**ASK FOR MINARD'S AND TAKE NO OTHER.**

# "I'm With YOU for all I'm Worth."

The man who puts on a uniform and goes to take his place where the fighting is done is with his country FOR ALL HE IS WORTH.

When a man has staked his life he can go no farther in proving his loyalty.

There are many of us who cannot offer our lives in the service of our country. Nevertheless, we too, can prove that we are with our Country and our Nation for all we are worth.

By purchasing VICTORY BONDS to the full extent of our ability we prove our faith in the justice of our cause, we give our support to the men who are going to fight our fight, and we earn for ourselves the satisfaction that can come only through a conscientious performance of duty.

## You Take No Chance

The man who goes to fight necessarily takes a chance. In buying VICTORY BONDS you take no chance. Your investment is secure.

VICTORY BONDS are just as sound as is the money which the Government issues. A VICTORY BOND is better, in fact, than money, because the VICTORY BOND you buy to-day may be worth more than its face value when you get ready to cash it in. Money never can be worth more than 100 cents on the dollar. Besides you can get 6 1-2 per cent interest on it, an unusually high rate.

Put into service every dollar that you can spare. Show that you are with our fighting men in spirit. Let them know that you are with them for all you are worth! They need your support. Are you willing that they should have it?
