THIRTEEN SURVIVE STRIKING OF MINE

Four of Danish Crew Lost When Vessel Sank After Shock.

[Canadian Press.]

London, Aug. 27—1:05 p.m.—Thirteen survivors of a Danish trawler which was sunk by coming in contact with a floating mine in the North Sea, have been landed at Shields. Four of the crew of the trawler lost their lives.

The fishing boat was on her way to Iceland, when at 10 o'clock on Wednesday night those on board felt a terrific explosion. Flames shot up around the bows of the vessel, and she began to sink rapidly. A small boat was launched, but the vessel foundered before four men in the forecastle could be reached.

Describing his experiences, the chief officer, who was on watch, said the concussion hurled him against the wheelhouse with great violence. He was successful in getting two injured men out of the forecastle, but four others must have been killed in their sleep.

Winnipeg, Aug. 26. — Wheat prices made another substantial advance this morning after the opening, which was ⅛c to ¾c higher. Within the first hour there were gains around 2½c to 2⅜c over yesterday's close in all months. The market continued bullish, the greater part of the receipts being held by farmers, the general opinion crediting higher prices. Later, further advances occurred after midday, and during the last half hour the market was wild and nervous, with wide fluctuations. Closing prices were 2½c to 5¼c higher.

The cash demand for eastern millers continues strong for all grades of wheat, but offerings are light. Oats, barley and flax are in good demand. Exporters are doing nothing, prices being out of line.

Cash grains closed: Wheat, 3⅝c to 4⅝c higher; oats, unchanged to 2c higher; barley, 1c higher; flax, 1c higher.

Inspections Tuesday, 99 cars, against 171 cars last year, and included 81 cars new wheat, 2 cars new oats, and 2 cars new barley.

Chicago, Ill., Aug. 27.—The excitement in wheat was unabated when the market opened today. May wheat, leading in activity, sold down to $1.16¾ or 2⅝c under yesterday's sensational close, but the price in the first fifteen minutes of trading was bid up to $1.25. September wheat gained 3c and December 4c.

MANY DESERTERS FROM AUSTRIAN ARMY

[Canadian Press.]

London, Aug. 27.—4:05 a.m. — A dispatch to the Morning Post from Rome says that a telegram received there from Nish, contains statements made by prisoners that here had been numerous deserions from the Austrian army. In some of the regiments, it was stated, forty per cent of the reservists failed to respond to the call to the colors. The aged Emperor Francis Joseph was kept in ignorance of the real state of affairs.

The telegram added that the official bulletins contain only satisfactory news and reports of great Austrian victories.

ONE GIRL REMAINS AND SHE INJURED

Pathetic Story Told by Belgian Refugee of German Brutality.

AWFUL SCENE IN PARIS

Destitute Lying About On Wet Straw—Red Cross Busy.

[Canadian Press.]

Paris, Aug. 27—4:30 a.m.—The Cirque de Paris, where the crowd of Belgian refugees has grown to 2,500, has taken on the aspect of a human stable. The floors of the wide foyers are all covered with straw, which has become wet, and the homeless and poverty-stricken people may be seen lying about, many in attitudes of sad dejection. Trained nurses of the Red Cross, priests, soldiers and doctors are constantly moving among the crowd, ministering to their wants.

At the entrance to the hall a large cask containing beer was placed, and a soldier was seen apportioning the beverage to a waiting line of men and boys.

Inside the amphitheatre were children of all ages, sizes and descriptions. The scarcity of baggage was noticeable, everyone apparently having taken only the few things that could be easily carried in their hasty flight. The evening meal consisted of a huge slice of bread, with a piece of beef on top, and afterwards black coffee was served.

A Pathetic Story.

An old man, sitting in a corner on a sack of straw, told the following story:

"People call be Jean Beaujon. I have a little wine shop just across the river from Liege, in the town of Grivegnee. When the mobilization order was issued, my two sons, both fine fellows, went off to join their regiments. My daughters—I have two, this one here and another—remained with their old father."

The girl he motioned to was a bright-eyed girl of about 16, but only her eyes were visible, as the rest of her face was swathed in bandages. He continued:

"You see her poor dear face? Well, a German was the cause of that. When they came they demanded wine, which I gave them, and one man tried to insult her. When she resented this he struck her, and she fell against the counter and broke her jaw."

