#### ANOTHER FINED.

An El River resident was up before the court yesterday afternoon for selling intoxicating liquor. He was fined \$50.00 and costs.

With the greatest money crisis in our history we go on drinking. Drink costs us a million pounds a day. Our people spend on it \$500,000 a day and the controlling and managing of drink costs at least \$500,000 more. If we could transfer this \$1,000,000 to almost anything else the people would not know the land they were born in so prosperous would it be.

### BOYS WORK IN CAMPBELLTON

Great Progress Shown in Older Boys Conference Held Here.

Another step forward was taken in the Conference which came to a close on Sunday evening. The National Boy's Work Secretary, Rev. Lou A. Buckley, was the leader and the moving spirit in the conference. Through him the work began two months ago and has continued every Friday night with the boys following out the programme of the Canadian Standard Efficiency Tests, which is simply the Divine plan along which every boy must develop, especially in his teen ages. All that we know of the development of the boy Jesus is, that "He increased in Wisdom and Stature and in favour with God, and in favour with man". In other words Jesus increased Intellectually, Physically, Religiously, and Socially, and this line of development is conceded by all leaders to be the only plan for the proper development of the teen age boy. The four-sided boy is the need of the present to take the place of leadership in National life and, the boy in his teens today will be called upon to enter public life and assume leadership much sooner than he would before the present war began.

The key-note of the Conference was struck in the opening on Friday, Jesus said; "I am the Light of the World, he that followeth after me shall not walk in darkness." In every country, in every clime, it is seen that the strongest and most powerful characters are those nearest the Master. The boys at once caught the spirit of the Conference and many resolves in heart were registered. The conference was run by the boys themselves and they elected their own President, Roy McLean, Vice Pres. Elfred Mowat and Secretary Harold Wilson. These were in charge of all the meetings under the direction of Mr. Buckley. Saturday began with a Devotional Service at nine o'clock. Reports of Organized classes at 9.30 and a 10 p.m. open up on Wednesday evening the last six weeks, the leading boy being Harold Wilson out of twenty five who wrote at every paper showed good results. The day being wet the sports were run off in the kindly lent by Mr. Ingram. The following are the results:

### YOUR CHILD

will not suffer with sunburn or heat rash if you use Zam-Buk.

The Superintendent of S.A. Fresh Air Camp at Clarkson's, Ont., says: "We always keep a supply of Zam-Buk at our Children's Camp. We use it constantly for sunburn, insect stings and bites, as well as for cuts, bruises and sores, and believe there is nothing to equal it." Zam-Buk is especially suitable for a child's tender skin, owing to its purity of composition. It contains absolutely none of the coarse animal fat or harsh mineral drugs found in ordinary ointments. All dealers, 50c. box.

Marquis won Tug of War. Saturday was brought to a close with the Banquet so ably provided by the ladies. Every class in the different churches had its yell and these were given in good style, also singing of patriotic and humorous songs suggested by the National Council. A most pleasing feature of the evening was a visit and talk from Capt. Best and Lieut. Morrison. A short talk on several subjects by Mr. Buckley brought the evening to a close. Sunday was the best and heaviest day beginning with a meeting conducted by Mr. Buckley at ten o'clock. The afternoon was taken up with a Mass meeting for boys and leaders, at this meeting resolutions, as a result of the Conference, were written down by the boys, resolutions to follow Christ, by His help, in purity of speech, life and habits. The closing service was held in the Baptist Church in place of the regular service at seven o'clock to enable the boys to hear Capt. Best at 8.30 o'clock in the Opera House.

An endeavor is being made to secure the services of a boy leader to spend a few weeks during the holidays to train the boys in the Physical and Social standards. Boys all over the Dominion are following out this programme and the boys of Campbellton must not be behind the rest in all round fitness. Our country needs the Empire's needs, the world's needs, the sacrifice of our boys at the front demand a stronger, truer, purer character in boys at home.

### BOOZE IS STEALING ENGLAND'S STREETS

British and Americans Agree on Prohibition.

Washington, D. C., May 31.—Recent conferences of officials with foreign war missions, it was learned today, have included full discussion of the question of war time prohibition, which, it has been concluded, becomes a necessity both in the States and England.

In England plans have been outlined for absolute prohibition Nov. 1, when the available supplies in storage will be exhausted. This step will be reached by the gradual stages. The incidence of what the drink evil has cost Britain during the war has been noted here.

It is contained in a pamphlet "Defeat or Victory?" which was published by the Street British Movement—set forth and figures so frankly and concisely in the tragedy of a nation that Lloyd George, the British prime minister, suppressed it.

To Show Peril to U. S. The Anti-Saloon League of America succeeded in getting a few to this country and is planning a nation-wide dissemination.
