The Orange Council Pass Some Strongly Worded Resolutions.

The Council of the Loyal Orange Brotherhood held a meeting last ovening for the purpose of hearing the report of a committee appointed to enquire into the religious complexion of the Dominion Cabinet and the attitude of the Orange members in the House, regarding not only religious questions, but all questions affecting the well-being of the country. The report was as follows:

"In reference to the Dominion Cabinet it is evident that sectarian sentiment dictated and influenced the leader of the Government in the construction of this Cabinet. While there is only one-sixth of the population of the Dominion credited to the Roman Catholic church she has five-twelths of the Cabinet Ministers at her command.

We submit the Premier should be called upon in the House to rectify this gross in justice to representation by population.

It is also to be observed that in selecting his Protestant minister, Sir John Thompson-has passed by the most prominent and ablest members of the Conservative party, doubtless because of their loyalty to civil and religious freedom, it is also to be motted that in addition to the 12 ministers Sir John has constructed at a high price five outside cribs for the orange and green wirepullers whom he calls competitively. Brother the command a position in the cabinet. We desire to commend to the esteem and Wapport of our brethren and all true Protectants D'Alton McCarthy and Colonel O'Brien as true patriots, fewless and able representation, from which it may escape with honer and usefulness to the country or sink honer and usefulness to the country or

THE OFFICE ABOLISHED.

No Assistant Librarian of the Public The Public Library Board met yesterday afternoon, William Mara presiding. There were present: Hon. T. W. Anglin, Miles Vokes, W. Kerr, C. J. McCabe, F. Somers

and A. R. Boswell. The report of the Building and Finance Committee recommending the abolition of the office of consulting architect, and the adoption of plans for alteration of the reference library at an estimated cost of

\$1300, was read and carried.

The resignation of Mr. T. A. Haultain from the position of assistant librarian was read and accepted. A grist—of letters applying for the vacant position was read. It was decided, as a matter of economy, to dispense with the services of an assistant librarian, and consequently the only office open was the superintendency of the reading room. For this position, to which was voted a salary of \$300 a year, there were two nominations, Miss L. Graham and Miss Edwards. Miss Graham was appointed

East Foronto Council, At a meeting of the council of East Toronto village last Thursday night, Mr. A. W. Dingman, general manager of the Toronto and Scarboro Electric Railway Company, asked the council to take the necessary preliminary steps towards granting the company the right of way up the main street of the village so as to complete the electric service from the Woodbine in Queen-street east, in the Kingston-road to the main street north to Gerrard-street, east in Gerrard to the Girls' Industrial School then—down Blantyre-avenue to Queen-street and west along Queen to the

city limits.

Mr. Dingman said he would guarantee that if the right of way were granted the road would be constructed and in active cperation by the first of July.

No action was taken by the council in the matter as they wished to consider it before taking any definite action in regard to it.

It is understood that there would be no

difficulty in granting the company right of way in any of the streets running parallel with the main street, but there seems to be. several objections to granting it in the main street itself.

Reeve Stephenson occupied the chair up
to the time that Mr. Dingman made his
appeal, when, as he is president of the
company, he withdrew, and Dr. Walters

took his place.

Fred J. Rumble, C.P.R. employe at Toronto Junction, was attempting to cross the Grand Trunk track by climbing between two cars of a standing freight train when the train started and his leg was caught. After being carried some distance Rumble managed to extricate the injured limb and to throw himself into the snow at the side of the track. He remained there for some time and was finally discovered by a time, and was finally discovered by a switchman who had him removed to his home. An attempt will be made to save