The old man then told of their flight and the hardships they endured.

"My other daughter becoming very tired after a time," he went on, "she sat down by the roadside, while this girl and I went on ahead to try to find some means of conveyance. A little further on we came upon a riderless horse, and after great difficulty we both succeeded in mounting and went back to find my daughter. We had not been gone more than half an hour, but when we returned she was no longer there.

Could Not Find Daughter.

"Where she went I do not know. We spent the rest of the night looking for her, but found no trace of her. The rest of the time until we got on the train that brought us here I was cared for by the Red Cross. I don't know where they found me or anything else, except that I have prayed night and morning since that my missing girl be returned to me."

AUSTRIA'S ACTION SURPRISES JAPAN

Did Not Expect Declaration of War From a Supposedly Friendly Country — China Satisfied.

[Canadian Press.]

Tokio, Aug. 27. — The news of the declaration of war by Austria-Hungary upon Japan, following the official announcement of the disarming of the Austrian cruiser Kaiserin Elizabeth in the port of Tsing-Tau, caused surprise in Tokio. It had been hoped here that Austria-Hungary, having but small interests in the far east, would not force a breach of relations with Tokio, especially as Austria-Hungary always has been regarded as friendly to Japan. Baron Mueller De Szentgyorgy, the Austrian ambassador, and the members of his staff always have been popular here.

There is reason to believe that the Japanese navy is carefully sweeping the waters around Kiao-Chow for mines, of which it is known that very large numbers have been submerged recently.

Assurances have been received here from Peking that President Yuan Shi-Kai and his Government are amply satisfied with Japan's pledges concerning the future safeguarding of Chinese and British interests and the maintenance of the commercial status quo and her promise of assistance to prevent Chinese revolutionaries from seizing this occasion to create disorders.

The feeling prevails here that the Japanese authorities will be able to control the principal revolutionary leaders opposed to the President of China.

FRENCH SOCIALISTS SUPPORT THE WAR

New Leaders Unify Party and Are Strong Patriots.

[Canadian Press.]

Paris, Aug. 28.—12:15 p.m. — The entry of Jules Guesde and Marcel Sembat, the former a Socialist and the latter a union Socialist deputy, to the leadership of the Socialists of France, in succession to the late Jean Jaures, has unified the party and is favorably commented upon today by all parties in France and particularly the Socialists themselves.

M. Guesde and M. Sembat are also members of the new cabinet. M. Guesde in an interview, in the Paris Midi today, says: "I go into the cabinet as an envoy of my party, not to govern, but to fight. If I were younger I would have shouldered a gun.

"France has been attacked, and she will have no more ardent defenders than the workmen's party."

M. Sembat declined to say more than that he and M. Guesde had accepted their portfolio with the approval of the Socialist party, "which, with all other parties in France, must now give way before the necessity of military defence."

PANIC THREATENS BERLIN; WEALTHY GERMANS ARE FLEEING TO SCANDINAVIA

Russian Victories Show That Power of Northern Country Was Underrated—Austrians and Germans Both Driven Back by Invaders.

[Canadian Press.]

LONDON, Aug. 27.—2:40 a.m.—"Despite the German efforts to minimize the extent and importance of the Russian victories," says the Standard's Copenhagen correspondent, "the German public apparently is by no means satisfied of their security. A panic seems imminent in Berlin. Wealthy Germans already are leaving the city and hastening toward Scandinavia by way of Copenhagen. A number of these already have passed through this city."

Capture Prussian Towns.

A dispatch to the Reuter Telegram Company says that the Russian troops in Eastern Prussia have occupied the towns of Nordenburg, Sensburg and Bischofsburg and the railway station at Rothliess, 50 miles inland, and adds that the Russian advance continues.

In Eastern Galicia the Russians have driven back the Austrian rear guard beyond the River Zlota Lipa, which runs north and south, about 30 miles west of Tarnopol.

Cross Dneister River.

A dispatch from Bucharest says the Russian columns have now crossed the Dneister River in Austrian Galicia in Austrian territory, and are opposed in their march toward the Carpathian Mountain passes by only three Austrian army corps.

