L. and D. F. A. Denies Transfers To Maple Leafs London O. B. A. Winner Will Draw St. Thoma

THREATEN APPEAL TO O. F. A. COUNCIL

Injured Players' Cup Draw Is Still in Abeyance.

Denied the right to approach players of the St. Andrew's club by the Lonand District Council last night, the Maple Leaf officials intend carrying their case to the O. F. A. St. Andrews had protested against the transfer of their players, and the council upheld them, in view of the fact that the L. and D. constitution distinctly states that no transfers shall be made after Aug. I. While the players asked for from St. Andrews were the only ones dealt with, the same rule will, of course, apply to all registered players in the L. and D. F. A. The matter caused a long discussion, during which it was brought out that some of the players must have been Maple Leaf officials intend carrying

during which it was brought out that some of the players must have been approached before their transfer was formally applied for, as they were named as officials of the new club. The resignation of Mr. Hodkinson from the council was accepted, and an appointment to the vacancy will probably be made at the next council meeting. The meeting was so long drawn out that the draw for the Injured Players Cup was again laid over.

The Tecs entertain the Port Huron-Sarnia Saints commencing today and continuing for the rest of the week.

The Flinters ought to be peeved enough by this time to go into Hamilton with deep burning desire for wins. They might just be the team to turn the trick and keep the Hams stationary long enough for the Tecs to catch up.

It was rumored yesterday that Bill Moore had been benched for a couple of days, but later it was discovered he was down at the lakeside judging a baby show. The Tecs entertain the Port Huron

The chances of Jack Schaefer getting back into the game before the season ends are very slight, according to the latest reports. Schaefer, in the ordinary course of events, couldn't have been verlooked this year by higher company, and there is general sympathy around the circuit for the London outfielder, except amongst the huriers.

One exceptionally strong hitter on a glub has as much moral effect on his iwn clubmates as he has a demoralizing effect on the opposition, and Schaefer's absence is making the Tecs hitting gather light. Mackey, of course, is still here, but one of them isn't enough.
