PROSPECTUS OF A TREATISE ON AGRICULTURE.

ADAPTED TO THE CLIMATE AND CIRCUMSTANCES OF CANADA.

A BOUNTIFUL Providence has furnished Canada with most fertile soil and climate, which is by no means unfavourable to Agriculture. These advantages, if properly improved, will render the country a rich and happy one, and a vast increase of population will be the result.

The importance of Agriculture to Canada, must be obvious to every one capable of forming a sound judgment in such matters. It is Agriculture that will afford the most durable and useful support to the population of this country. It is Agriculture that will give to the people a permanent and increasing wealth, and a secure and comfortable subsistence. CHOLERA MEDICINE put up in small packages, with concise printed directions, will be kept constantly on hand.

In consequence of the Asiatic Cholera having appeared in Halifax, the Subscriber, after carefully examining the most scientific documents on the subject, has been induced to draw up a code of directions for the prevention and treatment of the disease, in order that those who live at a distance from medical assistance, may be enabled to render prompt aid until they can procure medical attendance. As this awful disease runs its course and ends so suddenly in a few hours, it is also necessary for families to supply themselves with all the most approved medical remedies that no time may be lost on the first appearance of the malady; for in fact, if the patient attends to the preliminary symptoms, and applies the proper medicines, he will almost always be successful in preventing the disease, or at least, rendering the attack much more mild and manageable.

PROSPECTUS

Of a weekly Journal, which is intended to be published in Fredericton, and called, THE CONSERVATIVE.

Mr. R. T. Edgill, sole Proprietor and Editor.

The principles of "The Conservative" are sufficiently declared by the name, which seems to have acquired a fixed and determinate meaning. It scarcely need be said, that a "Conservative" means one, whose principle and determination is to defend the time-honoured British Constitution, and maintain the valuable Institutions of the Empire in their integrity; but who is not averse to the correction of abuses that may have crept into any of them by length of time, or to real improvement wherever it may be practicable.—This, at least, is the meaning which we attach to the term; and in this sense of it we shall endeavour to justify the title assumed.

The Columns of "The Conservative" shall be always open to Communications in which subjects of local interest are temperately and fairly discussed; and adorned by the most valuable literary materials that can be procured.

The Rights of ALL PARTIES shall be invariably respected and maintained.

The aim of "The Conservative" will be to preserve harmony and good feeling among all classes of His Majesty's loyal subjects in this Colony; and to direct the energies of the people into the most healthful channels.

It remains to be seen, whether the proprietor shall be encouraged to embark in an enterprise of this nature.

An engraving, of original design, will surmount the title; and "The Conservative" will be issued on fine paper, with new type.

No money will be looked for until the expiration of the first six months, when the whole of the annual subscription would be required, to enable the Proprietor to meet the heavy engagements which must be contracted before "The Conservative" can commence. At the same time, it shall be optional with subscribers to decline the paper at any moment, on paying the amount of subscription due.

Terms: TWENTY SHILLINGS per annum.

"The Conservative" is intended, will open with a review of the proceedings of our Legislature during the Session which has just closed; and the publication will begin as soon as possible after the undertaking may appear to be justified.

The Editor's address is at the GENERAL AGENCY OFFICE, Fredericton.

Subscription Lists will be prepared forthwith, and Agents appointed.
