## SOLIGNUM.

A Remarkable Test! Locally made by Messrs. W. & G. RENDELL.

To test Solignum as a preservative for Wood against the attacks of Worms, we tried a piece of 2 x 4 Spruce, about two feet in length, by painting one-third with Solignum, leaving the balance clear wood, this we suspended by a wire through the centre, in the water about one foot from the bottom, immediately over a pile of stones the remains of a sunken wharf (which is the place where our Wharf Shores are often off first) for Three Months. On taking it up at the end of that time we found some half-dozen small holes only a very short distance in the clear part of the wood, which shows the liquid had penetrated through the whole piece and the worms had hardly begun boring before coming in contact with it.

Last year as a test of some brands of Copper Paint we handle, we had a similar piece of wood treated at both ends, leaving the centre third clear; this was in exactly the same place as the piece for the Solignum test for Three Months and Three Days, when taken up the painted ends were perfect but the centre was riddled with worm holes.

Both these pieces of wood are to be seen at our Office by those interested in the preservation of Wharf Piles or any other wood work.

Solignum is for Sale in 1 & 2 gallon tins in Newfoundland by W. & G. Rendell, Water St.; Ayre & Sons, Water St.; Bowring Bros., Water St.; Bishop, Sons & Co., Water Street; A. H. Murray, Water St.; C. F. Bennett & Co., Water Street; Royal Stores, Ltd., Water St.; Goodridge & Sons, Water St.

## S.S. Glencoe.

It is expected the S.S. GLENCOE will be ready to leave Dock Wharf for Louisburg at 10 p.m. MONDAY, April 10th.

**PASSENGERS** arriving by local night Trains of Monday will connect.

**Reid Newfoundland Company**

## JACKMAN'S MONDAY SALE!

On Monday next we will have our FIRST MONDAY SALE.

We have decided to continue this bargain sale every Monday throughout the year, and we are planning our business with a view of bringing bargains regularly every week under the notice of our patrons.

The question naturally arises: How can such reductions be made. Our answer is: First, that we are buying special job lines to meet the requirements of our customers.

Second.—We intend to select from our regular stock certain job lines weekly, every Monday, and sell them at wholesale prices, so that our retail customers will for that day have the advantages that are offered to wholesale customers, and THIRD that we will pick out of stock every week any lines that are soiled or "retailing."

In these days the secret of successful Merchandising is to give good value. Every woman can tell almost to a cent the value of staple lines. We are, therefore, convinced that our prices will create a big trade, and that we will be fully repaid for our reductions in increased business.

We have started a special department for Ladies' and Children's Underwear, and we have gathered together in this department serviceable and fashionable garments. This department is situated upstairs, and is in charge of Lady Assistants only.

The following goods will be laid on our bargain counters for next Monday's Sale:—

WHITE LACE CURTAINS.		CREAM LACE CURTAINS.