MUCH OF EAST PRUSSIA OCCUPIED BY RUSSIANS

[Canadian Press.]

ST. PETERSBURG, Aug. 26.—Via London, 2:15 a.m., Aug. 27.—The Novoe Vremya says today that, although the general staff has made public only the barest details regarding the striking success to the Russian arms in East Prussia, it is apparent that the greater part of the province is now occupied by Russians, and that the Germans are in a condition of demoralization.

"Although no figures of the casualties have been given," the newspaper adds, "the fighting was most obstinate and sanguinary. The German retreat finally degenerated into a rout. Their evacuation of the western part of Russian Poland is virtually complete. The Germans evidently were disappointed and nonplussed by the failure of the Russian Poles to rise against Russia.

Germans Are Indifferent.

"The German prisoners are reported to be indifferent as to their captivity. Near Vlozlaff, a Russian peasant was hailed by two German scouts, both of them armed heavily.

"'Come here, we are your prisoners,' they called out.

"The peasant, however, distrusted the summons and took to his heels, whereupon the horsemen caught up with him and insisted on surrendering.

"'Arrest us quickly and take us somewhere to obtain food and sleep,' they begged.

Cossacks Are Heroic.

"Many tales are told of the heroism of the Cossacks. One detachment rushed across a burning railway bridge and fell upon the enemy with such fury that several Germans were cut in two by their swords. The leader of the Cossacks received sixteen wounds, but he boasted that he put out eleven of the enemy before he fell.

GERMANS FLEE WEST.

ST. PETERSBURG, via London, August 26.—10:20 p.m.—The Germans in the Elbing district of West Prussia, near the Vistula River, are fleeing westward before the Russian advance.

Important Town Falls.

ROME, Aug. 26.—Midnight.—A dispatch from Bucharest says that the Russian columns invading Galicia have occupied Tarnopol, an important city eighty miles east southeast of Lemberg, capital of Galicia. Three Austrian army corps are said to be opposing them.

NORWEGIAN SHIP HIT FLOATING MINE

Eight Members of Crew Killed When Vessel Was Blown Up in North Sea.

[Canadian Press.]

London, Aug. 27.—2:46 p.m.—The Norwegian steamer Gottfried has been blown up in the North Sea by coming in contact with a floating mine. Eight members of her crew lost their lives.

Heard Many Explosions.

The captain of the trawler and three others were picked up from floating wreckage and brought into Shields by the fishing boat Norden. Officers of the latter say they were alarmed through the night by distance explosions, which followed each other at intervals from 9 p.m. to 4 a.m. At about 6 o'clock in the morning the lookout on the Norden sighted a man floating on a plank. He was picked up and declared that the Gottfreid had been blown up three hours earlier and had gone down immediately with eight members of her crew. The dead men had been literally blown to pieces. Later the captain of the Gottfreid was found floating in a lifeboat and two others of her complement were rescued from floating wreckage.

LOWERS STEEL CAGE TO DROP ITS BOMBS

Zeppelin Airship Meanwhile Keeps Out of Range of Guns.

[Canadian Press.]

London, Aug. 27.—12:38 p.m. — The method used by Zeppelin airships in dropping bombs has been described as follows by an English refugee, who has just arrived here from Belgium:

The dirigible hovers over its objective at a sufficient altitude to keep it out of range of the enemy's guns. At the same time it lowers a steel cage attached to a steel wire rope 2,000 or 3,000 feet long. This cage is divided into compartments, and it carries one man, whose duty it is to throw down the bombs. The cage is sufficiently strong to make rifle fire against it ineffective, and because of its small size, and the fact that it is kept constantly in motion, it is very difficult for heavy guns to hit it.

PUBLISHER ILL

Robert Collier, Asleep Four Days, Cannot Be Awakened.

[Canadian Press.]

New York, Aug. 27.—Robert Collier, the publisher of Collier's weekly, was still sleeping soundly today the sleep that may be his last. Physicians were unable to awaken him. He has been asleep since Sunday afternoon, a victim of uraemic poisoning.

PROTEST ATTEMPT TO KILL BELGIAN KING

French, British and Russian Ministers Express Their Indignation.

[Canadian Press.]

