NEW LAMP BURNS 94% AIR

Beats Electric or Gas

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. Burns 94% air and 6% common kerosene (coal oil).

The inventor, J. M. Johnson, 248 Craig St. W., Montreal, is offering to send a lamp on 10 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money, make \$250 to \$500 per month.

BERLIN OUTLINES POLICY ON RUHR

Berlin.—A semi-official statement referring to reports current in Paris of possible Franco-German negotiations makes it quite clear that no practical results can be obtained without the restoration of normal economic activity in the Ruhr, with amnesty and permission to those expelled to return, and that the administration must be placed in the hands of German officials and freedom of traffic between occupied and unoccupied Germany restored.

The statement declares that such conditions would permit reparations payments, commencing with the evacuation of the Ruhr, but that Germany can never agree to recognize in any form the legality of the occupation of the Ruhr.

RELIEVED RHEUMATISM TOO, SAYS CONTRACTOR

Thousands of people everywhere have learned of Tanlac through the statements of others and have taken the treatment with their splendid results that they in turn deem it only fair to relate their experience for the benefit of suffering humanity. Such is the case with L. Desormaux, well known Electrical Contractor, living at 1066 Berri St., Montreal, who says: "I couldn't do otherwise than publicly endorse Tanlac for I am lucky to find out about the medicine the same way myself. For nearly a year I suffered from indigestion and also rheumatism in my legs. About a month ago I was laid up in bed for two weeks with this rheumatism and a bad case of grippe. I lost about eight pounds and felt miserable. "Three bottles of the Tanlac treatment, besides greatly improving my rheumatism, has made my eating and digestion better than they ever were. I have regained my lost weight, and am feeling extremely well. Tanlac is great."

Tanlac is for sale by all good druggists. Accept no substitute. Over 37 million bottles sold.

Take Tanlac Vegetable Pills.

MRS. MISENER'S ACHEs AND PAINs

Vanished After Using Lydia E. Pinkham's Vegetable Compound

"Branchton, Ont.—"When I wrote to you for help my action was mostly prompted by curiosity. I wondered if I, too, would benefit by your medicine. It was the most profitable action I have ever taken, I heartily assure you, for through its results I am relieved of most of my sufferings. I have taken six boxes of Lydia E. Pinkham's Vegetable Compound Tablets and a bottle of Lydia E. Pinkham's Blood Medicine, and I can honestly say I have never been so well before. I had suffered from pains and other troubles since I was fifteen years old, and during the 'Great War' period I worked on munitions for two years, and in the heavy lifting which my work called for, I strained myself, causing pelvic inflammation from which I have suffered untold agony, and I often had to give up and go to bed. I had doctors for several years without getting permanent relief, when I started to take your medicines."

WOMAN THROWN THROUGH TWO WINDSHIELDS FROM REAR OF ONE CAR INTO FRONT SEAT IN OTHER

New Glasgow.—As a result of a head-on collision Sunday night, Mrs. Arbuckle, an aged woman belonging to Ponds, Pictou County, is lying in Aberdeen Hospital, New Glasgow, quite seriously injured, and several others have sustained minor injuries and severe shocks.

A Ford car, driven by Arbuckles, and a car belonging to Stellarton, driven by a Mr. Fraser, collided, and so great was the impact of the shock that Mrs. Arbuckle, in the rear seat of the Ford, was hurled through the windshield of both cars and landed in the front seat of the opposite automobile.

Sandy Arbuckle, as a result of the accident, has several ribs broken and a Mr. Ling, of Stellarton, sustained a dislocated shoulder. The Ford was completely smashed while the other car is badly damaged.

It appears that Mr. Fraser was standing on the side of the road, waiting for another car to pass, when the Ford came along at a high rate of speed and smashed into the big car.

THE HIGH COST OF GOVERNMENT

From time to time I have taken occasion to refer to the frenzied finance indulged in by our various Provinces. For a long period most of them have been living beyond their means, spending more money than is good for them, and a great deal more than their resources justify. I have before me an interesting document bearing upon this situation, the dangers of which we must sooner or later realize. The Citizens' Research Institute of Canada, an organization by the way, which is a quiet, unobtrusive manner is doing much to make us see the follies of finance as applied to taxation and expenditure, has gone to much pains to make the situation clear. These figures show that only two provinces out of nine are paying their way, Quebec and Prince Edward Island; the remainder leaning upon credit, in order to meet their financial obligations.

For instance, in 1921 British Columbia gathered in from various sources of taxation \$31.61 per capita and expended \$38.64. Alberta's revenue was \$14.41 per capita and the expenditure was \$17.93 per capita. Saskatchewan spent \$18.10 per person and took in over the counter \$13.22. Manitoba's expenditure was \$15.03 per capita and the revenue \$14.06. Ontario, aside from all hydro-electric undertakings which are not included as presumably expenditures in this line are counterbalanced by revenues received, spent \$8.99 per capita and received through various taxable sources \$8.38. Quebec, where the balance is on the right side, the expenditure was \$6.22 per capita and receipts \$6.74. The revenue from the sale of liquor is not included in these figures, else the showing would have been even better. New Brunswick expended \$9.23 per capita and received \$7.92. Nova Scotia did a little better as the expenditure is shown to be \$8.68 per capita and the revenues \$7.65. Prince Edward Island, where they also balance their budget, took in \$8.64 per capita and expended \$8.31.

It is obvious that seven out of the nine Provinces have got to mend their ways. They must either load their people with greater taxation, which is not to be desired, or cut down expenses. The increased cost of government over a period of years has been such that one must view it with more or less alarm. For instance, the per capita increase in Ontario, comparing 1918 with 1921, was 56 per cent., while the biggest sinner was Manitoba with an increase of 74 per cent. over the same period. On the other hand Quebec's expenditure in 1921 was only 13 per cent. greater than in 1918. The provincial debt charges, that is to say interest and sinking funds, are growing out of all proportion to the increase in population, and this is particularly noticeable in the younger provinces west of the Great Lakes and in New Brunswick. For instance, in British Columbia debt charges amount to \$8.57 per capita, in Alberta \$3.30, Saskatchewan \$2.78, Manitoba \$3.01, New Brunswick \$3.29, Nova Scotia \$2.16, Ontario \$1.46, Quebec \$1.03 and Prince Edward Island \$0.79.

Our governments, Provincial and Federal, must stop wasting and retrench. We are suffering from the cost of high living, and it is time that we stopped "stepping on the gas"—Saturday Night.

MILLION POUNDS OF MACKEREL

Gloucester Record For Day's Receipts Broken—Boston Close Second.

Boston.—An unprecedented run of mackerel for so late in the season resulted in 974,000 pounds of the fish being brought into this port Tuesday by forty-three vessels, a record for one day's receipts. The catch went at low prices and a large proportion of it was sold to splitters.

Gloucester, Mass.—This fishing port saw its own record for receipts of mackerel shattered Tuesday night when a total of a million pounds of the fish had been landed. Through-
