

...I have indeed forgiven" which George in the ear of Lisa. "I have nothing to forgive, George, for you are not blameworthy," was the sweet response. "I am blameworthy," he emphatically rejoined. "Nothing ought to have tempted me to doubt you. No appearance, however strange and inexplicable, should have shaken my faith in your truth and constancy. The wrong I did you was great, Lillias—great beyond expression—but the lesson I have learned will never be forgot. Let me hear you say you forgive me, and my heart will return again to its quiet rest."

"What could you do that I would not forgive, George?" she murmured. "Never were you dearer to me, never did I honor and admire you more than at this moment."

"Bless you, my darling," he rejoined, pressing her in a transport of joy to his heart.

Then he rose and turned to Harry. "Now my friend, my brother, I can take your hand."

Instantly their hands were locked together with a warm and thrilling pressure by which, far more eloquently than by any spoken words, they exchanged assurances of unabated affection, and George's calmness was fully restored.

BREAKFAST—EPPE'S COCOA—GRATEFUL and COMFORTING.—By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition and by a careful application of the fine properties of well-selected cocoa, Mr. Eppe has provided our breakfast tables with a delicately flavored beverage which will save us many heavy doctors' bills.—*Civil Service Gazette.* Made simply with boiling water or milk. Each packet is labeled "James Eppe & Co., Homeopathic Chemists, London." Also, makers of Eppe's Milky Cocoa (Cocoa and Condensed Milk).

Consumption, Bronchitis, Dyspepsia, Feeble, Irregular Action of the heart, and a long list of kindred diseases, are attributed to a low state of the nervous system. Owing to its bracing effects on these centers we may ascribe to Eppe's Compound Hypophosphites the prompt and decided benefit received by patients laboring under these diseases.

THE REASON WHY

Dr. Wheeler's Compound Elixir of Phosphates and Calisaya is called a Chemical Food and Nutrient because Phosphates constitute more than half the material of the human body, and are absolutely essential to the growth of Bone, Muscle and Nerve, which cannot attain full development without them. They promote a good appetite, perfect digestion, create pure, healthy, vitalizing blood, and supply the waste constantly going on in the system as the result of mental and physical exertion. Being combined with Calisaya, the Peruvian Bark, the only specific for Chills and Fever, and that condition of Nervous Prostration and General Debility arising from low vitality and exhaustive diseases, it forms an elegant and agreeable, invigorating Tonic, purely physiological in its action, that may be taken safely under all circumstances, and in all diseased conditions of the body, as it builds up the constitution in the same manner as our daily food.