Paris, Aug. 27.—1:20 p.m.—A dispatch to the Havas Agency from Antwerp says that the French, British and Russian ministers to Belgium went together to call on the Belgian Minister of Foreign Affairs, to express their indignation at the recent attempt of a German Zeppelin airship against the life of King Albert and members of the Belgian royal family.

TAKE KIAO-CHOW, THEN STAND ASIDE

Such Is Plan of Japan, Unless Germany Still Retains Standing in South Seas.

[Canadian Press.]

Tokio, Aug. 27.—11:40 a.m.—The Empress is occupied daily in making bandages for the Red Cross workers. She is ably assisted by the court ladies.

Yukio Ozaki, minister of justice, in speaking of the disinterestedness of Japan in the war, other than in the conditions in Kiao-Chow and the China Sea, said: "When Japan captures Kiao-Chow and hostilities in the China and Japanese seas are over, Japan will stand aside and become an onlooker, if the war in Europe still is in progress.

"If, however, the Germans still retain a standing in the south seas, which would be a menace to the peace, Japan, in accordance with the alliance, would consult Great Britain and might cooperate in driving the Germans out of the Orient.

[Canadian Press.]

Tsing-Tau, Aug. 27.—12:30 p.m.—There is no evidence here today of the landing of Japanese troops in the Kiao-Chow territory.

It is believed that the heavy roads of Kiao-Chow after the summer rains will deter any Japanese attack for many days.

All native shipping in Kiao-Chow Bay has been suspended.

CONFESSES MURDER OF MISS A. W. SMITH

Japanese Photographer Formally Charged With Crime in California.

[Canadian Press.]

Monterey, Cal., Aug. 27.—George Kodani, the Japanese photographer who has confessed to killing Miss Helen Wood Smith, a former New York artist, who lived at Carmel-by-the-Sea, was formally charged by a coroner's jury yesterday with murder.

The inquest developed evidence tending to show that the woman was killed in her bungalow, the body then being dragged out on the sand and buried.

PRINCE OF BRAGANZA JOINS BRITISH FORCES

Resigned Commission in Austro-Hungarian Army When War Broke Out.

[Canadian Press.]

London, Aug. 27.—4:14 a.m. — A dispatch to Reuter's Telegram Company from Paris states that Prince Louis Antoine of Orleans and Braganza, who resigned his commission in the Austro-Hungarian army at the outbreak of the war, has been authorized by King George to serve in the British army. He has left for the front to join the staff.

The keenness of Frenchmen of all classes and all over the world to join the colors is instanced by the priests in Palestine. A number of those in Jerusalem, hearing of the mobilization order, left on the first boat for France. Among them is the Dominican Father Vincent, who was engaged at the time in writing an archaeological work on ancient Jerusalem.

500 ENGINEERS

That Many at Valcartier Writes Local Member of Corps.

Capt. E. V. Buchanan, of the Seventh Field Company, Canadian Engineers, has received a letter from Sergt. Duncan Paul, who went to Valcartier with the local company last week. The writer says that rain has been falling practically every day since they reached the training camp.

He says that 500 engineers are in camp altogether, and adds that the Seventh has a splendid cook and that the men are all very pleased with the meals which are being served up to them.

IN THE POLICE COURT

"They asked me who I was going to fight for and when I wouldn't answer three Russians jumped on me and handed me a couple," explained William Clarke in police court today. Clarke and Alex. Courseau, a Russian, appeared on a charge of being disorderly at a King street hotel.

Edward McEvoy, proprietor of the hotel, his son and P. C. Russel Fulcher were there to swear that Clarke had taken a punch at the Russian and that the fight which followed was his own fault. Clarke was assessed three dollars and costs.

Ray Gorman drove his car on Dundas from William street to Adelaide street at the rate of 25 miles an hour. Sergt. Robert Birrell said he did, Gorman said he didn't. The officer who had the stop watch on Gorman's car was away on leave of absence. The court adjourned the case for two weeks.

James Navin, who didn't pay his last fine, and who appeared in police court again, was assessed $20 and costs or one month in jail.

Arthur Dunbar was drunk, but he was on his way to Winnipeg from Detroit and he had a ticket good to carry him to his destination. An officer will be detailed off to see that he gets on the right train for the western metropolis.

