**Our Queen's Diamond Jubilee.**  
Ring in her Diamond Jubilee!  
All honor to our Queen!  
Our Queen Victoria, thanks to God,  
Our eyes this day have seen;  
Thro' all the years of weal and woe  
She lives beloved and true;  
A woman every inch a Queen,  
The Queen a woman, too.

A Queen with most supreme contempt  
For all things base and mean!  
A woman with the tenderest heart,  
For suffering sorrow keen!  
A sudden terror in a mine,  
A sad cry from the sea;  
And, quick as thought, the Queen's kind  
heart  
Responds in sympathy.

Well may her people feel with her,  
One both in joy and woe;  
And could they only bear her griefs,  
No sorrow should she know;  
But, ah! it must be ever thus,  
No lot exempt from pain;  
But pain, God-given, and sanctified,  
Brings blessings in its train.

With tears she hears them hail her Queen!  
Tears for the Widowed One,  
Whose bitter loss prepares the way  
Thro' which she mounts a Throne.  
Most faithful daughter! loving wife,  
And happy mother, we  
See in our Queen's great happiness  
How deep her grief could be.

And learn to love the sympathy  
Born of her own great loss.  
The great refining, Heaven-sent,  
That burned up all earth's dross.  
And now the Queen thinks of her poor  
And plans that earnest way,  
That they may see she thinks of them  
On that auspicious day.

God bless our land, and bless our Queen,  
And keep her long in life.  
To rule in peace and use her power  
Against unholy strife;  
And when her long and happy life  
Shall close in joyful peace,  
Great Heavenly King! receive our Queen,  
Where Love can never cease.

**BEAUTY AND HEALTH TO FAIR  
WOMEN.**  
Miss Annie Patterson, of Sackville, N. B.,  
Once the Victim of Nervousness and  
General Debility, Takes on the Health  
of Early Years.

Some remedies are nothing more than a  
temporary stimulant, and the reaction  
aggravates the disease. Where the system  
has become run down, and nervous debility  
in its worst forms have shown themselves,  
South American Nerve will cure. It  
strikes at the nerve centres and builds up  
the system by removing the real cause of  
trouble. Miss Annie Patterson, of Sack-  
ville, N. B., a lady well known in the  
Maritime Provinces, suffered terribly from  
indigestion and nervousness, and her case  
seemed incurable. She accepted South  
American Nerve without hope that it was  
any different to other remedies, but her  
words are, "I had taken only one bottle  
when my system began to take on the  
health of earlier years, and after taking  
three bottles I was completely cured."

**Finish the Feeding.**  
Last week nine carloads of stocker cattle  
were shipped by way of Port Huron from  
Canada to the Western States. They will  
be fed there by the enterprising farmers and  
shipped to Great Britain. Why should our  
agriculturalists not profitably feed these  
animals themselves, and market them in the  
motherland? Once the excuse was that  
there was no cheap feed, and that was why  
thousands of half-fed animals were sent to  
the old country or to the States. Now,  
with corn tax free, the feeding conditions  
are as advantageous in Canada as in the  
United States, and it seems a shortsighted  
policy to lose the money-making agencies  
resulting from selling the animal to be fed  
in a foreign country, and afterwards sent to  
the old country to be sold in competition  
with our exports of meats.

**Others Fail—It Cures!**  
DEAR SIR,—From my own experience I  
can confidently say that Dr. Fowler's  
Extract of Wild Strawberry possesses true  
merit. It was the means of saving my  
little girl's life last summer. She was  
teething and took violent diarrhoea. Dr.  
Fowler's Extract of Wild Strawberry cured  
her, and I feel that I cannot say enough in  
its favor.

Mrs. Wm. Arthur,  
Teeterville, Ont.

The Keystone Gun Club, of Windsor, has  
arranged a two days' shoot at Sandwich,  
commencing on June 24.

On Wednesday night the general store of  
Wm. Schroeder, Chesley, was broken into.  
Entrance was made by breaking a large  
pane of glass in one of the street doors, but  
they took away no plunder, and the only  
damage so far as seen is the breaking of the  
glass door and the smashing of a valuable  
show case.

Byron used a great deal of hair-dressing,  
but was very particular to have only the  
best to be found in the market. If Ayer's  
hair Vigor had been obtainable then,  
doubtless he would have tested its merits,  
as so many distinguished and fashionable  
people are doing now-a-days.

And "peace with honor" was secured at  
Berlin in 1880.

In the spring of '81 passed Beaconsfield  
away.  
Egypt in '82 came under British sway.  
So just in '83 the fellahs were released  
From despotic rule, and in '84 their Turkish  
tribute ceased.

In '85 brave Gordon fell at Khartoum in  
the Sudan,

clan.

## AYER'S ARGUMENT.

If there is any reason why you should use  
any sarsaparilla, there is every reason why you  
should use Ayer's. When you take sarsaparilla  
you take it to cure disease; you want to be cured  
as quickly as possible and as cheaply as possible.  
That is why you should use Ayer's: it cures  
quickly and cheaply—and it cures to stay. Many  
people write us: "I would sooner have one bottle  
of Ayer's Sarsaparilla than three of any other  
kind." A druggist writes that "one bottle of  
Ayer's will give more benefit than six of any other  
kind." If one bottle of Ayer's will do the work  
of three it must have the strength of three at the  
cost of one. There's the point in a nutshell. It  
pays every way to use

## Ayer's Sarsaparilla.

The departmental system of store keeping has its opposers as  
may be seen in the public press, but the merchant who is in a  
position to buy and distribute in large quantities has advantages for  
the consumers, which they have not been slow to perceive and appreciate  
by their full and steady patronage.
