MANHOOD

How Lost, How Restored! We have recently published a new edition of Dr. Culverwell's Celebrated Essay on the radical and permanent cure (without medicine] of Nervous Debility, Mental and Physicial Incapacity, I npediments to Mar-riage, etc., resulting from excesses.

Price, in a sealed envelope, only 4

cents, or two postage stamps.

The celebrated author in this admirable Essay, clearly demonstrates, from thirty years' Essay, clearly demonstrates, from thirty years successful practice, that alarming consequences may be radically cured without the dangerous use of internal medicines or the use of the knife; pointing out a mode of cure at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically.

This lecture should be in the hands of

every youth and every man in the land.
