foreboding and dependency.

Hood's Sarsaparilla

Cures kidney and liver troubles, restores the back, and builds up the whole system. pique dress, mounted the steps of the corner house. Some moments later she emerged, looking altogether different. Her face was warm and her manner curiously agitated. Her hat rode unheeded on top of one pink ear.

Have You Met Her?

She is not the Early Victorian type—by no means. On the contrary, she is frequently particularly modern and up to date quite a strenuous worker in the pursuit of pleasure. It is only in the home circle that she shows herself in her true colors. She sets everyone to work the minute she appears, doing little odd jobs for her, and never seems to think that other people may be just as tired or as busy as she is herself. She expects people to pass her

WHOOPIING COUGH

Her 3 Children Had It.

This disease begins like a simple cold in the head that rapidly goes to the chest. The cough is at first short and sharp, but gradually increases in severity and occurs in sudden spasms. Often vomiting follows a severe attack of coughing, and sometimes there is nose-bleed. Mothers should never neglect the treatment of whooping cough, for it is much more serious than most people think, as it may be followed by some grave lung trouble, such as bronchitis, pneumonia or consumption, since the sufferer's power of resistance is often greatly weakened by the violent and exhausting cough.

On the first sign of a "whoop," Dr. Wood's Norway Pine Syrup should be administered as it helps to clear the bronchial tubes of the collected mucus and phlegm. Mrs. Burton Leopold, New Ross, N.S., writes: "My three children had the whooping cough so bad last winter, I thought they would choke. I tried many different remedies, but none of them seemed to help. At last I got a bottle of Dr. Wood's Norway Pine Syrup, and I was greatly surprised to see how quickly it helped them. I shall always recommend your wonderful remedy to others."

Way To Wash Dishes.

Did anybody ever enjoy washing dishes? Yes, some women really do enjoy the task. But even to them it is monotonous. Now there are two ways to lessen the burden of dish washing: One is to lessen the number of dishes to be washed. The other is to improve the condition of the dish washing. In lessening the number of dishes to be washed, paper dishes may be called into use. One clever housekeeper substituted paper tumblers for summer beverages in the afternoon and evening. Of course, these paper dishes could be used only once—and were therefore rather expensive. Nevertheless, her plan is worth trying if time is more valuable than money. In cooking it is quite possible to get along without using half as many dishes as most cooks use—and that is another way of lessening the number of dishes to be used. The same cup can be used for all measuring—for it can be rinsed out between measures. The same bowl can be rinsed and used for several mixings.

Your Heart! Does It Palpitate?

The component parts of Milburn's Heart and Nerve Pills are indicated to do away with palpitation and other heart weaknesses and thus strengthen both the heart and nerves. Mrs. F. X. Ginter, Tibury, Ont., writes: "During 25 years past I was greatly troubled with palpitation of the heart, and sometimes so much so that those around me thought I would die at any moment, being so much weakened by the sharpness of the palpitation which would last sometimes up to three hours. I had the doctor who kept me taking his medicine, I overcame the disease, but to no effect. There was no change at all for the better. Two years ago a friend advised me to use Milburn's Heart and Nerve Pills. I began to use them at once, and at the second box I began to feel some relief, so I continued to use them according to directions, and now I am perfectly well. Before using the pills, I weighed 100 pounds, now I weigh 117, and feel as if I were young although I am over 60 years of age. Milburn's Heart and Nerve Pills are 50c a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont."