The adjourned case of John Mitchell, arraigned yesterday on a charge of stealing $50 worth of groceries from a local firm, was again laid over today until additional evidence is secured. A representative of the firm in court stated that the amount of goods stolen was nearer $100 than $50.

WEDDING BELLS

NICHOLLS—RUMBALL.

GODERICH, August 26.—The wedding took place at the home of Mr. and Mrs. E. J. Rumball, East street, yesterday, of their daughter Evelyn to Mr. Herbert V. Nicholls, of London. Rev. G. E. Ross officiated.

JOHNSON—HORNER.

At the home of Mrs. M. Logan, 467 Dufferin avenue, yesterday afternoon, at 3 o'clock, her sister, Miss Isabella McKay Horner, daughter of the late Matthew Horner, of Thornlie Bank, Glasgow, Scotland, was united in marriage to John Allen Johnson, of St. Marys, Rev. H. B. Ashby, of the Church of the Redeemer, officiating.

The bride was attended by Miss Daisy Horner, and the groom was assisted by Ernest Horner, both of St. James street, London. The bride was given away by her brother, Matthew Horner, of London. She was charmingly gowned in white silk voile, with overskirt of lace, with bridal veil and wreath of orange blossoms, clasped together with a pin made of Connanemere marble from Larne, County Antrim, Ireland, and carried a bouquet of bridal roses. The bridesmaid was dressed in silk voile and carried pink asters.

Little Miss Jean Horner, niece of the bride, was flower girl and carried a basket of white asters.

The groom's gift to the bride was a check, to the bridesmaid a gold brooch set with topaz and pearls, to the groomsman a gold pearl tie-pin, and to the flower girl a bracelet of gold.

After the wedding Mr. and Mrs. Johnson motored to St. Marys, where they will reside. Hugh Horner, a brother of the bride, was unable to be present, having left on Saturday to join the Princess Patricia Light Infantry at Ottawa. He is a veteran of the South African war.

LEVITT—WHITE.

On Tuesday evening, at the parsonage of the First Methodist Church, Joseph Elroy Levitt and Miss Dorothy White, both of London, were united in marriage by Rev. Dr. C. R. Flanders.

THE GERMAN LINE OF COMMUNICATION WEAK

If Allies Hold Their Own at Frontier It Can Be Cut.

[Canadian Press.]

London, Aug. 27—5:50 a. m.—Tests made at various points along the German's line of communication, says the Ostend correspondent of the News, show it surprisingly weak. The Germans seem to have gone forward with the idea that they had nothing more to fear from the Belgian army.

"If the allies can hold their own at the frontier," says the correspondent, "it is certain that German communication with their base can be cut at any moment. In fact their army seems to be up in the air. It has no support and everything has been chanced on a victory for the advancing army, which is travelling fast, carrying its own supplies and supplementing them with levies on the surrounding country."

SENEGALESE INSIST ON WEARING NO BOOTS

Before Splendid Attack On Germans, Kick Them Off—Take Enemy's.

[Canadian Press.]

Paris, Aug. 27.—7 a. m.—The Matin relates that on the arrival of a train bringing wounded Senegalese riflemen, nearly all were found smoking furiously from long porcelain pipes taken from the enemy, and seemingly indifferent to their wounds. One gaily told of the daring capture of a machine gun by eighteen of his comrades. The gun, it seems, was brought up by a detachment of German dragoons, and the Senegalese bravely charged and captured everything.

Though their arms and bodies are hacked by sabre thrusts, the Senegalese complain of nothing but the obligation to fight with boots on. Before going into battle at Charleroi they slyly rid themselves of these impediments and came back shod in German footwear to avoid punishment for losing equipment.

OF BELGIAN RIFLEMEN

Betrayed Them After Gallant Defence Against German Thousands.

[Canadian Press.]

Paris, Aug. 27.—5:15 a.m.—A refugee from Nerbes-Le-Chateaux, a town thirteen miles from Mons, said on his arrival here that 360 Belgian riflemen, posted in his town, kept several thousand Germans at bay for three days, until a German spy, disguised in a Belgian uniform, showed them a path which enabled the Germans to take the riflemen in their rear. All were killed except twelve villagers.
