AS AN AID to internal remedies
for skin diseases, Dr. Low's Sulphur
Soap proves very valuable.

Rheumatism 27/52 and Neuralgia

These twin diseases cause untold suffering. Doctors admit that they are difficult to cure—so do their patients. Paine's Celery Compound has permanently cured the worst cases of rheumatism and neuralgia—so say those who have used it.

After suffering with chronic rheumatism for several years, I was induced to try Paine's Celery Compound, and after using two bottles found myself greatly improved. In fact, after using three bottles, have not felt any rheumatism. Can conscientiously recommend it. Yours very truly,
MRS. P. COWAN, COWANVILLE, P. Q.

Paine's Celery Compound

"I have been greatly afflicted with acute rheumatism, and could find no relief until I used Paine's Celery Compound. After using six bottles of this medicine, I am now cured of rheumatic troubles."
SAMUEL HUTCHINSON, So. Cornish, N. H.

Effects Lasting Cures.

Paine's Celery Compound has performed many other cures as marvelous as these. Copies of letters sent to any address. Pleasant to take, does not disturb, but aids digestion, and entirely vegetable; a child can take it. What's the use of suffering longer with rheumatism or neuralgia?

32/52 CATARRH.

A New Home Treatment for the Cure of Catarrh, Catarrhal Deafness, and Hay Fever.

The microscope has proved that these diseases are contagious, and that they are due to the presence of living parasites in the lining membrane of the upper air passages and ostacilian tubes. The eminent scientists—Tyndall, Huxley and Boale—endorse this, and these authorities cannot be disputed. The regular method of treating these diseases is to apply an irritant remedy weekly and even daily, thus keeping the delicate membrane in a constant state of irritation, accompanied by violent sneezing, allowing it no chance to heal and as a natural consequence of such treatment not one permanent cure has ever been recorded. It is an absolute fact that those diseases cannot be cured by an application made oftener than once in two weeks, for the membrane must get a chance to heal before any application is repeated. It is now seven years since Mr. Dixon discovered the parasite in catarrh and formulated his new treatment, and since then his remedy has become a household word in every country where the English language is spoken. Cures effected by him seven years ago are cures still, those having been no return of the disease. So high are these remedies valued, and so great is the demand for them, that ignorant imitators have started up everywhere, pretending to destroy a parasite—of which they know nothing—by remedies the results of the application of which they are equally ignorant. Mr. Dixon's remedy is applied only once in two weeks, and from one to three applications effect a permanent cure in the most aggravated cases. N.B.—For catarrhal troubles peculiar to females this remedy is a specific. Mr. Dixon sends a pamphlet describing his new treatment on the receipt of ten cents in stamps. The address is A. H. Dixon & Son, 303 King Street West, Toronto, Canada.—Scientific American.

There are many Cough Mixtures, but only one Cough Syrup; try it.

CARPETS.—After shaking the carpets thoroughly and tacking them in place, go over them with a cloth wrung from water with a little ammonia in it. If there are spots on the carpet, scrub them with ox-gall and water. The carpet in an invalid's room may be quite well cleansed by being wiped with a cloth wrung from clear water.

THE PERFUMER.—Be especially to be at once the most delicate and most enduring—"Lotus of the Nile."

IN HABITUAL CONSTIPATION Campbell's Cathartic Compound is used with great success.

VEGETABLE PURKE.—One small onion, a little celery, one carrot, half a turnip, two table-spoonsful of mashed or cold boiled potatoes, one-half cup cold boiled rice, one large spoon of butter. Melt the butter, in which brown the carrot and onion cut in thin slices, cut the turnip in pieces, and put with it the other vegetables in a stew pan covered with a quart of cold water, and simmer over a moderate fire till tender. Then add the rice and potatoes, and press all through a fine sieve with a potato masher. Put it back in the soup kettle and rub together one table-spoonful of butter with two of corn starch, add to the puree and stir till boiled. Serve hot. This dish, though a little troublesome to make, will be found delightful.

The Difficulty Experienced in taking Cod Liver Oil is entirely overcome in Scott's Emulsion of Cod Liver Oil and Hypophosphites. It is the most valuable remedy that has ever been produced for the cure of Consumption, Scrophula and Wasting Diseases. Do not fail to try it. Put up in 5c. and \$1 size.

A Million Cooks Wanted in Canada to use Imperial Cream Tartar Baking Powder. It is perfect, and far superior to all others.

I consider WISTAR'S BALM OF WILD CHERRY the most valuable preparation in the market for the cure of coughs, colds and diseases of the throat, lungs and chest. I have sold thousands of bottles, and, so far as I know, it has always given satisfaction.—I. N. THORN, Brattleboro', Vt.

CRUMPETS.—Scald one pint of milk, add four ounces of butter and stand aside until lukewarm, then add one teaspoonful of salt, one of sugar, and sufficient flour to make a rather thick batter, about three cupfuls (1 1/2 pints). Beat continuously for five minutes, add half cup of yeast or a half compressed cake, dissolved in a half cup of lukewarm water, beat again, cover and stand in a warm place for two and a half or three hours. Put the griddle where it will warm very slowly, and when the crumpets are light, put it over a hotter part of the fire. Grease large tin rings (crumpet rings), stand them on the griddle, half fill them with the batter, bake slowly until a light brown, turn them ring and all, bake a moment, then remove the rings and finish the cooking over a very slow fire. Fifteen minutes should be sufficient time to thoroughly bake them.

STRAWBERRY SHORT CAKE.—To make strawberry short cake, with one quart of sifted flour mix thoroughly two teaspoonfuls of baking powder, rub in a piece of butter the size of an egg, add a little salt and fresh milk to form a soft dough. Divide the dough into two pieces, and roll each piece out and place this in a pan with the other on top of it. Bake fifteen or twenty minutes. Have ready two quarts of fine, fresh strawberries, split the cake, which will be easy, as the under layer was buttered, place half the strawberries between, and cover thickly with white sugar and cream; put the other half on top and cover in the same way; serve as soon as done. The dough may be cut in four pieces and baked in two pans instead of one, if desired.
